Irans Revolutionary Upheaval:

Iran's Revolutionary Upheaval Sepehr Zabih, 1979 **Iran's Revolutionary Upheaval** Sepehr Zabih, 1979 *The Unthinkable Revolution in Iran* Charles Kurzman, 2005-09-06

The shah of Iran Mohammad Reza Pahlavi would remain on the throne for the foreseeable future. This was the firm conclusion of a top secret CIA analysis issued in October 1978. One hundred days later the shah despite his massive military fearsome security police and superpower support was overthrown by a popular and largely peaceful revolution. But the CIA was not alone in its myopia as Charles Kurzman reveals in this penetrating work. Iranians themselves except for a tiny minority considered a revolution inconceivable until it actually occurred. Revisiting the circumstances surrounding the fall of the shah, Kurzman offers rare insight into the nature and evolution of the Iranian revolution and into the ultimate unpredictability of protest movements in general. As one Iranian recalls, "The future was up in the air." Through interviews and eyewitness accounts, declassified security documents and underground pamphlets, Kurzman documents the overwhelming sense of confusion that gripped pre-revolutionary Iran and that characterizes major protest movements. His book provides a striking picture of the chaotic conditions under which Iranians acted, participating in protest only when they expected others to do so, too. The process, approaching critical mass in unforeseen and unforeseeable ways. Only when large numbers of Iranians began to think the unthinkable in the words of the U.S. ambassador did revolutionary expectations become a self-fulfilling prophecy. A corrective to 20/20 hindsight, this book reveals shortcomings of analyses that make the Iranian revolution or any major protest movement seem inevitable in retrospect.

The Making Of Iran's Islamic Revolution Mohsen M. Milani, 2018-03-09. In this fully revised and expanded second edition, Dr. Milani offers new insights into the causes and profound consequences of Iran's Islamic Revolution. Drawing on dozens of personal interviews with the officials of the Islamic Republic and on recently released documents, he presents a provocative analysis of the dynamics and characteristics of factional politics in Islamic Iran. Among the new issues covered are the events leading up to the Tehran hostage crisis, Ayatollah Khomeini's life and writings, President Rafsanjani's activities against the Shah, Rafsanjani's recent reforms, Iran's involvement in the Kuwaiti crisis, and the domestic and foreign policy challenges facing Iran in the post-Cold War era. The second edition is specifically revised for use as a text for courses dealing with Iran, the Middle East, and revolutionary movements.

Iran Since the Revolution (RLE Iran D) Sepehr Zabir, 2012-04-27. Since the turn of the century, Iran has experienced three major political upheavals in the struggle to democratize her political systems. The last revolution inaugurated an era of unprecedented turmoil and, instead of fulfilling its democratic aim, paved the way for an even more despotic theocracy. To put the revolution in a proper perspective, some attempt is made to explain the reasons for Khomeini's success in acquiring first the symbolic leadership of the anti-Shah revolution and then the monopolistic control of power in Iran. How and why the other claimants to power were shunted aside and later brutally repressed is a further theme for discussion. The domestic and external ramifications of the revolution are

examined in detail in particular the rise of the anti American feeling which culminated in the hostage crisis In conclusion an analysis is offered of the instrumentalities of power available to the Islamic Republic and several scenarios are explored in which Iran s competing forces may converge to determine whether this third revolution will finally succeed in subordinating political authority to popular democratic consent The Iranian Military in Revolution and War (RLE Iran D) Sepehr Zahir,2012-04-27 This book is a fascinating critical examination of the characteristics and development of the armed forces in Iran their role under the Shah and their re creation in the war against Iraq as the fighting forces of Islam The author examines the contradictory accounts including the Shah s own Answer to History as well as newly available accounts by highly placed ex officials and interviews with exiled army officers He examines in detail the apparent shift of allegiance within the forces from the Shah to Imam and the ways in which this was accomplished Major Iranian offensives changing strategies from human wave assault to the Tankers War and the delicate balance between the regular Army and the Revolutionary Guards are also extensively examined The book concludes with an analysis of the potential role of the armed forces in a succession crisis *Iran's Political Economy since the Revolution* Suzanne Maloney,2015-08-20 This book provides a comprehensive overview of Iran s political economy since the 1979 revolution and examines the country s energy sector Contesting the Iranian Revolution Pouya Alimagham,2020-03-19 Examines the last forty years of Iranian and Middle Eastern history through the prism of the Green Uprisings of 2009 **The Islamic Revolution of Iran** ,2001

