tenements of New York's Mulberry Street the exploitative labor recruiting practices of Boston's North Square and the harsh squalor of work camp life along the country's expanding railroad lines What emerges is a powerful moving alternately funny and appalling picture of their everyday lives Through detailed narration La Sorte traces the men's lives from their native villages across the Atlantic through the ports of entry to their first immigrant jobs He describes their views of Italy America and each other the cultural and linguistic adjustments that they were compelled to make and their motives for either Americanizing or repatriating themselves His chapter on Italglish a hybrid language developed by the greenhorns will echo in the ears of Italian Americans as the sound of their parents and grandparents voices The Watkins Dictionary of Angels Julia Cresswell,2012-01-01 For anyone who has ever wondered just what an angel is here you will find everything you could wish to know about angels and angelic beings and their attributes *Riona* Linda Windsor,2011-09-07 Riona a gentlewoman of faith discovers that her plan to help the disadvantaged includes not only the plague orphans in her charge but the arrogant handsome adventurer who feels honor bound to save her and her lands by marrying her with or without her consent Lord Kieran of Gleannmara depends on nothing and no one save his wit and skill with steel but soon a deadly twist of fate forces him to acknowledge his need not only for the lady Riona and her worrisome entourage but for her Lord as well **Towns on the Edge in Medieval Europe** Matthew Frank Stevens,Roman Czaja,2022-03-10 Towns on the Edge in Medieval Europe offers comparative research on the emergence and development of medieval chartered towns within northern European territories subjected to conquest and colonisation namely Ireland Wales Prussia and Livonia **Angel Voices** Rowan Speedwell,2016-11-28 One frigid winter night a week before Christmas college student Will stumbles into a church during choir practice bruised by his own father's hands He's out of the closet now there's no going back since his fundamentalist father learned the truth but he's also out of a home a family and a future Will has nowhere to turn No one to care Except Will's roommate Quinn cares Maybe too much He's been attracted to Will since they moved in together but never dreamed his crush was gay With Will's life in pieces Quinn doesn't want to push He also knows he has more experience than Will who's never even been kissed Then Will's father makes a reappearance and Will has to learn to trust his heart more than the voices of his past But it's the season of miracles faith and hope and Quinn is determined to teach Will how to love and be loved Note This is a revised second edition originally published elsewhere **Reproducing the State** Jacqueline Stevens,2020-12-08 People are said to acquire their affiliations of ethnicity race and sex at birth Hence these affiliations have long been understood to be natural independent of the ability of political societies to define who we are Reproducing the State vigorously challenges the conventional view as well as post structuralist scholarship that minimizes state power Jacqueline Stevens examines birth based theories of membership and group affiliations in political societies ranging from the Athenian polis to tribes of Australia to the French republic to the contemporary United States The book details how political societies determine the kinship rules that are used to reproduce political societies Stevens analyzes the ways that ancestral and

territorial birth rules for membership in political societies pattern other intergenerational affiliations She shows how the notion of ethnicity depends on the implicit or explicit invocation of a past present or future political society She also shows how geography is used to represent political regions including continents as the seemingly natural underpinning for racial taxonomies perpetuated through miscegenation laws and birth certificates And Stevens argues that sex differences are also constituted through membership practices of political societies In its chronological and disciplinary range *Reproducing the State* will reward the interest of scholars in many fields including anthropology history political science sociology women s studies race studies and ethnic studies *The Guinness Book of Names* Leslie Dunkling,1993 **Studies in Early Jewish**

Epigraphy Pieter W. van der Horst,Jan Willem van Henten,2018-12-10 This volume contains the papers of a workshop on Jewish epigraphy in antiquity organized at Utrecht University in 1992 Among the participants were collaborators of the Cambridge Jewish Inscriptions Project and of the T binger Atlas des Vorderen Orients project Important aspects of ancient Jewish inscriptions are highlighted in the papers like the connection between documentary and literary texts Several papers focus on aspects of the history of Jewish communities in the diaspora Specialists in Jewish epigraphy will find surveys of parts of the corpus of Jewish inscriptions curse inscriptions metrical epitaphs alphabet inscriptions and discussions of some fixed opinions and Jewish inscriptions are discussed in a wider literary and historical contexts as well
