Irish Generals Irish Generals In The British Army In The Second World War:

Irish Generals Richard Doherty, 1993 **Irish Officers in the British Forces, 1922-45** Steven O'Connor, 2014-03-25
Irish Officers in the British forces 1922-45 looks at the reasons why young Irish people took the king's commission including the family tradition the school influence and the employment motive It explores their subsequent experiences in the forces and the responses in independent Ireland to the continuation of this British military connection **Ireland's Generals in the Second World War** Richard Doherty, 2004 Collective biography of British generals in World War II of Irish birth parentage or other significant Irish connections **A Military History of Ireland** Thomas Bartlett, Keith Jeffery, 1997-10-09
This is a major collaborative study of organised military activity and its broad impact on Ireland over the last thousand years or so from the middle of the first millennium AD to modern times It integrates the best recent scholarship in military history into its social and political context to provide a comprehensive treatment of the Irish military experience The eighteen chronologically organised chapters are written by leading scholars each of whom is an authority on the period in question Drawing the whole work together is a wide ranging introductory essay on the Irish military tradition which explores the relationship of Irish society and politics with militarism and military affairs The text is illustrated throughout by over 120 pictures and maps *British Armoured Divisions and Their Commanders, 1939-1945* Richard Doherty, 2013-07-16 A total of eleven British armoured divisions were formed during the 1939-1945 war but as this highly informative book reveals just eight saw action In 1940 only 1st Armoured Division faced the German blitzkrieg and it was in the North African desert that armoured divisions came into their own The terrain was ideal and six such divisions of Eighth Army fought Rommel's Panzers into submission Three were disbanded prior to the invasion of Sicily and Italy The campaign from D Day onwards saw the Guards Armoured 7th Armoured the Desert Rats 11th and Percy Hobart's 79th Armoured Division in the thick of the action Of particular interest are the men who commanded these elite formations and the way their characters contributed to the outcome of operations While some such as Dick McCreery went onto greater heights others did not make the grade the stakes were high A number such as Pip Roberts were just perfectly suited in the role Written by a leading military historian this book describes many fascinating aspects of armoured warfare from its uncertain beginnings through the development of tactics and the evolving tank design Due to British deficiencies reliance had to be placed on US Grants and Shermans with the Comet coming late and the Centurion too late The combination of gripping historical narrative and well researched fact make this an invaluable and highly readable work on the contribution of British Armoured Divisions to victory in the Second World War **An Irish Empire?** Keith Jeffery, 1996 Eight essays examine the experience and role of the Irish in the British empire during the 19th and 20th centuries based on the understanding that Ireland being less integrated it differed from that of the other Celtic nations submerged in the United Kingdom They discuss film sport India the Irish military tradition Irish unionists Empire Day in Ireland from 1896 to 1962 Northern Irish businessmen and Ulster resistance and loyalist rebellion

Distributed in the US by St Martin's Press Annotation copyright by Book News Inc Portland OR **Propaganda, Censorship and Irish Neutrality in the Second World War** Robert Cole, 2006-02-22 Allied propaganda and Eire censorship were a vital part of the conflict over Irish neutrality in the Second World War Based upon original research in archives in Ireland Great Britain the United States and Canada this study opens a new page in the history of wartime propaganda and censorship It examines the channels of propaganda including the press and other print media broadcasting and film employed in Eire and the agencies which operated them and the structure and operations of the Eire censorship bureau which sought to repress them It also looks at the role played by Irish Americans in the conflict some of whom supported while others opposed Irish neutrality Which side could win this war of words Could British and American propaganda overcome Eire neutrality or would re censorship guarantee that it could not In this detailed and wide ranging examination of the war of words over Eire neutrality the author addresses such subjects as public opinion government policies propaganda planning objectives content and channels of dissemination and the purpose and tactics of censorship

