Expenditure Reviews Huihui Wang,Kyoko Shibata Okamura,Ali Winoto Subandoro,Yurie Tanimichi Hoberg,Mamata

Ghimire,2022-05-24 Nutrition investments affect human capital formation which in turn affects economic growth

Malnutrition is intrinsically connected to human capital undernutrition contributes to nearly half of child mortality and stunting reduces productivity and earnings in adulthood Improving nutrition requires a multisectoral effort but it is difficult to identify and quantify the basic financing parameters as used in traditional sectors What is being spent and by whom and on what To address these questions nutrition public expenditure reviews NPERs determine the level of a country s overall nutrition public spending and assess whether its expenditure profile will enable the country to realize its nutrition goals and objectives When done well NPERs go beyond simply quantifying how much is spent on nutrition they measure how well money is being spent to achieve nutrition outcomes and identify specific recommendations for improvement A Guiding Framework for Nutrition Public Expenditure Reviews presents the key elements of an NPER and offers guidance practical steps and examples for carrying out an NPER The book draws upon good practices from past NPERs as well as common practices and expertise from public expenditure reviews in other sectors This handbook is intended for practitioners who are tasked with carrying out NPERs Other target audiences include country nutrition policy makers development partner officials government technical staff and nutrition advocates The book presents data and analytical challenges faced by previous NPER teams and lays out the kinds of analyses that past NPERs have been able to carry out and those that they were unable to perform because of data or capacity constraints It concludes with further work needed at the global and country levels to create the conditions necessary to conduct more comprehensive NPERs

Reinventing Foreign Aid William R. Easterly,2008-05-09 Top experts in the field discuss how to improve the effectiveness of foreign aid proposing practical solutions to specific problems rather than a utopian master plan

The urgency of reducing poverty in the developing world has been the subject of a public campaign by such unlikely policy experts as George Clooney Alicia Keyes Elton John Angelina Jolie and Bono And yet accompanying the call for more foreign aid is an almost universal discontent with the effectiveness of the existing aid system In *Reinventing Foreign Aid* development expert William Easterly has gathered top scholars in the field to discuss how to improve foreign aid These authors Easterly points out are not claiming that their ideas will to invoke a current slogan Make Poverty History Rather they take on specific problems and propose some hard headed solutions Easterly himself in an expansive and impassioned introductory chapter makes a case for the searchers who explore solutions by trial and error and learn from feedback over the planners who throw an endless supply of resources at a big goal as the most likely to reduce poverty Other writers look at scientific evaluation of aid projects including randomized trials and describe projects found to be cost effective including vaccine delivery and HIV education consider how to deal with the government of the recipient state work through it or bypass a possibly dysfunctional government examine the roles of the International Monetary Fund a de facto aid provider and the World Bank and analyze some new and innovative proposals for distributing aid Contributors Abhijit Banerjee Nancy Birdsall Craig Burnside Esther Duflo Domenico Fanizza William Easterly Ruimin He Kurt Hoffman Stephen Knack Michael Kremer Mari Kuraishi Ruth Levine Bertin Martens John McMillan Edward Miguel Jonathan Morduch Todd Moss Gunilla Pettersson Lant Pritchett Steven Radelet Aminur Rahman Ritva Reinikka Jakob Svensson Nicolas van de Walle James Vreeland Dennis Whittle Michael Woolcock

Foreign Aid for Development George Mavrotas, 2010-02-25 Foreign aid is one of the few topics in the development discourse with such an uninterrupted yet volatile history in terms of interest and attention from academics policymakers and practitioners alike Does aid work in promoting growth and reducing poverty in the developing world Will a new big push approach accelerate progress towards the Millennium Development Goals or will another opportunity be missed Can the lessons of almost half a century of aid giving be learnt These are truly important questions in view of the emerging new landscape in foreign aid and recent developments related to the global financial crisis which are expected to have far reaching implications for both donors and recipients engaged in this area Against this shifting aid landscape there is a pressing need to evaluate progress to date and shed new light on emerging issues and agendas This volume brings together leading aid experts to review the progress achieved so far identify the challenges ahead and discuss the emerging policy agenda in foreign aid A central conclusion of this important and timely volume is that since development aid remains crucial for many developing countries a huge effort is needed from both donors and aid recipients to overcome the inefficiencies and make aid work better for poor people After all as global citizens we have a moral obligation to do the best we can to lift people out of poverty in the developing world The findings of this book will be of considerable interest to professionals and policymakers engaged in policy reforms in foreign aid and provide an essential one stop reference for students of development international finance and economics

Securing Development Bernard Harborne, William

Dorotinsky, Paul M. Bisca, 2017-03-01 *Securing Development Public Finance and the Security Sector* highlights the role of public finance in the delivery of security and criminal justice services This book offers a framework for analyzing public financial management financial transparency and oversight as well as expenditure policy issues that determine how to most appropriately manage security and justice services The interplay among security justice and public finance is still a relatively unexplored area of development Such a perspective can help security actors provide more professional effective and efficient security and justice services for citizens while also strengthening systems for accountability The book is the result of a project undertaken jointly by staff from the World Bank and the United Nations integrating the disciplines where each institution holds a comparative advantage and a core mandate The primary audience includes government officials bearing both security and financial responsibilities staff of international organizations working on public expenditure management and security sector issues academics and development practitioners working in an advisory capacity *Resources in*
