Is Peace Inevitable:

Is Peace Inevitable? Santiago Genovés,1972 **Why War** Simon Stander,2015-08-27 This groundbreaking survey explains why war remains predominant in today's world by showing how the spread of nationalism and capitalism has brought about modern warfare. It argues that the key explanation for modern conflict which is characterized by violent conflicts between nation states civil war and wars over resources rests in the dialectical relationship between nation states and capitalist modes of production where nations have finite boundaries that capitalism seek to transcend in search of increased profits. Discussing issues such as globalization global capitalism North and Latin American continental policies the nature of democracy decolonization and technology and military industrial complexes this unique work challenges common approaches to international relations and peace studies. This innovative accessible work provides new insights into the causes and nature of modern war that will appeal to any student concerned with peace and violent conflict within the various fields of international relations political economy peace studies and more.

Is Violence Inevitable in Africa? ,2005-06-01 This volume is an attempt to analyse the causes of violent conflict in Africa to review the various approaches to conflict prevention and conflict resolution and to discuss some of the practical difficulties in ending violence. It brings together a wide range of scholars and practitioners with specialist knowledge of a large number of African countries. The intention here is to provide a survey of the various approaches to conflict in Africa a systematic discussion of some of the root causes of violence as well as case studies on the consequences of violence and the effects of conflict resolution.

Affirmations for a Peaceful Life
Sarah Malone,2024-09-03 *Affirmations for a Peaceful Life* is a book that brings the physical and spiritual world together in a straightforward and practical way. Throughout each chapter Sarah will help you find peace in the inevitable chaos heartbreak and pain that we all encounter in life. Each affirmation will touch on a common universal human experience in life. From how to deal with people to finding and hearing God to experiencing success and abundance in life you will be equipped with the wisdom and understanding on how to find peace in all of it. You will embark on a spiritual journey inward in order to come to peace with the circumstances of the world and how your ego can create suffering. Prepare yourself for some of the deepest universal truths and how to use them in your everyday life in a straightforward way. These affirmations will evolve over time in your life and are timeless in how you can apply them to your life while also helping others. Peace as a spiritual state has never felt so simple.

Festschrift Universidad Nacional Autónoma de México,1990 Peace is Everyone's Business Lowell Ewert,Frederick Bird,2021-08-01 The premise of this book is very simple. While acknowledging that much progress has been made since the end of World War II to improve life conditions for billions of people and reduce the likelihood of war current global challenges threaten to undermine undo or even reverse much of the progress made. Growing political and social polarization and the resultant increasing fear of each other is on a trajectory that could cause unprecedented harm. The book illustrates

how everyone can have an impact on peace and that many already do so in both constructive and negative ways illustrated by many examples The book offers an expansive view of peace which includes promoting human rights identifying and resolving situations of slow violence working to promote fair and sustainable economic development identifying and resolving injustices and establishing institutions and practices for resolving conflicts by communicative means The book especially focuses on the role universities can and should play in promoting peace Universities which have played a pivotal role in creating a more humane and just world through their research teaching and scholarship now face the challenge of thoughtfully examining how each discipline and vocation and the university as a whole can contribute to fostering peace In general universities help to prepare students actively to work for peace by cultivating their capacities at reasoning and reflecting developing their skills in communicating and research and fostering among them an active awareness of their responsibilities as citizens of the world While not every discipline or vocation shares the same level of responsibility to advance peace all have the potential to do so as they intentionally and thoughtfully look for avenues to do so **Bulletin of the Atomic Scientists** ,1952-04 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **Congressional Record** United States.
