be pleasantly surprised at how accurately hand analysis reveals his own particular case      The Laws of Scientific Hand Reading William George Benham,1968      Palm Reading for Beginners Richard Webster,2012-07-08 Palm reading is a lot easier than you may think No cards no coins no charts of the planets just a hand and the knowledge in this book Whether your interest is serious or casual Palm Reading for Beginners will open a world of insight into yourself your friends your family and your future Announce in any gathering that you read palms and you will be flocked by people thrilled to show you their hands When you are have finished Palm Reading for Beginners you will be able to look at anyone s palm including your own and confidently and effectively tell them about their personality love life hidden talents career options prosperity and health      **The Laws of Scientific Hand Reading** William G.
