## **Is Bill Cosby Right:**

**Is Bill Cosby Right?** Michael Eric Dyson, 2008-07-31 Nothing exposed the class and generational divide in black America more starkly than Bill Cosby's now infamous assault on the black poor when he received an NAACP award in the spring of 2004. The comedian cum social critic lamented the lack of parenting, poor academic performance, sexual promiscuity, and criminal behavior among what he called the knuckleheads of the African American community. Even more surprising than his comments, however, was the fact that his audience laughed and applauded. Best-selling writer, preacher, and scholar Michael Eric Dyson uses the Cosby brouhaha as a window on a growing cultural divide within the African American community. According to Dyson, the Afriocracy—lawyers, physicians, intellectuals, bankers, civil rights leaders, entertainers, and other professionals—looks with disdain upon the black poor who make up the Ghettoocracy: single mothers on welfare, the married single, and working poor, the incarcerated, and a battalion of impoverished children. Dyson explains why the black middle class has joined mainstream America to blame the poor for their troubles rather than tackling the systemic injustices that shape their lives. He exposes the flawed logic of Cosby's diatribe and offers a principled defense of the wrongly maligned black citizens at the bottom of the social totem pole. Displaying the critical prowess that has made him the nation's preeminent spokesman for the hip-hop generation, Dyson challenges us all, black and white, to confront the social problems that the civil rights movement failed to solve.

**Betrayal** Houston A. Baker, 2010-03-05 Houston A. Baker Jr. condemns black intellectuals who he believes have turned their backs on the tradition of racial activism in America. In their literature, speeches, and academic and public behavior, Baker identifies a hungry generation eager for power, respect, and money. Critiquing his own impoverished childhood in the Little Africa section of Louisville, Kentucky, Baker seeks to understand the shaping of this new public figure. He also revisits classical sites of African American literary and historical criticism and critique and devotes chapters to the writing and thought of such black academic superstars as Cornel West, Michael Eric Dyson, and Henry Louis Gates Jr. Hoover Institution senior fellow Shelby Steele, Yale law professor Stephen Carter, and Manhattan Institute fellow John McWhorter. Baker's provocative investigation into the disingenuous posturing of these and other individuals exposes what he deems to be a tragic betrayal of the legacy of Martin Luther King Jr. He urges black intellectuals to reestablish both sacred and secular connections with local communities and rediscover the value of social responsibility. As Baker sees it, the mission of the black intellectual today is not to do great things but to do specific, racially based work that is in the interest of the black majority.

**Rebels with Insufficient Cause** J. M. Sparrow, 2018-09-19 Why are Americans of African descent as a group not flourishing like other racial groups in America? Dr. J. M. Sparrow, in *Rebels with Insufficient Cause*, proposes that value formation through the biblical model of the family is lacking. The secular world is redefining and reinterpreting the social structures that God created in order for humans to enjoy maximum human flourishing. Every person or social group that chooses to ignore God's designs for humanity will experience chaos, but every

person and social group that submits to God's designs for humanity will experience order. Americans of African descent are experiencing that chaos in greater measure than any other racial group. Since this book holds to a biblical worldview that teaches that all humans are created equal, Americans of African descent are not inherently more debased than other races. However, since the out-of-wedlock birth rate is astronomically higher in black communities than in others, they are experiencing a greater share of the chaos. Yet all is not lost. When Americans of African descent begin to hold up the truths of the Bible as normative and encourage future generations to practice the same things, will begin to turn around. Americans of African descent must choose to reject the victim mentality, see themselves as part of the larger American culture rather than as outsiders, and inculcate biblical values on their children in the midst of loving, supportive, and God-honoring family units.

**Masculinity at the Movies** Thomas Keith, 2025-06-05. *Masculinity at the Movies* takes a deep dive into masculinity in film and how Hollywood movies continue to produce and promote masculine stereotypes that place boys and men in constraining identities and dysfunctional patterns of behaviour. From classic film stars to those of the present day, this textbook unpacks the development of the main male stereotypes in film: villains, heroes, and oafs, and how movies can develop healthy new male representations. Alongside Hollywood studio productions, it delves into Black, Native American, Latino, and Asian representation, as well as LGBTQ masculinity. Going beyond the present, it proposes what healthy masculinity at the movies looks like and where Hollywood should set its sights to create more progressive models of masculinity for the 21st century. *Masculinity at the Movies* will provide students of gender studies, media studies, and cultural studies with new insights into stereotypes of men in contemporary film.

**Say It Loud: Great Speeches on Civil Rights and African American Identity (Large Print 16pt)** Stephen Drury Smith, Ellis Catherine, 2010-11-12. With recordings unearthed from libraries and sound archives and made widely available here for the first time, *Say It Loud* includes powerful speeches by Malcolm X, Angela Davis, Martin Luther King Jr., James Cone, Toni Morrison, Colin Powell, and many others. Bringing the rich immediacy of the spoken word to a vital historical and intellectual tradition, *Say It Loud* illuminates the diversity of ideas and arguments pulsing through the black freedom movement.

