**UNDERSTANDING Life Between Two Worlds 1923-2010** Horst Uhse,2011-11-17 Life Between two Worlds is a story written with great emotion It is told by a German Immigrant who has seen the obstacles that life can put in your path Life in Germany under a dictatorship cannot be put in any kind of comparison As a small child I already learned what hardship is by living with foster parents for two and one half years My teen years were non existing World War II broke out and life was all rules and restrictions Obedience was the first commandment As a soldier in the Africa Corp under General Rommel I experienced the horror of War a War we knew from day one could never be won When the War ended in 1943 life behind barbed wire in the United States was the result of an irresponsible war When I returned to Germany in 1947 life was very depressing Every city was a pile of rubble My thoughts went back to America to a land that I learned to love with its people who showed so much compassion for us when we were prisoners there From that day on I knew that I was going back to America to give my children a future When I arrived with my family of five in New York with four dollars in my pocket I knew that was all I needed to succeed **Life Between the Wild Grass** Anamika Sinha,2021-07-11 Life Between the Wild Grass

Dinçer,2013-05-01 Before long the voice of the Tunisian youth was heard and found supporters not only in its own country

but also in neighboring countries with similar characteristics The riots spread in waves The protests which began in Tunisia and later spread to Egypt Libya and other Arab countries were referred to as the Arab Spring and the subsequent regime changes they caused in these countries were closely observed in the international community This multivariable equation was viewed primarily as a political issue in the international arena That is until the riots in Syria transformed into clashes The reverberations of the Arab Spring in Syria gradually manifested themselves as a huge humanitarian crisis due to the harsh crackdowns by the Assad regime Eventually a group of 252 Syrians broke through the wire fence on the border of Hatay s Yaylada district on the evening of Friday 29 April 2011 to enter Turkey and request asylum putting the question do we have a refugee crisis on our hands on Turkey s agenda Turkey s Syrian refugee issue which began with 252 people in April 2011 has since acquired a new degree of magnitude with the more than 500 000 Syrians in Turkey today The bigger picture including Syria s neighbors is even more alarming the number of Syrians who ve fled their country due to the ongoing civil war in Syria since March 2011 is over one million United Nations UN sources estimate that there are at least 4 6 million internally displaced people within Syria though according to some Syrian sources the figure is closer to seven million An estimated 7 000 people flee to neighboring countries daily Moreover the UN estimates that by the end of 2013 the number of Syrians in Turkey alone will reach one million
