Life Of St Andrew The Fool:

The Life of St. Andrew the Fool Nikēphoros,1995 The Life of St. Andrew the Fool: Introduction, testimonies and Nachleben Nikēphoros,1995 *The Perfect Servant* Kathryn M. Ringrose,2007-11-01 The Perfect Servant reevaluates the place of eunuchs in Byzantium Kathryn Ringrose uses the modern concept of gender as a social construct to identify eunuchs as a distinct gender and to illustrate how gender was defined in the Byzantine world At the same time she explores the changing role of the eunuch in Byzantium from 600 to 1100 Accepted for generations as a legitimate and functional part of Byzantine civilization eunuchs were prominent in both the imperial court and the church They were distinctive in physical appearance dress and manner and were considered uniquely suited for important roles in Byzantine life Transcending conventional notions of male and female eunuchs lived outside of normal patterns of procreation and inheritance and were assigned a unique capacity for mediating across social and spiritual boundaries This allowed them to perform tasks from which prominent men and women were constrained making them in essence perfect servants Written with precision and meticulously researched The Perfect Servant will immediately take its place as a major study on Byzantium and the history of gender The Making of Byzantium, 600-1025 Mark Whittow,1996-08-05 An excellent book Its originality lies in its broad geographical perspective the extensive treatment of neighboring countries and the emphasis on archaeological evidence Cyril Mango Exeter College Oxford **Byzantium in the Seventh Century** John F. Haldon,1990 An analytical account of developments within Byzantine culture society and the state from c 610 to 717 **Christian-Muslim Relations. A Bibliographical History. Volume 2 (900-1050)** David Thomas,Alexander Mallett,Barbara Roggema,2010-12-17 Christian Muslim Relations a Bibliographical History 2 CMR2 is a history of all the works on Christian Muslim relations from 900 to 1050 It comprises introductory essays and over one hundred entries containing descriptions assessments and comprehensive bibliographical details of individual works Papers Presented at the Fourteenth International Conference on Patristic Studies Held in Oxford 2003: Liturgia et cultus; Theologica et philosophica; Critica et philologica; Nachleben; First two centuries Frances Margaret Young,Mark J. Edwards,Paul M. Parvis,2006 **Papers Presented at the Fourteenth International Conference on Patristic Studies Held in Oxford 2003** Frances Margaret Young,Mark J. Edwards,Paul M. Parvis,2006 Managing Emotion in Byzantium Margaret Mullett,Susan Ashbrook Harvey,2022-09-30 Byzantinists entered the study of emotion with Henry Maguire s ground breaking article on sorrow published in 1977 Since then classicists and western medievalists have developed new ways of understanding how emotional communities work and where the ancients concepts of emotion differ from our own and Byzantinists have begun to consider emotions other than sorrow It is time to look at what is distinctive about Byzantine emotion This volume is the first to look at the constellation of Byzantine emotions Originating at an international colloquium at Dumbarton Oaks these papers address issues such as power gender rhetoric or asceticism in Byzantine society through the lens of a single emotion or cluster of emotions Contributors focus not only on the