**Brown v. Board and the Transformation of American Culture** Ben Keppel, 2016-01-11 Brown v Board of Education which ended legally sanctioned segregation in American public schools brought issues of racial equality to the forefront of the nation's attention. Beyond its repercussions for the educational system, the decision also heralded broad changes to concepts of justice and national identity. Brown v Board and the Transformation of American Culture examines the prominent cultural figures who taught the country how to embrace new values and ideas of citizenship in the aftermath of this groundbreaking decision. Through the lens of three cultural first responders, Ben Keppel tracks the creation of an American culture in which race, class, and ethnicity could cease to imply an inferior form of citizenship. Psychiatrist and social critic Robert Coles, in his Pulitzer Prize-winning studies of children and schools in desegregating regions of the country, helped citizens understand the value of the project of racial equality in the lives of regular families, both white and black. Comedian Bill Cosby leveraged his success with gentle, family-centric humor to create televised spaces that challenged the idea of whiteness as the cultural default. Public television producer Joan Ganz Cooney designed programs like Sesame Street that extended educational opportunities to impoverished children while offering a new vision of urban life in which diverse populations coexisted in an atmosphere of harmony and mutual support. Together, the work of these pioneering figures provided new codes of conduct and guided America through the growing pains of becoming a truly pluralistic nation. In this cultural history of the impact of Brown v Board, Keppel paints a vivid picture of a society at once eager for and resistant to the changes ushered in by this pivotal decision.

**The Crisis**, 2006-09 The Crisis, founded by W. E. B. Du Bois as the official publication of the NAACP, is a journal of civil rights history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers, and justice seekers. It has chronicled, informed, educated, entertained, and in many instances set the economic, political, and social agenda for our nation and its multi-ethnic citizens.

*Dreaming Blackness* Melanye T. Price, 2009-06 A complex portrait of contemporary black political stances, Black Nationalism is one of the oldest and most enduring ideological constructs developed by African Americans to make sense of their social and political worlds. In *Dreaming Blackness*, Melanye T. Price explores the current understandings of Black Nationalism among African Americans, providing a balanced and critical view of today's black political agenda. She argues that Black Nationalism continues to enjoy moderate levels of support by most black citizens but has a more difficult time gaining a larger stronghold because of increasing diversity among blacks and a growing emphasis on individualism over collective struggle. She shows that black interests are a dynamic negotiation among various interested groups and suggests that those differences are not just important for the black agenda but also for how African Americans think and dialogue about black political questions daily. Using a mix of everyday talk and impressive statistical data to explain contemporary black opinions, Price highlights the ways

in which Black Nationalism works in a post racial society Ultimately Price offers a multilayered portrait of African American political opinions providing a new understanding of race specific ideological views and their impact on African Americans persuasively illustrating that Black Nationalism is an ideology that scholars and politicians should not dismiss Debating Race Michael Eric Dyson, 2008-07-31 Whether chronicling the class conflict in the African American community or exposing the failings of the government response in the wake of Hurricane Katrina Michael Eric Dyson has never shied away from controversy No stranger to intellectual combat Dyson has always been ready to engage friends and foes alike in open conversation about the issues that matter Debating Race collects many of Dyson s most memorable encounters and most poignant arguments Dyson shows that he is as eloquent off the cuff as he is on the book page and Debating Race gives readers a front row seat as he spars with politicians pundits and public intellectuals From John Kerry and John McCain to Ann Coulter and the hosts of television s The View Dyson shows the mental agility and rhetorical tenacity that have made him one of America s most astute intellectuals and with topics ranging from civil rights the legacy of the O J Simpson trial and the authenticity of Colin Powell there is something in Debating Race to touch a nerve in all of us *Blackness Is Burning* TreaAndrea M. Russworm, 2016-10-03 *Blackness Is Burning* critiques the way the politics of recognition and representation appear in popular culture as attempts to humanize black identity through stories of suffering and triumph or tales of destruction and survival *Blackness Is Burning* is one of the first books to examine the ways race and psychological rhetoric collided in the public and popular culture of the civil rights era In analyzing a range of media forms including Sidney Poitier s popular films *black mother* and *daughter* family melodramas Bill Cosby s comedy routine and cartoon *Fat Albert* pulpy black pimp narratives and several aspects of post civil rights black American culture TreaAndrea M Russworm identifies and problematizes the many ways in which psychoanalytic culture has functioned as a governing racial ideology that is built around a flawed understanding of trying to recognize the racial other as human The main argument of *Blackness Is Burning* is that humanizing or trying to represent in narrative and popular culture that *BlackLivesMatter* has long been barely attainable and impossible to sustain cultural agenda But *Blackness Is Burning* makes two additional interdisciplinary interventions the book makes a historical and temporal intervention because Russworm is committed to showing the relationship between civil rights discourses on theories of recognition and how we continue to represent and talk about race today The book also makes a formal intervention since the chapter length case studies take seemingly banal popular forms seriously She argues that the popular forms and disreputable works are integral parts of our shared cultural knowledge *Blackness Is Burning* s interdisciplinary reach is what makes it a vital component to nearly any scholar s library particularly those with an interest in African American popular culture film and media studies or psychoanalytic theory **Race and Racism in the United States** Charles A. Gallagher, Cameron D. Lippard, 2014-06-24 How is race defined and perceived in America today and how do these definitions and perceptions compare to attitudes 100 years ago or 200 years ago This four

