Peacock Patricia Rafroidi and Robert Welch Irish Literary Studies Series No 37 *Irish Novelists and the Victorian Age* James H. Murphy, 2011-01-13 This is the first comprehensive study of the Irish writers of the Victorian age some of them still remembered most of them now forgotten Their work was often directed to a British as well as an Irish reading audience and was therefore disparaged in the era of W B Yeats and the Irish Literary Revival with its culturally nationalist agenda This study is based on a reading of around 370 novels by 150 authors including still familiar novelists such as William Carleton the peasant writer who wielded much influence and Charles Lever whose serious work was destroyed by the slur of rollicking as well as Joseph Sheridan LeFanu George Moore Emily Lawless Somerville and Ross Bram Stoker and three of the leading authors from the new woman movement Sarah Grand Iota and George Egerton James H Murphy examines the work of these and many other writers in a variety of contexts the political economic and cultural developments of the time the vicissitudes of the reading audience the realities of a publishing industry that was for the most part London based the often difficult circumstances of the lives of the novelists and the ever changing genre of the novel itself to which Irish authors often made a contribution Politics history religion gender and particularly land over which nineteenth century Ireland was deeply divided featured as key themes for fiction Finally the book engages with the critical debate of recent times concerning the supposed failure of realism in the nineteenth century Irish novel looking for more specific causes than have hitherto been offered and discovering occasions on which realism turned out to be possible

Irish Writers in the Irish American Press, 1882-1964 Stephen G. Butler, 2018 Literary anthologies feature many of Ireland s most well known authors Oscar Wilde W B Yeats J M Synge George Bernard Shaw Se n O Casey James Joyce and Brendan Behan among them While a number of notable scholars have contended that middle class Irish Americans rejected or ignored this rebellious group of poets playwrights and novelists in favor of a conservative Catholic subculture brought over with the mass migration of the mid nineteenth century Stephen G Butler demonstrates that the transatlantic relationship between these figures and a segment of Irish American journalists and citizens is more complicated and sometimes more collaborative than previously acknowledged Irish Writers in the Irish American Press spans the period from Oscar Wilde s 1882 American lecture tour to the months following JFK s

assassination and covers the century in which Irish American identity was shaped by immigration religion politics and economic advancement Through a close engagement with Irish American periodicals Butler offers a more nuanced understanding of the connections between Irish literary studies and Irish American culture during this period The modern Irish writers Alexander G. B. Yeats,2011-06-01 Additional Authors Include George Moore And Lady Gregory **James Joyce and His Contemporaries** Diana Ben-Merre, Maureen Murphy,1989-09-27 Although many scholars have addressed the central problems of interpretation in the work of James Joyce less attention has been given to Joyce as a writer working within a specific literary and social context This volume of 18 essays distilled from a conference on Joyce and his contemporaries

focuses on Joyce's work from a variety of perspectives and examines his relationship to the Irish literary milieu and his connections to other writers and public figures of the period. The first group of essays explores questions relating to narrative and characterization in *The Dead*, *Finnegans Wake*, *Ulysses*, and *A Portrait of the Artist as a Young Man*. In the second part the authors look at Joyce's use of fiction as a forum for statements on issues such as the role of the artist in society, Catholicism, economics, nationalist politics, and social reform. The third part traces Joyce's literary connections to Oscar Wilde, George Bernard Shaw, and Sean O'Casey, and the fourth discusses his influence on contemporary Irish poets and writers of fiction. The final chapters deal with several of Joyce's contemporaries, including the writers James Stephens and Padraic O'Connor, and the nationalist political leader Eamon de Valera. Illuminating both Joyce's work and the field of Irish letters in general, this collection will be a valuable resource or text for courses on Joyce, twentieth-century Irish literature, and modern fiction.
