*The Cute and the Cool* Gary Cross, 2004-04-01 The twentieth century was by any reckoning the age of the child in America Today we pay homage at the altar of childhood heaping endless goods on the young reveling in memories of a more innocent time and finding solace in the softly backlit memories of our earliest years We are the proclamation goes just big kids at heart And accordingly we delight in prolonging and inflating the childhood experiences of our offspring In images of the naughty but nice Buster Brown and the coquettish but sweet Shirley Temple Americans at mid century offered up a fantastic world of treats toys and stories creating a new image of the child as cute Holidays such as Christmas and Halloween became blockbuster affairs vehicles to fuel the bedazzled and wondrous innocence of the adorable child All this Gary Cross illustrates reflected the preoccupations of a more gentle and affluent culture but it also served to liberate adults from their rational and often tedious worlds of work and responsibility But trouble soon entered paradise The cute turned into cool as children following their parental example embraced the gift of fantasy and unrestrained desire to rebel against the saccharine excesses of wondrous innocence in deliberate pursuit of the anti cute Movies comic books and video games beckoned to children with the allures of an often violent sexualized and increasingly harsh worldview Unwitting and resistant accomplices to this commercial transformation of childhood adults sought over and over again in repeated and predictable cycles to rein in these threats in a largely futile jeremiad to preserve the old order Thus the cute child deliberately manufactured and cultivated has ironically fostered a profoundly troubled ambivalence toward youth and child rearing today Expertly weaving his way through the cultural artifacts commercial currents and parenting anxieties of the previous century Gary Cross offers a vibrant and entirely fresh portrait of the forces that have defined American childhood

*A Cool Million and The Dream Life of Balso Snell* Nathanael West, 2006-06-27 Nathanael West was only thirty seven when he died in 1940 but his depictions of the sometimes comic sometimes horrifying aspects of the American scene rival those of William Faulkner and Flannery O'Connor *A Cool Million* written in 1934 is a satiric Horatio Alger story set in the midst of the Depression *The Dream Life of Balso Snell* 1931 was described by one critic as a fantasy about some rather scatological adventures of the hero in the innards of the Trojan horse

**The Future of Rational Choice for Crime**

**Prevention** Danielle Reynald, Benoit Leclerc, 2017-09-22 The rational choice perspective RCP is currently the core theoretical approach underpinning situational crime prevention SCP To date many crimes have been studied through the lens of RCP which increased our understanding of these phenomena how they are committed and how they could potentially be prevented through SCP This book designed with the hope of moving RCP forward for SCP purposes takes a challenging but novel step in providing leading experts from different disciplines with the opportunity to express themselves on how we could best achieve this task This book explores various perspectives which include the development of frameworks based on the role of situations in crime or forensic sciences for improving crime prevention practices The need to consider affective states and other offender related factors to improve our understanding of offender decision making models is highlighted as a means to better predict which SCP mechanisms may be most useful in discouraging particular types of offenders Finally it is also argued that the use of RCP should be more pragmatic and that this perspective should be preserved and adapted based on what we find in our experiments Taken together these theoretically distinctive and challenging contributions ultimately guide how crime prevention practices could be best approached in the future