volume set is the definitive source for every topic related to race in the United States In the 21st century it is easy for some students and readers to believe that racism is a thing of the past in reality old wounds have yet to heal and new forms of racism are taking shape Racism has played a role in American society since the founding of the nation in spite of the words all men are created equal within the Declaration of Independence This set is the largest and most complete of its kind covering every facet of race relations in the United States while providing information in a user friendly format that allows easy cross referencing of related topics for efficient research and learning The work serves as an accessible tool for high school researchers provides important material for undergraduate students enrolled in a variety of humanities and social sciences courses and is an outstanding ready reference for race scholars The entries provide readers with comprehensive content supplemented by historical backgrounds relevant examples from primary documents and first hand accounts Information is presented to interest and appeal to readers but also to support critical inquiry and understanding A fourth volume of related primary documents supplies additional reading and resources for research

**Eight Propositions** Joe L. Rempson, 2020-11-19 Rempson takes issue with those who lay the plight of African Americans on racism not seeing it today as a major obstacle to black progress Rather he traces the origin back to what he terms the African American Garden of Eden In it W E B Dubois outlasted Booker T Washington and fathered a tradition which Rempson argues has produced a victim identity and an emphasis on the system rather than the self Only black males offer a way out he declares because it is entirely our black males who are keeping us down and curtailing our progress in contrast to black females who are doing OK They are plagued by what Rempson calls the African American Male School Adaptability Crisis AMSAC Their academic performance ranks at the bottom alone below black female students and below white Asian and Hispanic male students In large urban areas their high school dropout rate is 59 percent and nationally they lag behind in college attendance and graduation rates The outcome Rempson argues is dysfunctionality and the existence of hedonistic norms which hinder family and community stability But while black males are the problem Rempson contends it is nevertheless only they who can solve it because research and experience show that it takes males to

bring up and change other males Though intended for everyone he therefore writes his book to his fellow advantaged black males and makes a passionate plea for them to step up and with the help of black females and of the nation take the lead As their guide he has formulated eight propositions Arrived at through an examination of impressively extensive data from numerous sources and disciplines they are a marked departure from the customary Most strikingly delicate matters such as those which pertain to intelligence quotient IQ and culture are openly confronted and dealt with But Rempson writes unless confronted we will not solve our problems Nor he continues can we solve them unless we cut the umbilical cord to white America We have no right to expect it to be our savior nor are we justified in perceiving it as our oppressor Forcefully and finely written Rempson s book is a singular and courageous contribution Alone his eight propositions make it a worthy read

The African American Male School Adaptability Crisis (Amsac) Joe L. Rempson,2016-03-12 The African American Male School Adaptability Crisis AMSAC cannot be solved by the school alone It is a race problem which can only be solved if we black males provide the leadership in tackling our three major demons which now mainly account for the problem IQ lag fatherless families crime AMSAC had its origin about 100 years ago when after the death of Washington DuBois gained ascendancy in our African American Garden of Eden and replaced Washingtons brains property and character gospel with a civil rights agenda That agenda has led to a civil rights fixation and our second bondage Victimology wherein being the victim has become part of our core identity and made us psychological slaves Rather than being proud and self reliant disproportionately we have come to see ourselves as victims who are entitled to system help and special treatment This bondage and it is a bondage vitiates our manhood and the energy and drive required to pursue the adaptation pathway paved by Washington but demonized by DuBois Return to that pathway and we can confront and conquer AMSAC and our three major demons Guided by history and the research evidence this book details how Its 20 chapters make for long reading but just by reading the first and last chapters you can get the message The motto of the proposed evidence based experimental program the African American Male Career Pathway Program AMCAP A special appeal is made to black athletes and entertainers to help propagate this motto and support the proposed high school student clubs Student AMCAPs in its implementation *Bloodlines (Foreword by Tim Keller)* John Piper,2011-09-08 Genocide Terrorism Hate crimes In a world where racism is far from dead is unity amidst diversities even remotely possible Sharing from his own experiences growing up in the segregated South pastor John Piper thoughtfully exposes the unremitting problem of racism Instead of turning finally to organizations education famous personalities or government programs to address racial strife Piper reveals the definitive source of hope teaching how the good news about Jesus Christ actively undermines the sins that feed racial strife and leads to a many colored and many cultured kingdom of God Learn to pursue ethnic harmony from a biblical perspective and to relate to real people different from yourself as you take part in the bloodline of Jesus that is comprised of every tongue tribe and nation