construction of emotions with respect to perception and cognition but also explore how emotions were communicated and exchanged across broad multi linguistic political and social boundaries Priorities are twofold to arrive at an understanding of what the Byzantines thought of as emotions and to comprehend how theory shaped their appraisal of reality Managing Emotion in Byzantium will appeal to researchers and students alike interested in Byzantine perceptions of emotion Byzantine Culture and medieval perceptions of emotion *After the Text* Liz James, Oliver Nicholson, Roger Scott, 2021-10-31 After the Text honours the work of renowned historian Margaret Mullett who since the 1970s has transformed the study of Byzantine literature Her work has been influential in demonstrating the strength and variety of Byzantine texts Byzantium is renowned for its achievements in architecture and the visual arts Byzantium is renowned for its achievements in architecture and the visual arts Professor Mullett's perceptive studies produced over more than 40 years have shown that the literature of the Byzantine Empire is of equal beauty and interest ranging as it does from high style poetry and rhetoric in the classical manner through letters to demotic writings such as fables and the lives of saints The collection of essays in this volume draws further attention to the wealth and diversity of Byzantine texts by exploring the Greek literature of Late Antiquity and the Middle Ages in all its variety These studies by going like Professor Mullett herself beyond the texts illustrate the value of Byzantine literature for interpreting Byzantine history and civilisation in all its richness This book is crucial reading for scholars and students of the Byzantine world as well as for those interested in literary studies Chapter 16 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license *The Ashgate Research Companion to Byzantine Hagiography* Stephanos Efthymiadis, 2020-02-25 For an entire millennium Byzantine hagiography inspired by the veneration of many saints exhibited literary dynamism and a capacity to vary its basic forms The subgenres into which it branched out after its remarkable start in the fourth century underwent alternating phases of development and decline that were intertwined with changes in the political social and literary spheres The selection of saintly heroes an interest in depicting social landscapes and the modulation of linguistic and stylistic registers captured the voice of homo byzantinus down to the end of the empire in the fifteenth century The seventeen chapters in this companion form the sequel to those in volume I which dealt with the periods and regions of Byzantine hagiography and complete the first comprehensive survey ever produced in this field The book is the work of an international group of experts in the field and is addressed to both a broader public and the scholarly community of Byzantinists medievalists historians of religion and theorists of narrative It highlights the literary dimension and the research potential of a representative number of texts not only those appreciated by the Byzantines themselves but those which modern readers rank high due to their literary quality or historical relevance **The Virgin Mary in Byzantium, c.400-1000** Mary B. Cunningham, 2022-09-08 The Virgin Mary assumed a position of central importance in Byzantium This major and authoritative study examines her portrayal in liturgical texts during the first six centuries of

Byzantine history Focusing on three main literary genres that celebrated this holy figure it highlights the ways in which writers adapted their messages for different audiences Mary is portrayed variously as defender of the imperial city Constantinople virginal Mother of God and ascetic disciple of Christ Preachers hymnographers and hagiographers used rhetoric to enhance Mary's powerful status in Eastern Christian society depicting her as virgin and mother warrior and ascetic human and semi-divine being Their paradoxical statements were based on the fundamental mystery that Mary embodied she was the mother of Christ the Word of God who provided him with the human nature that he assumed in his incarnation This title is also available as Open Access on Cambridge Core *Dreaming in Byzantium and Beyond* George T. Calofonos, 2016-05-13 Although the actual dreaming experience of the Byzantines lies beyond our reach the remarkable number of dream narratives in the surviving sources of the period attests to the cardinal function of dreams as vehicles of meaning and thus affords modern scholars access to the wider cultural fabric of symbolic representations of the Byzantine world Whether recounting real or invented dreams the narratives serve various purposes such as political and religious agendas personal aspirations or simply an author's display of literary skill It is only in recent years that Byzantine dreaming has attracted scholarly attention and important publications have suggested the way in which Byzantines reshaped ancient interpretative models and applied new perceptions to the functions of dreams This book the first collection of studies on Byzantine dreams to be published aims to demonstrate further the importance of closely examining dreams in Byzantium in their wider historical and cultural as well as narrative context Linked by this common thread the essays offer insights into the function of dreams in hagiography historiography rhetoric epistolography and romance They explore gender and erotic aspects of dreams they examine cross-cultural facets of dreaming provide new readings and contextualize specific cases they also look at the Greco-Roman background and Islamic influences of Byzantine dreams and their Christianization The volume provides a broad variety of perspectives including those of psychoanalysis and anthropology **The Cambridge Companion to Apocalyptic Literature** Colin McAllister, 2020-03-26 Apocalyptic literature has addressed human concerns for over two millennia This volume surveys the source texts their reception and relevance Portraits of Spiritual Authority Jan Willem Drijvers, John Watt, 2015-08-27 This volume deals with several figures of spiritual authority in Christianity during late antiquity and the early middle ages and seeks to illuminate the way in which the struggle for religious influence evolved with changes in church and society A number of literary portraits are examined portraits which in various literary genres are themselves designed to establish and propagate the authority of the people whose lives and activities they describe The sequence begins with visionary and prophetic figures of the second and third centuries proceeds through several testimonies from the fourth century to the power of holy persons moves on to Syriac portraits of the fifth to seventh centuries and ends with the demise of the authority of the holy man in the eighth The Cult of Saints in Late Antiquity and the Early Middle Ages James Howard-Johnston, Paul Antony Hayward, 2000-01-07 This book contains eleven essays prefaced by a general

