Irish Literature A Reader Irish Studies:

An Irish Literature Reader Maureen O'Rourke Murphy, James MacKillop, 2006-07-10 In a volume that has become a standard text in Irish studies and serves as a course friendly alternative to the Field Day anthology editors Maureen O'Rourke Murphy and James MacKillop survey thirteen centuries of Irish literature including Old Irish epic and lyric poetry Irish folksongs and drama For each author the editors provide a biographical sketch a brief discussion of how his or her selections relate to a larger body of work and a selected bibliography In addition this new volume includes a larger sampling of women writers

Sub-versions Ciaran Ross, 2010 From Swift's repulsive shit flinging Yahoos to Beckett's dying but never quite dead moribunds Irish literature has long been perceived as being synonymous with subversion and all forms of subversiveness But what constitutes a subversive text or a subversive writer in twenty first century Ireland The essays in this volume set out to redefine and rethink the subversive potential of modern Irish literature Crossing three central genres one common denominator running through these essays whether dealing with canonical writers like Yeats Beckett and Flann O'Brien or lesser known contemporary writers like Sebastian Barry or Robert McLiam Wilson is the continual questioning of Irish identity Irishness going from its colonial paradigm and stereotype of the subaltern in MacGill to its uneasy implications for gender representation in the contemporary novel and the contemporary drama A subsidiary theme inextricably linked to the identity problematic is that of exile and its radical heritage for all Irish writing irrespective of its different genres

Sub Versions offers a cross cultural and trans national response to the expanding interest in Irish and postcolonial studies by bringing together specialists from different national cultures and scholarly contexts Ireland Britain France and Central Europe The order of the essays is by genre This study is aimed both at the general literary reader and anyone particularly interested in Irish Studies

Irish Literature Reader James MacKillop, 2015 In a volume that has become a standard text in Irish studies editors Maureen O'Rourke Murphy and James MacKillop survey thirteen centuries of Irish literature including old Irish epic and lyric poetry Irish folksongs and a selection of nineteenth century prose and poetry For each author the editors provide a biographical sketch a brief discussion of how his or her selections relate to a larger body of work and a selected bibliography In addition this new volume also includes a larger sampling of women writers

Seamus Heaney Henry Hart, 1993-10-01 Seamus Heaney widely considered the most gifted living poet in Ireland and Britain is the first Irish poet since Yeats to gain an international reputation In this remarkable study Henry Hart discusses Heaney's poems his creative and personal situations and his

assimilation of contemporary literary theory From Heaney's Ulster background to poetic influences as diverse as Dante and Wordsworth Yeats and Bly Hart offers sophisticated lucid insights Hart argues that the best way into Heaney's poetic world is in seeking to understand him as with Blake and Yeats in terms of oppositions and conflicts progressions and syntheses At the root of all his work is a multifaceted argument with himself with others with sectarian Northern Ireland with his Anglo Irish heritage with his Roman Catholicism and with his Nationalist upbringing on a farm in County Derry For each volume of poems from *Door into the Dark* to *The Haw Lantern* Hart identifies and works with a specific problem in the text while developing its intellectual and creative implications He covers aspects as diverse as Heaney's incorporation of antipastoral attitudes in his poems his fascination with how etymology recapitulates ancient and modern history and apocalypticism in *North* Placing his trust in art's ability to confront conflicts between freedom and responsibility between private craft and public involvement Heaney is shown nonetheless to chastise himself for failing to have a greater impact on the situation he left behind in Northern Ireland In pursuing the literary religious and political themes in his books of poetry Hart shows that Heaney is no provincial bard as some critics have suggested but is as intellectually informed and astute as any postmodernist writer Any reader of Seamus Heaney's poetry and any poet poetry scholar critic of contemporary poetry or student of Irish literature will gain much from reading this book

A Reference Guide for English Studies Michael J.

Marcuse, 2023-11-15 *Seamus Heaney's Mythmaking* Ian Hickey, Ellen Howley, 2023-04-28 Seamus Heaney's *Mythmaking* examines Seamus Heaney's poetic engagement with myth from his earliest work to the posthumous publication of *Aeneid* Book VI The essays explore the ways in which Heaney creates his own mythic outlook through multiple mythic lenses They reveal how Heaney adopts a demiurgic role throughout his career creating a poetic universe that draws on diverse mythic cycles from Greco Roman to Irish and Norse to Native American In doing so this collection is in dialogue with recent work on Heaney's engagement with myth However it is unique in its wide ranging perspective extending beyond Ancient and Classical influences In its focus on Heaney's personal metamorphosis of several mythic cycles this collection reveals more fully the poet's unique approach to mythmaking from his engagement with the act of translation to transnational influences on his work and from his poetic transformations to the poetry's boundary crossing transitions Combining the work of established Heaney scholars with the perspectives of early career researchers this collection contains a wealth of original scholarship that reveals Heaney's expansive mythic mind *Mythmaking* an act for which Heaney has faced severe criticism is reconsidered by all contributors prompting multifaceted and nuanced readings of the poet's work

Flann O'Brien, Bakhtin, and Menippean Satire M. Keith Booker, 1995-10-01 This work applies Mikhail Bakhtin's theory of literary discourse and the concept of carnivalisation to the work of Flann O'Brien The author emphasizes the political and social implications of the writings arguing that O'Brien maintained a reflexive focus on language throughout his career

Anthologisation and Irish Short Fiction Paul Delaney, 2025-03-28 This original new study explores the recent flowering of short fiction in Ireland

analysing the production dissemination and reception of the short form in the twenty first century and reading contemporary short stories in their many configurations and guises This volume covers twenty five years of Irish writing beginning in late 1997 with the establishment of the innovative literary periodical *The Stinging Fly* and concludes in 2022 The book is structured in five parts with each part focusing on a particular mode of publication periodicals single author volumes short story cycles edited anthologies and small or independent presses Each part includes a series of case studies while also engaging with a diverse range of short story criticism and theory both comparative and Irish centered Anthologisation and Irish Short Fiction brings different writers at distinct stages of their careers into conversation and This volume aims to illuminate the contemporaneous value of this body of work its innovative and varied use and the diversity of its practice Particular attention is also shown to the fluidity of the short form to its capacity to disrupt and arrest and to its progressive writerly potential

The Long War Brendan O'Brien, 1995 *The Long War* is a timely book given the ongoing events taking place in Northern Ireland It chronicles the very active history of the relationship among the IRA Sinn Féin and the British government from the early 1980s to today The author has spoken with many of the participants on all sides and has included material that updates the book right up to the latest peace talks

The Figure in the Cave and Other Essays John Montague, Antoinette Quinn, 1989

Finnegans Wake John Gordon, 1986-12-01 This is the only full length study of *Finnegans Wake* to outline and catalog the immense amount of naturalistic detail from which Joyce built the book The opening chapters describe the physical setting time and main characters out of which the book is constructed John Gordon argues that behind this detail is an essentially autobiographical story involving Joyce's history and in particular his feelings toward his father wife daughter and the older brother who died in infancy Many of the author's findings are new and likely to be controversial because recent criticism has tended to the belief that what he attempts to do cannot be done This new study of *Finnegans Wake* represents a radically conservative approach and is intended to function both as a guide to the newcomer seeking a chapter by chapter plot summary and as an original contribution to Joyce criticism
