Irreconcilable Differences? A Learning Resource For Jews And Christians David Sandmel, 2018

Jews and Christians Together Christian van Gorder, Gordon Fuller, 2020-08-06 Rabbi Gordon Fuller and Dr Christian van Gorder are committed to helping people of both faith traditions gain as far as is possible a participant s appreciation of those from the other community This means addressing misconceptions and misrepresentations as well as challenging widely held assumptions Jews and Christians Together delves into the strained relationship between these two faith communities and exposes why these communities need to come to a better understanding and appreciation of the other Events such as the attack on the Tree of Life Synagogue in Pittsburgh Pennsylvania demonstrate why society must address and foil anti-Semitism and anti Judaism wherever and whenever such views appear The efforts of Fuller and van Gorder to explore these issues with their own faith communities can provide a helpful starting point to confront trends of increasing hate and bigotry towards Jews today Fuller and van Gorder ask us to acknowledge the marred history of Christianity and anti-Semitism so that we can explore healthy Jewish Christian dialogue and gain a shared and constructive mutual respect

Christians & Jews in Dialogue Mary C. Boys, Sara S. Lee, 2012-06-27 Discover the Power of Dialogue to Heal Religious Division How can members of different faith traditions approach each other with openness and respect How can they confront the painful conflicts in their history and overcome theological misconceptions For more than twenty years Professors Mary C Boys and Sara S Lee have explored ways that Catholics and Jews might overcome mistrust and misunderstandings in order to promote commitment to religious pluralism At its best interreligious dialogue entails not simply learning about the other from the safety of one s own faith community but rather engaging in specific learning activities with members of the other faith learning in the presence of the other Drawing upon examples from their own experience Boys and Lee lay out a framework for engaging the religious other in depth With vision and insight they discuss ways of fostering relationships among participants and with key texts beliefs and practices of the other s tradition In this groundbreaking resource they offer a guide for members of any faith tradition who want to move beyond the rhetoric of interfaith dialogue and into the demanding yet richly rewarding work of developing new understandings of the religious other and of one s own tradition

Covenantal Conversations Darrell Jodock, Explores the eight most important topics in Jewish Christian relations Features the key leaders in Jewish Christian relations and theology Includes a study of the Arab Israel Palestinian conflict

Jerome and the Jews William L. Krewson, 2017-05-31 Jerome rocked the boat in which the early church had been comfortably settled for two hundred years He upset Christian tradition by arguing for the priority of the Hebrew Old Testament over the supposedly inspired Greek Septuagint He learned Hebrew from a Jewish teacher and translated the Old Testament directly from Hebrew into Latin Not only did his new Latin translation create turmoil but the inclusion of Jewish interpretations in his commentaries furthered the controversy Unlike his contemporaries Jerome viewed the Jews and their homeland as a source of information and inspiration However at the same time Jerome freely admitted his hatred of the Jews and their religion His caustic rhetoric reinforced the Christian church's displacement of the Jews but it seems to oppose his move toward appreciating Jewish resources This book illuminates Jerome's contradictory personality proposes a solution and explores avenues for current Christian and Jewish relations in light of Jerome's model

Chosen and Unchosen Joel N. Lohr, 2009-06-30 Winner of the 2011 RBY Scott Award from the Canadian Society of Biblical Studies Soci t  canadienne des  tudes bibliques The God of the Bible favors a national people Israel and this is at the cost of the other nations In fact not being Israel usually means humiliation or destruction or simply being ignored by God Reading the text with the grain or placing oneself within the chosen's perspective may seem very well until one considers the unchosen There is much regarding the unchosen that has not been explored in scholarly research but in this important work Lohr attempts to make sense of the question of election and nonelection in the OT as a Christian interpreter and with a concern for the history of interpretation and Jewish Christian dialogue He also corrects a Christian tendency to read election and nonelection as love and damnation respectively a perception that is altogether foreign to the OT itself The unchosen are important to the overall world view of Scripture and although election entails exclusion and God's love for the one people Israel is a love in contrast to others it does not follow that the unchosen fall outside of the economy of God's purposes his workings or his ways The unchosen often face important tests of their own and have a responsibility to God and the chosen however much this idea defies modern day notions of fairness It is a central

idea of Scripture that already appears in the original call of and promises made to Abram and something that if ignored places our larger understanding of God at risk. Equally important if contemporary faith communities both Jewish and Christian form their understanding of the other on a faulty reading of Scripture regarding the unchosen chaos and hatred can ensue. The political and religious climate of our contemporary world has never presented a more important time to get this matter right. Scholars and students alike are finding *Chosen and Unchosen* to be an indispensable resource as they mull over these difficult questions.

