**A Family's Story of Addiction, Death, and Recovery** Gary Schafer,2024-08-02 After you read our story ask yourself Is this the life I want my child to have or my family to deal with Or will I take the steps to understand this disease and know the warning signs Substance Use Disorder SUD according to the National Institute of Mental Health is a treatable mental

disorder that affects a person's brain and behavior leading to their inability to control their use of substances like legal or illegal drugs alcohol or medications In simple terms it's addiction My name is Gary and I'm going to take you on the journey of my family as we faced the world of SUD with our son Eric Michael There are hundreds of thousands of deaths that have occurred since the opioid epidemic started in the late 1990's and it doesn't only affect the person battling SUD I was not prepared for a world that involved SUD most people aren't because we all think It won't happen to me or my family When my wife Marlene and I found out our son was struggling every day just to feel normal we found we were in over our heads What started off as trying to control and shame our son to get him back on track turned into respecting him as a person and setting boundaries How you ask It took years of educating not educating Eric but educating ourselves From support groups to faith to opening our ears and listening to our son We learned how to navigate life with SUD and more importantly how to continue living after tragedy hit our home Whether you are a parent just learning that a loved one has SUD or maybe you just want to be prepared for what life might bring this book is for you If this book helps others on their journey saves one life or one family from feeling what we felt over a decade then my goal is fulfilled The Book of Life Recovery Stephen
