## **Iranian Odybey:**

**The Unthinkable Revolution in Iran** Charles Kurzman, 2005-09-06 The shah of Iran Mohammad Reza Pahlavi would remain on the throne for the foreseeable future This was the firm conclusion of a top secret CIA analysis issued in October 1978 One hundred days later the shah despite his massive military fearsome security police and superpower support was overthrown by a popular and largely peaceful revolution But the CIA was not alone in its myopia as Charles Kurzman reveals in this penetrating work Iranians themselves except for a tiny minority considered a revolution inconceivable until it actually occurred Revisiting the circumstances surrounding the fall of the shah Kurzman offers rare insight into the nature and evolution of the Iranian revolution and into the ultimate unpredictability of protest movements in general As one Iranian recalls The future was up in the air Through interviews and eyewitness accounts declassified security documents and underground pamphlets Kurzman documents the overwhelming sense of confusion that gripped pre revolutionary Iran and that characterizes major protest movements His book provides a striking picture of the chaotic conditions under which Iranians acted participating in protest only when they expected others to do so too the process approaching critical mass in unforeseen and unforeseeable ways Only when large numbers of Iranians began to think the unthinkable in the words of the U S ambassador did revolutionary expectations become a self fulfilling prophecy A corrective to 20 20 hindsight this book reveals shortcomings of analyses that make the Iranian revolution or any major protest movement seem inevitable in retrospect

**Tribeswomen of Iran** Julia Huang, 2014-09-19 Since the revolution in 1979 the Islamic Republic of Iran has permitted very few Western scholars to conduct research in the country Foreign travellers and media persons have limited access and much Iranian scholarship tends to focus on the realms of politics and government Here Julia Huang provides a remarkable account of local tribal Iranian life offering a rare glimpse into the daily rhythms and social richness beyond the capital city of Tehran The Qashqa i are a confederation of nomadic tribes of which the Qermezi Red Ones are one migrating semiannually between winter pastures near the Persian Gulf and summer pastures southwest of the city of Isfahan Huang has visited and traveled with the Qermezi for extended periods across fourteen years Drawing on her experiences participation and observation she offers an intimate window onto their life She focuses on a small group of women spanning four generations who are part of a large extended family and describes their ways of life their activities and interactions and their distinctive sociocultural and ecological setting Like other nomadic peoples around the world the Qashqa i increasingly face pressures that threaten their livelihoods lifestyles and culture Huang shows us how women negotiate compromises between customary tribal values and external influences and sketches their efforts to resist the influences of an Islamizing modernizing and centralizing government With shadows and resonances that rebound across the stories of these women Huang is able to present multiple perspectives on events and contentious issues for instance the politicized issue of women s state mandated modest dress Huang also explains how the Turkic speaking Qashqa i relate to the wider Iranian society and

