Iran The People:

Iran the People April Fast,2005 The vast majority of Iranians are descended from the Aryans Asian peoples who settled in what became known as Persia Iran the people follows the history of this ancient land from the height of the Persian Empire through the Muslim conquest in the mid 600s and the Revolution of 1979 Interesting photographs detail how today s Islamic Republic influences the daily lives of Iranians especially in education and the role of women **Iran: Reality, Options, and Consequences. Iran April Fast,Bobbie Kalman,2005-03-01 Offers a history of the people of Iran and describes daily life in the cities and rural areas education and favorite foods of Iran *Postrevolutionary Iran* Mehrzad Boroujerdi,Kourosh Rahimkhani,2018-06-05 The 1979 revolution fundamentally altered Iran s political landscape as a generation of inexperienced clerics who did not hail from the ranks of the upper class and were not tainted by association with the old regime came to power The actions and intentions of these truculent new leaders and their lay allies caused major international concern Meanwhile Iran s domestic and foreign policy and its nuclear program have loomed large in daily news coverage Despite global consternation however our knowledge about Iran s political elite remains skeletal Nearly four decades after the clergy became the state elite par excellence there has been no empirical study of the recruitment composition and circulation of the Iranian ruling members after 1979 Postrevolutionary Iran A Political Handbook provides the most comprehensive collection of data on political life in postrevolutionary Iran including coverage of 36 national elections more than 400 legal and outlawed political organizations and family ties among the elite It provides biographical sketches of more than 2 300 political personalities ranging from cabinet ministers and parliament deputies to clerical judicial and military leaders much of this information previously unavailable in English Providing a cartography of the complex structure of power in postrevolutionary Iran this volume offers a window not only into the immediate years before and after the Iranian Revolution but also into what has happened during the last four turbulent decades This volume and the data it contains will be invaluable to policymakers researchers and scholars of the Middle East alike [Human Rights in Iran](#) United States. Iran's Foreign Policy Masoud Kazemzadeh,2020-11-25 This book analyzes both domestic and international factors that have influenced Iran s foreign policy since 1979 It looks not only at the perspectives of the ruling elite but also of civil society and opposition groups Furthermore it also analyzes the interactions among Iran s policies and those of regional and global powers Since the 1979 revolution Iran s foreign policy has appeared both threatening and puzzling Some have described it as ideological whereby the regime has been attempting to export its Islamist rule to neighbouring countries and challenging the international order Others consider Iran s foreign policy to be primarily pragmatic concerned with survival of the regime and expanding its power not unlike other powers in the system This book attempts to go deeper than most conventional analyses

It demystifies Iran's foreign policy by describing in great detail foreign policy decision making in Iran. Iran is not a one man dictatorship. Rather it is rule by an oligarchy of Shia fundamentalists. The regime's ideology has not been cohesive nor has it remained consistent in the past 41 years nor all members of the ruling oligarchy have articulated an identical version of it. The book describes foreign policies of various factions and their leading figures as well as analysing their evolutions since 1979. It explains how various intra elite configurations of power have influenced the regime's foreign policy regarding the nuclear weapons program and the relations with the United States. Iran's Foreign Policy Elite Factionalism Ideology the Nuclear Weapons Program and the United States adds fresh and critical perspectives on scholarly and policy debates on Iran's foreign policy. The chapters in this book were originally published in the following journals: Comparative Strategy, American Foreign Policy Interests and the Terrorism Law Report.

Islamic Republic of Iran's Foreign Policy in the South Caucasus Shabnam Dadparvar, 2023-10-09. This book delves into the connections between the Islamic Republic of Iran and the countries of the southern Caucasus region following the 1979 revolution. It focuses on their political, economic and cultural interactions and elaborates on Iran's foreign policy principles, discourses and significant decision making institutions. It also addresses the process of nation state building in the southern Caucasus, the challenges involved and the geopolitical and strategic importance of this area for Iran. Factors influencing the relations are scrutinised alongside an evaluation of the proposed accession of the Republic of Azerbaijan into Iran based on insights from Hashemi Rafsanjani's diary. The work further investigates the legal framework of the Caspian Sea and Aras River, examines the strategic implications of the 2020 Nagorno Karabakh conflict for Iran and other relevant actors and analyses the repercussions of the Ukraine war on transportation routes. This book will help researchers of the Middle East and the Caucasus better understand Iran's relations with the region.