introduction on a set of related themes the characteristic traits and diverse functions of holy men the fashioning of saints out of a small minority of holy men and a number of other individuals of high social status but with more dubious spiritual credentials the literary processes involved in the construction of hagiographical texts the role of hagiography in the creation and diffusion of cults and the worldly interests and other purposes which were served by hagiographical texts and the cults which they propagated These themes are explored across a wide range of social and cultural milieux extending from the late antique east Mediterranean through the early medieval Frankish world and Byzantium to Russia and Islam in the high middle ages The work of Peter Brown in particular his article *The Rise and Function of the Holy Man in Late Antiquity* first published in 1971 forms a constant point of reference acknowledged by the contributors as having irradiated the whole field with fresh provocative and illuminating ideas

The Serpent Column Paul Stephenson, 2016 Paul Stephenson twists together multiple strands to relate the cultural biography of a unique monument the Serpent Column which stands today in Istanbul 2 500 years after it was raised at Delphi

Myriobiblos Theodora Antonopoulou, Sofia Kotzabassi, Marina Loukaki, 2015-03-10 This volume presents a broad array of contributions on Byzantine literature and culture in which well known Byzantinists approach topics of ceremonial education historiography hagiography homiletics law philology philosophy prosopography rhetoric and theology New editions and analyses of texts and documents are included The essays combine traditional scholarship with newer approaches thus reflecting the current dynamics of the field

Holy Fools in Byzantium and Beyond Sergey A. Ivanov, 2006-04-06 There are saints in Orthodox Christian culture who overturn the conventional concept of sainthood Their conduct may be unruly and salacious they may blaspheme and even kill yet mysteriously those around them treat them with even more reverence Such saints are called holy fools In this pioneering study Sergey A Ivanov examines the phenomenon of holy foolery from a cultural standpoint He identifies its prerequisites and its development in religious thought and traces the emergence of the first hagiographic texts describing these paradoxical saints He describes the beginnings of holy foolery in Egyptian monasteries of the fifth century followed by its high point in the cities of Byzantium with an eventual decline in the twelfth to fourteenth centuries He also compares the important Russian tradition of holy fools which in some form has survived to this day

Diachronic Slavonic Syntax Imke Mendoza, Sandra Birzer, 2022-03-21 The impact of the ecclesiastical languages Greek Latin and Church Slavonic on the Slavic standard languages still lacks a systematic analysis in the theoretical framework of contact linguistics Based on corpus data this volume offers an account in the light of literacy language contact i e contact between varieties that are used only in a written variant and only in formal registers Latin was used as literary language in medieval Slavia Romana Greek was the source language for Church Slavonic which in turn was the literary language for many Slavonic speaking communities and thus had an enormous impact on the development of the modern Slavonic standard languages The book offers in depth analyses of the impact of Latin on pre Standard Slavonic varieties the influence of Greek on Old Church Slavonic and the role of Church Slavonic as a source

language for Old and Modern Russian The contributions discuss morpho syntactic phenomena such as non finite clauses relative clauses word order the use and function of case and tense forms The volume addresses Slavists General linguists and scholars of Classical Philology interested in language contact and syntactic issues