Southern Irish Loyalty, 1912-1949 Brian Hughes, Conor Morrissey, 2020 This book brings together new research on loyalty in the 26 counties that would become the Irish Free State It covers a range of topics and experiences including the Third Home Rule crisis in 1912 the revolutionary period partition independence and Irish participation in the British armed and colonial service up to the declaration of the Republic in 1949 The essays gathered here examine who southern Irish loyalists were what loyalty meant to them how they expressed their loyalty their responses to Irish independence and their experiences afterwards The collection offers fresh insights and new perspectives on the Irish Revolution and the early years of southern independence based on original archival research It addresses issues of particular historiographical and political interest during the ongoing Decade of Centenaries including revolutionary violence sectarianism political allegiance and identity and the Irish border but rather than ceasing its coverage in 1922 or 1923 this book like the lives with which it is concerned continues into the first decades of southern Irish independence List of contributors Frank Barry Elaine Callinan Jonathan Cherry Seamus Cullen Ian d Alton Sean Gannon Katherine Magee Alan McCarthy Pat McCarthy Daniel Purcell Joseph Quinn Brian M Walker Fionnuala Walsh Donald Wood **Irish Military Elites, Nation and Empire, 1870-1925**

Loughlin Sweeney, 2019-08-05 This book is a social history of Irish officers in the British army in the final half century of Crown rule in Ireland Drawing on the accounts of hundreds of officers it charts the role of military elites in Irish society and the building tensions between their dual identities as imperial officers and Irishmen through land agitation the home rule struggle the First World War the War of Independence and the partition of Ireland What emerges is an account of the deeply interwoven connections between Ireland and the British army casting officers as social elites who played a pivotal role in Irish society and examining the curious continuities of this connection even when officers' moral authority was shattered by war revolution independence and a divided nation El Alamein 1942 Richard Doherty, 2018-08-30 The Battle of El Alamein

is well established as a pivotal moment of the Second World War Following the wildly fluctuating fortunes of the opposing sides there was a real risk that Rommels Afrika Korps and his Italian allies would break through and seize Cairo with catastrophic strategic and political implications for the Allies That this never happened is of course well known but as this highly readable yet authoritative work reveals there were moments of extreme peril and anxiety Churchills bold nay desperate decisions concerning key appointments Montgomerys stubborn refusal to be rushed Rommels chronic logistic problems and critical air superiority are all examined in expert detail The authors description of the actual fighting is brought to life by personal accounts as well as his complete grasp of the plan and tactics involved The result seventy five years on is a delightfully fresh and fascinating account of one of the iconic battles not just of the War but in military history **The Siege of Derry 1689** Richard Doherty, 2016-09-14 The Protestant war cry of No Surrender was first used in 1689 by the Mayor of Londonderry as James II s army laid siege to the city for 105 days during which half the city s population died There were many acts of courage from the heroic death of Captain Browning to the anonymous apprentice boys who played signal roles in the defence of the city The book examines how the Jacobites might have achieved success and the far reaching impact of the siege as a crucial event in the second British civil war This is a military study of one of the most iconic episodes in Irish history based on contemporary accounts official records of the day and published works on the siege With an understanding of seventeenth century warfare especially siegecraft the author probes many of the myths that have grown up around the siege and sets it in its proper context Its ramifications for the consequent history of Ireland cannot be over emphasised