Revolution in Iran Parviz Daneshvar,2016-07-27 Revolutions are watershed events that attempt to transform the existing political order and replace it with a new but better one Yet the hallmark of most revolutions has been violence war and dictatorship The Iranian Revolution of 1979 has been no exception This book offers a critical analysis of the Iranian Revolution It focuses on the upheavals that led to the fall of the Shah It provides the reader with an appreciation for the interplay of forces in the making of the 1979 revolution and the emergence of the Islamic regime **The Iranian Revolution Then And Now** Dariush Zahedi,2018-02-13 In *The Iranian Revolution Then and Now* Dariush Zahedi assesses the Islamic Republic s potential for revolution through an in depth theoretically informed comparative analysis of the present with 1979 pre Revolutionary Iran Zahedi discusses how the potential for a revolutionary coup is based on two things the inherent defects and vulnerabilities in the regime and the coordinated actions of the social groups and individuals opposed to the regime He also identifies two ideal typical forms of revolutionary change In *The Iranian Revolution Then and Now* Dariush Zahedi assesses the Islamic Republic s potential for revolution through an in depth theoretically informed comparative analysis of the present with 1979 pre Revolutionary Iran Zahedi discusses how the potential for a revolutionary coup is based on two things the inherent defects and vulnerabilities in the regime and the coordinated actions of the social groups and individuals opposed to the regime He also identifies two ideal typical forms of revolutionary change the regime collapses on its own or the regime is overthrown He concludes that the chances for overthrowing the present regime are

moderate Shi'ism, Resistance, And Revolution Martin Kramer, Shaul Bakhash, Clinton Bailey, Michael M J Fischer, 2019-05-28 The recent revival of interest in the Muslim world has generated numerous studies of modern Islam most of them focusing on the Sunni majority Shi'ism an often stigmatized minority branch of Islam has been discussed mainly in connection with Iran Yet Shi'i movements have been extraordinarily effective in creating political strategies that have

The Soviet Union and Revolutionary Iran (RLE Iran D) Aryeh Yodfat, 2012-04-27 Relations between the USSR and Iran during the period from the overthrow of the Shah and the establishment of the Islamic Republic up to early 1983 are reviewed in this book It begins with a brief survey of Russian Persian relations in earlier years with a focus on the developments that served as a background to the current events It examines Soviet attitudes and reactions to Iran's foreign and internal policy and highlights the way in which the Soviets often raise events of which they do not approve in order to draw Iran closer to them In particular the book discusses the Soviet response to the Iran Iraq war and the position of the Tudeh Party and the other leftists within Iran Iran's policy towards the USSR is treated at length and it is shown that it is suspicious of a tacit USA USSR agreement over the fate of Iran Khomeini's attempts to isolate Iran from both East and West are also reviewed This book was one of the first to discuss this crucial dimension in Middle East politics and it makes a significant contribution to our understanding of the forces driving the Iranian Revolution *On the Arab Revolts and the Iranian Revolution* Arshin Adib-Moghaddam, 2013-10-10 On the Arab Revolts and the Iranian Revolution Power and Resistance Today is the first comparative analysis of two central political events that have altered our world forever the Arab uprisings which started in Tunisia and the Iranian revolution in 1979 Adib Moghaddam demonstrates how contemporary forms of protest are changing our understanding about the way power and resistance function In a theoretical tour de force which is substantiated with a range of primary material he argues that acts of protest in Tehran to Cairo can be entirely linked to the same act in New York London Madrid and Athens Breaking through the east west north south divide Adib Moghaddam shows how the Arab revolts promise to shift the discourse away from the idea that Arabs and Muslims are peculiar that Middle Eastern Studies cannot be linked to political theory that the dynamics of rebellion there are fundamentally different from the politics of revolt here Adib Moghaddam argues that the dialectics of power and resistance are truly universal and that they are unfolding within a globalised political context that is increasingly interconnected In order to illuminate this argument theoretically the study is organised around conceptual terms that feed into forms of power and resistance such as revolution radicalism dissent knowledge neighbour and reform These terms and concepts are discussed and deconstructed via an empirical discussion of pivotal events beyond the non western world demonstrating that for a long time and without realising it we have been living in the end times of unitary categories such as west and east

