Enacting Catholic Social Tradition Sedmak, Clemens,2022-03-23 Emphasizes that Catholic Social Tradition stems not from arbitrary laws laid down by Church leaders but from moral guidance inspired by Scripture **Rays from the Rose Cross** ,1918 *Rationality and Religious Commitment* Robert Audi,2011-09-22 Rationality and Religious Commitment shows how religious commitment can be rational and describes the place of faith in the postmodern world It portrays religious commitment as far more than accepting doctrines it is viewed as a kind of life not just as an embrace of tenets Faith is

conceived as a unique attitude It is irreducible to belief but closely connected with both belief and conduct and intimately related to life s moral political and aesthetic dimensions Part One presents an account of rationality as a status attainable by mature religious people even those with a strongly scientific habit of mind Part Two describes what it means to have faith how faith is connected with attitudes emotions and conduct and how religious experience may support it Part Three turns to religious commitment and moral obligation and to the relation between religion and politics It shows how ethics and religion can be mutually supportive even though ethics provides standards of conduct independently of theology It also depicts the integrated life possible for the religiously committed a life with rewarding interactions between faith and reason religion and science and the aesthetic and the spiritual The book concludes with two major accounts One explains how moral wrongs and natural disasters are possible under God conceived as having the knowledge power and goodness that make such evils so difficult to understand The other account explores the nature of persons human and divine and yields a conception that can sustain a rational theistic worldview even in the contemporary scientific age *Iris Folding Cards for Life's Special Moments* ,2014-09-01 The fresh and unique iris folding projects featured in this book are perfect for commemorating special occasions with beautiful handcrafted greeting cards Intended for crafters at an intermediate skill level the 20 designs employ both traditional and nontraditional iris folding techniques and make use of materials ranging from fabric tissue paper cardstock ribbon and specialty papers Patterns and apertures can be mixed and matched to create unlimited design options paper can be altered to add texture and recycled materials can be used to fashion unique finishing touches The end result will be beautifully made greeting cards to share with cherished friends and family *Life an Epic* H. Kant's Aesthetic Theory David Berger,2011-10-27 Taste is ordinarily thought of in terms of two very different idioms a normative idiom of taste as a standard of appraisal and a non normative idiom of taste as a purely personal matter Kant attempts to capture this twofold conception of taste within the terms of his mature critical philosophy by distinguishing between the beautiful and the agreeable Scholars have largely taken Kant's distinction for granted but David Berger argues that it is both far richer and far more problematic than it may appear Berger examines in detail Kant's various attempts to distinguish beauty from agreeableness This approach reveals the complex interplay between Kant's substantive aesthetic theory and his broader views on metaphysics and epistemology Indeed Berger argues that the real interest of Kant's distinction between beauty and agreeableness is ultimately epistemological His interpretation brings Kant's aesthetic theory into dialogue with questions at the heart of contemporary analytic philosophy and shows how philosophical aesthetics can offer fresh insights into contemporary philosophical debates