the Islamic Republic of Iran adapting to a rapidly changing world while retaining tribal values and a distinctive ethnolinguistic identity as one of Iran's national minorities. In describing life at the local level in Iran, Huang depicts a community largely beyond the scope and reach of foreign travellers and the Western media. With rich ethnographic description and analysis, intimate portraits of the private lives and spaces of women and children, and diverse perspectives, this engagingly written account documents a disappearing way of life. *Tribeswomen of Iran* is essential reading for all those interested in Iran, the Middle East, anthropology, nomadism, and gender. *The Soul of Iran: A Nation's Struggle for Freedom* Afshin Molavi, 2010-07-12. The truths about Iran quite different from versions put forward by Washington, Tehran, and the media. Iran thundered onto the world stage in 1979 with an Islamic revolution that shook the world. Today that revolution has gone astray; a popular democracy movement boldly challenges authority, and young Iranians are more interested in moving to America than in chanting 'Death to America.' Afshin Molavi, born in Iran and fluent in Persian, traveled widely across his homeland exploring the legacy of the Iranian revolution and probing the soul of Iran, a land with nearly three millennia of often glorious history. Like a master Persian carpet maker, Molavi weaves together threads of rich historical insight, political analysis, cultural observation, and the daily realities of life in the Islamic Republic to produce a colorful, intricate, and mesmerizing narrative. Originally published in hardcover under the title *Persian Pilgrimages*, this paperback edition is revised with a new introduction and epilogue. *The Literature of the Iranian Diaspora* Sanaz Fotouhi, 2015-04-03. The 1979 Revolution in Iran caused the migration of millions of Iranians, many of whom wrote and are still writing of their experiences. Formed at the junctions of Iranian culture, English language, and Western cultures, this body of work has not only formed a unique literary space offering an insightful reflection of Iranian diasporic experiences and its shifting nature, but it has also been making a unique and understudied contribution to World Literatures in English as significant as Indian, African, and Asian writing in English. Sanaz Fotouhi here traces the origins of the emerging body of diasporic Iranian literature in English and uses these origins to examine the socio-political position and historical context from which they have emerged. Fotouhi brings together, introduces, and analyses for the first time a significant range of diasporic Iranian writers alongside each other and alongside other diasporic literatures in English. While situating this body of work through existing theories such as postcolonialism, Fotouhi sheds new light on the role of Iranian literature and culture in Western literature by showing that these writings distinctively reflect experiences unique to the Iranian diaspora. Analysing the relationship between Iranians and their new surroundings by drawing on theories of migration, narration, and identity, Fotouhi examines how the literature borne out of the Iranian diaspora reconstructs, maintains, and negotiates their individual and communal identities and reflects today's socio-political realities. This book will be vital for researchers of Middle Eastern literature and its relationship with writings from the West, as well as those interested in the cultural history of the Middle East. **Foucault in Iran, 1978-1979** Johann Beukes, 2020-12-31. In 1978 Michel Foucault went to Iran as a distinguished intellectual but novice

political journalist controversially reporting on the unfolding revolution undeniably compromising and wounding his reputation in the European intellectual community Given the revolution's bloody aftermath and its violent theocratic development is Foucault's Iranian expedition simply to be understood as a critical error in judgement with disastrous consequences for his legacy What exactly did Foucault hope to achieve in Iran in 1978-1979 explicitly supporting the cause of the revolting masses and effectively isolating himself from the European intellectual community and the Western liberal tradition The book investigates this open nerve in the Foucault scholarship by interpreting Foucault's primary texts from this period commenting on the various positions in the scholarship over the past three decades and eventually proposes that Foucault's mistake resulting from his self-consciousness and uncertainty was indeed a highly philosophical endeavour but was completely misinterpreted by his contemporaries and even his most noteworthy biographers The issue of Foucault's involvement in Iran is still a relatively unexplored theme in Foucault research and one that is actually bypassed by the majority of Foucault scholars since the general view is that it was a breathtaking mistake comparable to Heidegger's flirtation with National Socialism This book will provide value and advance knowledge in this area firstly by presenting the three concepts that are in my opinion key to understand Foucault's involvement in the Iranian revolution Otherness Present history and Political spirituality Secondly by providing a thorough overview of what really happened in Iran after Foucault arrived in Tehran in September 1978 and what really happened was not conforming to the West's idea of progression but an Iranian idea of progression on its own terms Thirdly by disseminating Foucault's reports back to France in a detailed and forensic fashion Fourthly by providing a solid overview of the interpretations on this issue however reluctant and scarce from the scholarship over the past three decades Fifthly by presenting Foucault's involvement in the Iranian revolution not as a mistake or a critical error in judgement but as a deeply philosophical position that actually corresponds to many of Foucault's theoretical positions on power death madness uncertainty spirituality Orientalism and Otherness preceding the revolution in Iran The detailed historical overview of Foucault's involvement in the Iranian revolution the responsible and non-polemical overview of the scholarship's attempts to deal with the issue and the author's original interpretation and presentation of the legitimacy of Foucault's presence in Iran from September 1978 to April 1979 In an age where it has become urgent to reinterpret both Shia and Sunni legacies within the context of radicalised Islam the book argues for a Foucaultian recognition of the Orient Other as nothing more than An Other Self