Learning from Other Religious Traditions Hans Gustafson, 2018-05-16 This book brings together academic scholars from across various religious traditions to reflect on the beauty they find in traditions other than their own. They examine these aspects and reflect on how they inform and constructively assist with rethinking their own religious worldviews and practices. Each scholar investigates the various implications, questions, insights, and challenges that are generated in the process of doing so. Traditions discussed include satr, Heathenism, Buddhism, Catholicism, Evangelical Christianity, Hinduism, Islam, Judaism, LDS, Mormon Christianity, Lutheranism, Presbyterianism, Sikhism, Sufism, Western Buddhism, and Zen. Mah y na Buddhism. Instead of focusing only or primarily on the theory and practice of interreligious dialogue, this book presents living examples of learning from other religious traditions, identities, and persons.

Opening the Covenant Michael S. Kogan, 2008 Michael Kogan delves deeply into the theologies of Christianity and Judaism to locate the precise points of difference and convergence. He sees Christianity as the breaking open of the original Covenant to include gentile peoples. God has brought this about, Kogan argues, through Jesus and his interpreters.

Israel and the Church Dr. Jacques Doukhan, 2018-12-18 My standpoint is then one of tension, a tension that I bear in my flesh and in my intellectual and spiritual life. I heard the two voices. And it is the weight of this tension that has pressed me to think and study about it, to teach about it, and eventually to write about it. It is the Jewish-Christian tension in my flesh and in my scholarly and professional life that has given birth to this book. In echo to Israel Zangwill, I will set my questions straight: Were Jesus and Moses indeed irreconcilable? Are our theological and historical clichés in agreement with the original intention of prophetic revelation and with what indeed took place in history?

From the Preface: *The Two Jews*

Why Is There a Menorah on the Altar? Meredith Gould, 2009-07 Examines Jewish sources of beliefs and practices associated with Christian worship, with advice on ways to reread Scripture, a discussion of the influence of Judaism on liturgical worship, and the design of church sanctuaries, and more, and includes activities, a timeline, and other resources.

Jesus and Paul in the Context of Judaism and Early Christianity Donald A. Hagner, 2025-03-27 In the late nineteenth century, Jewish scholars began to be interested in Jesus and eventually Paul as important figures in the history of the Jewish

people Rightly understood they argued Jesus and Paul belonged more to Judaism than to Christianity as even radical critical Christian scholars were concluding The earliest believers in Jesus were exclusively Jews forming something like a new sect within Judaism The emergence of the Christianity of the New Testament soon became a focus of attention for Jewish scholars and with this a host of questions arose such as about the influence of Hellenism the parting of the ways the widespread Christian misperception of Judaism the tragedy of anti Semitism and the identity of Jesus as Messiah and Lord The present essays address these and other issues maintaining throughout the tension of continuity and discontinuity and stressing the underappreciated radical newness of the New Testament

International Handbook of the Religious, Moral and Spiritual Dimensions in Education Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 In today's pluralistic world many cultures feel a shift in the relationship of people with religious traditions A corresponding movement is a resurgence of interest in human spirituality This Handbook presents the views of education scholars who engage these concepts every day in a collection of essays reflecting the international state of the discipline Out of these rises a vision for the emergence of a just and peaceful world

PEACE AND FAITH

Christian Churches and the Israeli Palestinian Conflict composed of new essays is the first collection to bring together writers from different faith communities to discuss the Boycott Divestment and Sanctions movement's impact on one of the more fractious topics addressed by Christian denominations the Israeli Palestinian conflict In so doing it builds on interfaith projects under way for decades Theology and politics intermingle in debates taking place in local churches Christian NGOs and national church meetings that define official policy The debates revive and reframe the most basic values of Christianity and the questions church members seek to resolve How do Christians today live to the principles Jesus articulated How can justice be pursued in the context of competing national narratives and historical understandings What bearing do or should centuries of Christian violence against Jews and Muslims have on contemporary theology and ethics Is it ethical or even possible to set aside millennia of Christian anti Semitism in judging Israel's conduct What Christian values should be honored in pursuing Jesus's mission of reconciliation today How may the pursuit of truth be corrupted by passionate social witness Can advocacy cross the line into hatred These are among the critical questions this collection poses and attempts to address

The Jewish People, the Holy Land, and the State of Israel Richard C. Christopher M. Leighton, 2024-01-26 Our society is sharply divided along political racial and religious lines People of faith often feel debilitated in the face of these divisions understanding neither their nature nor how best to respond As these divisions become more intense the need to get at their roots becomes more urgent A Sacred Argument addresses this need equipping readers with practical and theoretical resources to engage problems that all too often break down trust shut down honest conversations and disrupt collaborative action This story aims to renew within each reader the sense of compassion and the deep yearning for understandings that can come from the encounter with those who see the world differently
