Silent Threat Don Pendleton, 2010-07-01 When several German CEOs become victims in deadly accidents and their strategic companies are suddenly bought out red flags are raised in U S intelligence circles All signs indicate that the buyouts are being orchestrated by the head of a powerful cult and he s planning a terrorist attack But getting to the cult leader and ending the threat proves to be challenging especially when an army of zealous followers bristling with weapons are prepared to die for the cause Mack Bolan is determined to infiltrate the group and destroy the organization before they unleash their plan of destruction The cult leader may believe he can bring death but there is only one Executioner **The Sia** Matilda Coxe Stevenson, 1894 **Crisis Diplomacy** Don Pendleton, 2013-04-02 JUSTICE PROTOCOL Terror hijacks an international conference on weapons of mass destruction in Stockholm when East Germans kidnap high ranking government officials including the U S vice president And the ransom demand a portion of each country s GNP is enough to cripple the world s economies Failure to comply ensures the hostages will be tortured and killed on a live video feed Mack Bolan has to seize a narrow window of opportunity before the crisis spins out of control But the tactically sophisticated terrorists stay one step ahead of him moving the hostages to safe houses around the globe In a cross country blitz he s obliged to confront friendly multinational forces converging in a desperate retaliation Bolan negotiates the only terms the terrorists understand certain death **Indian Views of the Custer Fight** Richard G.
