Derivatives Theory and Practice Sunil Kumar Parameswaran,2024-11-04 Though financial derivatives have been taught in courses in leading business schools for over 50 years they are now universal with exchanges having been set up around the globe

Excellent textbooks on derivatives are available But many students in emerging markets desire a cogent and logical exposition that makes them aware of the specific challenges faced by their countries while developing exchanges Derivatives Theory and Practice caters to this segment of readers whose requirements have not been adequately addressed in previous literature in the area Unlike other heavily mathematical and quantitative works that prevent readers from understanding the underlying qualitative and conceptual facts this book is a user friendly resource to comprehend derivatives especially those in the developing world while also offering analysts and traders in first world markets adequate exposure to products and trading practices in emerging markets Providing a balanced perspective focusing on both options as well as futures this book will benefit both financial market professionals as well as students

Designing Stock Market Trading Systems Bruce Vanstone,Tobias Hahn,2010-08-23 In Designing Stock Market Trading Systems Bruce Vanstone and Tobias Hahn guide you through their tried and tested methodology for building rule based stock market trading systems using both fundamental and technical data This book shows the steps required to design and test a trading system until a trading edge is found how to use artificial neural networks and soft computing to discover an edge and exploit it fully Learn how to build trading systems with greater insight and dependability than ever before Most trading systems today fail to incorporate data from existing research into their operation This is where Vanstone and Hahn s methodology is unique Designed to integrate the best of past research on the workings of financial markets into the building of new trading systems this synthesis helps produce stock market trading systems with unrivalled depth and accuracy This book therefore includes a detailed review of key academic research showing how to test existing research how to take advantage of it by developing it into a rule based trading system and how to improve it with artificial intelligence techniques The ideas and methods described in this book have been tried and tested in the heat of the market They have been used by hedge funds to build their trading systems Now you can use them too

Control Your Cash Greg McFarlane,Betty Kincaid,2010-06 A 14% credit card rate What a deal Where it says adjustable here on my mortgage that means fixed right Work until I retire then collect Social Security That s my wealth plan If you ve ever wondered how your money works where it goes or how it grows stop wondering Control Your Cash Making Money Make Sense deconstructs personal finance so that everyone but the hopelessly inept can understand it Inside the book you ll learn how to get your bank accounts credit cards and other financial instruments to work for you and not the other way around the right way to buy a car i e with the salesman cursing your name as you drive away where and how to invest and what all those symbols charts and graphs mean how to turn expenses into income and stop living paycheck to paycheck whom the tax system is stacked against hint it s most of us and how to use that to your advantage the very key to wealth itself In fact the authors thought it was so important they put it on the cover so you can read it even if you re too cheap to buy the book Buy assets sell liabilities Finally a book that explains personal finance not only in layman s terms but in detail If you can read and have any capacity for self discipline invest a few bucks in Control Your Cash now and reap big