Fragile Resistance John Foran, 2019-04-09 This book analyzes the processes of social transformation in Iran from the height of the country's power in the sixteenth and seventeenth centuries under the Safavid dynasty to the aftermath of the

startling revolution that overthrew the Pahlavi monarchy in 1979 Iran, Revolution, and Proxy Wars Ofira Seliktar, Farhad Rezaei, 2019-12-17 This book analyzes the historical quest of the Islamic Republic of Iran to export its revolution to the Muslim countries in the Middle East and beyond The authors argue that Iran exported its revolution by using proxies such as Hezbollah the Iraqi Shite militias and the Houthis The study unravels the casual chain behind less known cases of Iranian sponsorship of al Qaeda Central and al Qaida in Iraq It combines rigorous theory with detailed empirical analysis which can add to the current debate about ways to roll back Iran s revolutionary export **Revolution and Constitutionalism in the Ottoman Empire and Iran** Nader Sohrabi, 2011-10-31 In his book on constitutional revolutions in the Ottoman Empire and Iran in the early twentieth century Nader Sohrabi considers the global diffusion of institutions and ideas their regional and local reworking and the long term consequences of adaptations He delves into historic reasons for greater resilience of democratic institutions in Turkey as compared to Iran Arguing that revolutions are time bound phenomena whose forms follow global models in vogue at particular historical junctures he challenges the ahistoric and purely local understanding of them Furthermore he argues that macro structural preconditions alone cannot explain the occurrence of revolutions but global waves contingent events and the intervention of agency work together to bring them about in competition with other possible outcomes To establish these points the book draws on a wide array of archival and primary sources that afford a minute look at revolutions unfolding *The Last Great Revolution* Robin Wright, 2010-09-29 Acclaimed journalist Robin Wright meticulously describes the ongoing transformation of Iranian society politics and religion that ranges from the empowerment of women to the blossoming of a movie industry and an independent press An exceptional contribution to the understanding of a mysterious and much maligned nation The Washington Post Robin Wright has reported from over 120 countries for many leading news organizations but her perceptive coverage of Iran has garnered her the most respect and praise among her colleagues She demonstrates why Iran s Islamic revolution equals the French and Russian revolutions in new ideas and impact while standing alone as the last great revolution of the modern era Revolution and the Millennium James F. Rinehart, 1997-10-30 An interdisciplinary cross cultural cross historical analysis of three 20th century non Western revolutionary societies China Mexico and Iran that were profoundly impinged upon by European and American imperialism The study explores the role of apocalyptic beliefs in radical movements bent on sociopolitical transformation It concludes that millennial expectations performed important and similar preparatory leadership and therapeutic functions in each case Millenarian movements are powerful and emotional social movements that expect an immediate collective total this worldly supernatural salvation and transformation of society They anticipate the complete destruction of the existing sociopolitical and economic order which they assert will be followed by a new and perfect society This study provides an interdisciplinary cross cultural cross historical analysis of three 20th century non Western revolutionary societies that were profoundly impinged upon by European and American imperialism It seeks to explore the functional role of millenarianism in these three

revolutions In all three cases millenarianism prepared the way for revolutionary transformation It acted as a catalyst for action among that group of the most ardent revolutionists who were willing to pay any price to achieve what they were convinced was the inevitable goal of a utopian society Millenarianism created the potential for charismatic leadership to emerge It functioned as a doctrinal platform that awaited the opportunity to elevate a prophetic revolutionary leader to take control Finally millenarianism performed a therapeutic identity and cathartic function by providing the doctrinal foundation and an effective organization for a social healing process to take place A challenge to conventional arguments on the origins and outcomes of revolutions this study will be of great interest to scholars and researchers in comparative politics sociology and religion

Irans Revolutionary Upheaval Introduction

In today's digital age, the availability of Irans Revolutionary Upheaval books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Irans Revolutionary Upheaval books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Irans Revolutionary Upheaval books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Irans Revolutionary Upheaval versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Irans Revolutionary Upheaval books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Irans Revolutionary Upheaval books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Irans Revolutionary Upheaval books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Iran's Revolutionary Upheaval books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals.
