The Gülen Movement Gürkan Çelik,2010 The existence of social conflicts and the lack of social cohesion are at the center of public debates in many societies In recent years these issues have often been linked to Muslims and their religious beliefs The Islamic response to these allegations and the social problems evoking them has been diverse this book concerns the reply of a transnational movement of volunteers inspired by the teachings of Fethullah G len a Turkish Muslim scholar This study represents an attempt to incorporate the G len Movement also called the Volunteers Movement into a social movement theory approach In pluralist societies there are different communication structures and different ways of conflict resolution The G len Movement proposes and practices dialogue and education as two means to establish peace by maintaining social cohesion and mending the social cleavages dividing Muslims and non Muslims It is not only G len s spiritual message that has inspired people to pursuit sic these ideals but also his leadership By focusing on its spiritual intellectual and practical dimension and its social background this book contributes to a comprehensive understanding of one of the most promising contemporary social movements Publisher s description back cover Equality and Tradition Samuel Scheffler,2012-01-12 This collection of essays by noted philosopher Samuel Scheffler combines discussion of abstract questions in moral and political theory with attention to the normative dimension of current social and political controversies In addition to chapters on more abstract issues such as the nature of human valuing the role of partiality in ethics and the significance of the distinction between doing and allowing the volume also includes essays on immigration terrorism toleration political equality and the normative significance of tradition Uniting the essays is a shared preoccupation with questions about human value and values The volume opens with an essay that considers the general question of what it is to value something as opposed

say to wanting it wanting to want it or thinking that it is valuable Other essays explore particular values such as equality whose meaning and content are contested Still others consider the tensions that arise both within and among individuals in consequence of the diversity of human values One of the overarching aims of the book is to illuminate the different ways in which liberal political theory attempts to resolve conflicts of both of these kinds