Examining the nature of relations between Iran and Palestine, this book investigates the relationship between state and authorities in the Middle East. Analysing the connections of the Iranian revolutionary movements, both the Left and the Islamic camps, perspectives are scrutinized. To provide a historical background to the post revolutionary period, the genealogy of pro Palestinian sentiments before 1979 are traced. Additionally, demonstrating the pro Palestinian stance of post revolutionary Iran, the study focuses on the causes and roots of the ideological outlook and the interest of the state. Despite a growing body of literature on the Iranian Revolution and its impacts on the region, Iran's connection with Palestine have been overlooked. This new volume fills the gap in the literature.

and enables readers to unpack the history of the two states This unique and comprehensive coverage of Iran and Palestine s relationship is a key resource for scholars and students interested in international relations politics Islamic and Middle East studies *Public Papers of the Presidents of the United States, George W. Cordesman,Martin Kleiber,2007-09-30 Nations around the world are uncertain and anxious about Iran s intentions in the Middle East and the wider global arena Its current president Mahmoud Ahmadinejad has made no secret of his opposition to Western society particularly Israel and his desire to acquire nuclear weapons However as Anthony H Cordesman and Martin Kleiber point out Ahmadinejad does not necessarily speak for the Iranian clerical regime who operate in a cloud of secrecy and also directly control Iran s military Given the ambiguous nature of Iran s global objectives this new study focuses on the tangible aspects of Iran s military forces and takes an objective look at the realistic threats that Iran poses to the region and the world The authors systematically assess each aspect of Iranian military forces from their conventional armies to their asymmetric threat via proxy wars in the region Much attention in national security debates is paid to Iran s intentions without first understanding its capabilities Lacking such a fundamental understanding much of this speculation tends to be wasted and irrelevant to what could actually happen in the event of a conflict Cordesman and Kleiber s study provides in meticulous detail a basis for understanding the realistic threat that Iran poses to the Northern Gulf **Encyclopedia of Women & Islamic Cultures** Suad Joseph,Afsāna Naǧmābādī,2003 Family Body Sexuality and Health is Volume III of the Encyclopedia of Women Islamic Cultures In almost 200 well written entries it covers the broad field of family body sexuality and health and Islamic cultures **Iran's Political/ Nuclear Ambitions and U.S. Policy Options** United States. Saleem Kidwai,2010-05-10 By all accounts the overall relationship between the US and the Muslim world is marked by confrontation at several levels In the aftermath of 9 11 a great deal needs to be done to build bridges between America and the Muslim world A broad and immediate shift in America s policies towards the Muslim world is necessary What is the appropriate paradigm for the war on terrorism How should the US now deal with authoritarian regimes considered its traditional allies in the Muslim world How

should the US deal with civil society opposition parties and other Islamist groups often located within these friends and allies How can the US maintain a close alliance with Israel while still continuing positive relations with Muslim states and movements US Policy Towards the Muslim World seeks to find answers to these and similar questions The volume is comprised of fourteen contributions from specialists in the field It is a serious attempt to address and analyze key factors affecting US interests and suggests measures for the US policy makers The main objective is to provide a policy framework that will enable the US to face the challenges posed and opportunities thrown open in the Muslim world *Containing Iran* Sasan Fayazmanesh, 2013-11-13 Since the 1979 Revolution in Iran and the end of a close relationship between the US and the Shah successive American administrations including the Obama Administration have tried to contain Iran by various means particularly sanctions and military threats Even though President Obama came to office promising to engage Iran in reality his administration has followed the policy of tough diplomacy which has included among other acts imposing draconian sanctions against Iran Following the author's earlier book on the history of containment of Iran and Iraq the current book examines closely the Obama Administration's policy toward Iran as well as the role played by Israel the European Union and the International Atomic Energy Agency IAEA in the implementation of this policy Specifically it is argued that the policy of tough diplomacy designed mostly by those associated with the Israeli lobby groups was intended to give an ultimatum to Iran in some direct meetings telling Iran to either accept the US Israeli demands or face aggression The meetings were also intended to create the illusion of engaging Iran in order to gain international support for aggressive actions Barack Obama announced this policy in his speeches as a Senator particularly at the American Israel Public Affairs Committee policy conferences After he became president in 2008 the policy of aggressive diplomacy was put in motion While pretending to engage Iran in diplomacy the Obama Administration in coordination with the US Congress and the government of Israel pushed for the most confrontational IAEA reports on Iran and an unprecedented set of unilateral and multilateral sanctions The US and Israel also engaged in a campaign of military threats sabotage and assassination of Iranian nuclear scientists Yet after four years of hostilities the policy of tough diplomacy failed to achieve many of its goals and failed to contain Iran
