**Everest and Chips** Robert Hull,2002 If you like playing with words or yodelling or rumbling tums or wondering how the world began or even if you just like chips then here is a book full of wonderful magical funny serious spine tingling poems for you From the brilliant poet Robert Hull poems on a wide range of subjects and in all sorts of moods imaginatively illustrated throughout by Matt Kenyon Poetry - From Reading to Writing Robert Hull,2009-12-04 Poetry from reading to writing covers the process of writing a poem with pupils in key stage two from reading examples right through to writing their own piece *Modern Poetry in Translation* ,2006 Leoneanthology: Contemporary Short Stories and Poems from Sierra Leone Hallowell, Gbanabom,2016-03-29 It is acknowledged that creative writing anywhere remains a rather intensely personal affair without being private And indeed it is because of the lack of privacy in creative writing that a nation should encourage the growth of its literary tradition Writers do not just tell their stories or poets show their emotions in their moods they assume a multidimensional posture so as to be able to tell universally acceptable stories to appeal to different human senses The contributors to this anthology are mostly first time writers whose works have not appeared in mainstream literary journals and publications While a few names among these contributors may be known in the local Sierra Leonean literary circles as having produced one kind of work or the other their names are largely unknown outside of Sierra Leone This situation has to change and is the reason that Leoneanthology has been compiled and published *The Chip* T.R. Reid,2007-12-18 Barely fifty years ago a computer was a gargantuan vastly expensive thing that only a handful of scientists had ever seen The world s brightest engineers were stymied in their quest to make these machines small and affordable until the solution finally came from two ingenious young Americans Jack Kilby and Robert Noyce hit upon the stunning discovery that would make possible the silicon microchip a work that would ultimately earn Kilby the Nobel Prize for physics in 2000 In this completely revised and updated edition of *The Chip* T R Reid tells the gripping adventure story of their invention and of its growth into a global information industry This is the story of how the digital age began After-images David Constantine,Helen Constantine,2006 Features writing that is in one sense or another a reflection or lingering effect of poets and artists who have gone before **Poems On The Bus** Richard Archer,2016-09-11 Poems on the Bus is the third collection of poetry from Richard Archer The poems in this book came to life on the bus from Walsall to Birmingham and back again Much to the surprise of the fellow passengers Inside discover the perils of commuting in sub zero conditions and just what might have been the contents of your school dinner Read on and discover why people don t queue for the bus anymore and the secret fate that befell your favourite childhood pets This is a collection of poetry that can be enjoyed on your journey to work at home or with a glass of your favourite tippie in the pub **Henry 'Chips' Channon: The Diaries (Volume 2)** Chips Channon,2021-09-09 The second volume of the remarkable Sunday Times bestselling diaries of Chips Channon A masterpiece a time machine that transports the reader back to British politics and high society at the end of the 1930s

Robert Harris The uncensored unvarnished thought of one of the 20th century's greatest diarists Best Biographies of the Year Telegraph An unrivalled guide to the social and political life of Britain in the first half of the 20th century Books of the Year The Times Fascinating New Statesman Never a dull day never a dull sentence Daily Mail

This second volume of the bestselling diaries of Henry Chips Channon takes us from the heady aftermath of the Munich agreement when the Prime Minister so admired by Chips was credited with having averted a general European conflagration through the rapid unravelling of appeasement and on to the tribulations of the early years of the Second World War It closes with a moment of hope as Channon in recording the fall of Mussolini in July 1943 reflects The war must be more than half over For much of this period Channon is genuinely an eye witness to unfolding events He reassures Neville Chamberlain as he fights for his political life in May 1940 He chats to Winston Churchill while the two men inspect the bombed out chamber of the House of Commons a few months later From his desk at the Foreign Office he charts the progress of the war But with the departure of his boss Rab Butler to the Ministry of Education and Channon's subsequent exclusion from the corridors of power his life changes and with it the preoccupations and tone of the diaries The conduct of the war remains a constant theme but more personal preoccupations come increasingly to the fore As he throws himself back into the pleasures of society he records his encounters with the likes of Noël Coward Prince Philip General de Gaulle and Oscar Wilde's erstwhile lover Lord Alfred Douglas He describes dinners with members of European royal dynasties and recounts gossip and scandal about the great the good and the less good And he charts the implosion of his marriage and his burgeoning passionate friendship with a young officer on Wavell's staff These are diaries that bring a whole epoch vividly to life