the Italian campaign examining how a force accustomed to the open spaces of North Africa adjusted to the difficult terrain of Italy where fighting became much more a matter for the infantry than for the armour It also compares the qualities of the commanders of Eighth Army in Italy Montgomery Leese and finally McCreery The book uses official records at various levels personal accounts some never before published and published material to present a picture of an army that although defined as British was one of the war s most cosmopolitan formations Its soldiers came from the UK Canada India Ireland Nepal New Zealand Poland and South Africa as well as from Palestine the Jewish Brigade and from Italy itself Southern Ireland and the Liberation of France Gerald Morgan,Gavin Hughes,2011 This collection is intended to correct the view that the Irish Free State did not take part in the Second World War It argues that the 9000 Irish casualties sustained during the conflict came more or less equally from the Southern and Northern parts of the island **In the Ranks of Death** Richard Doherty,2010-06-15 When war broke out in 1939 over 20 000 Irishmen were serving in the Royal Navy Army and Royal Air Force with the greatest proportion in the Army During the war this rose to over 120 000 suggesting that about 100 000 enlisted during the war Nine earned the Victoria Cross three members of the Royal Navy including a Fleet Air Arm pilot four soldiers including a member of the Australian forces and two RAF pilots The author looks at the seven Irish regiments in campaigns across the globe at Irish soldiers across the Army at Irish sailors from the Battle of the River Plate to the final actions against Japan and at Irish airmen from the first bombing raids of the war to the closing days of war Included are outstanding personalities such as the Chavasse brothers who earned three DSOs three DSCs and two MiDs Bala Bredin Corran Purden Brendan Paddy Finucane Blair Mayne and Roy Farran the latter pair highly decorated SAS officers There are also Irish generals such as Paddy Warren who died while commanding 5th Indian Division in Burma and Frederick Loftus Tottenham who commanded 81st West African Division not to mention giants such as Alexander Auchinleck Montgomery and McCreery Irish women are not forgotten in the book which also takes a brief look at the Irish in other Allied forces including a most unusual volunteer for the US Navy whose application to serve had to be approved by President Roosevelt He was William Patrick Hitler a nephew of Germany s f hrer A New History of Ireland Volume VII J. Martin Blumenson Walter Goerlitz Gen John Hackett and Martin Middlebrook Hitler's Generals probes the central mystery of why a generation of the world's most able commanders and staff officers came to be seduced by Hitler and why they failed to deflect him from his disastrous decisions From Kenneth Macksey's essay on Heinz Guderian who created the Panzer divisions and innovated the use of dive bombers to Earl Ziemke's portrait of Karl Gerd von Runstedt whose stalling of the German blitzkrieg allowed 338 000 Allied troops enough time to fall back on Dunkirk and escape to fight again these are bold and incisive assessments of the twentieth century's greatest strategists and villains Book jacket Churchill's Greatest Fear Richard Doherty, 2015-11-30 The Battle of the Atlantic Churchill's term was arguably the pivotal campaign of the Second World War it was certainly the longest starting with the sinking of RMS Athenia on 3 September 1939 and ending with the torpedoing of SS Avon Dale on 7 May 1945 This superbly researched work covers all the major aspects of The Battle balancing the initial advantages of Admiral Doenitz's U Boat force the introduction of the convoy system the role of the opposing surface fleets and air forces relative strengths and the all important technical developments Intelligence particularly the Bletchley Park intercepts played an increasingly important part in the final outcome The author concludes that May 1943 was the moment when the Allies seized the initiative and despite desperate German efforts never lost their advantage Using official records personal accounts and a wealth of historical research this work gives the reader a splendidly concise yet broad account of the course of the campaign the men who fought it on both sides and the critical moments and analysis of the outcome **A Guide to Irish Military Heritage** Brian Hanley, 2004 This guide is designed to help those conducting research in all aspects of Irish military history Commissioned by the Military Heritage of Ireland Trust which was established in 2000 to foster knowledge of this heritage it lists the institutions archives public bodies and organizations that specifically hold relevant information on military heritage relating from the earliest times to the present day Also included is a listing of fortifications battle sites and places in Ireland relevant to military events in its broadest sense Where possible email website and telephone details are also included as are museum and archival depositories opening times The guide is completed with an extensive bibliography listing books and articles that have been published on military history particularly those in the last twenty years **The Thin Green Line** Richard Doherty, 2005-03-19 Formed out of the Royal Irish Constabulary at the time of Partition the RUC's history is predictably a turbulent one right through to its replacement in 2001 by the Police Service of Northern Ireland Few police forces in the world have suffered so grievously as the RUC and this book is a fitting memorial to the sacrifices made in the interests of the civil population it was determined to protect Throughout its history it has not only had to perform normal police duties but contain the ever present IRA threat In 1969 the climate changed and ushered in a new and even more violent era of sectarian strife The emergence of extreme nationalist organizations posed grave problems and with the RUC in a prime role the position of the Chief Constable was hugely important This book tells the story of a remarkable police force without fear or favor Ironically its reward for containing a

hugely challenging internal security situation and at the same time policing the community traditionally was its disbandment
