Transplanting Care Laura L. Heinemann, 2016-07-12 The sudden call the race to the hospital the high stakes operation the drama of transplant surgery is well known But what happens before and after the surgery In *Transplanting Care* Laura L. Heinemann examines the daily lives of midwestern organ transplant patients and those who care for them from pretransplant preparations through to the long posttransplant recovery Heinemann points out that as efforts to control healthcare costs gain urgency and as new surgical techniques drug therapies and home medical equipment advance most of the transplant process now takes place at home among kin Indeed the transplant system effectively depends on unpaid care labor typically provided by spouses parents siblings and others Drawing on scores of interviews with patients relatives and healthcare professionals Heinemann follows a variety of patients and loved ones as they undertake this uncertain and strenuous transplant journey She also shows how these home-based caregiving efforts take place within the larger economic and political context of a paucity of resources for patients and caregivers who ultimately must surmount numerous obstacles The author concludes that the many snags encountered by transplant patients and loved ones make a clear case for more comprehensive health and social policy that treats care as a

necessarily shared public responsibility An illuminating look at the long transplant journey Transplanting Care also offers broader insight into how we handle infirmity in America and how we might do a better job of doing so Spiritual Care First Aid Cody J. Sanders,2025-04-15 Cody J Sanders s Spiritual Care First Aid provides instruction in the basics of spiritual care in a way that nearly anyone can use A field guide to serving as a spiritual care first responder whenever and wherever help is needed the book offers an accessible approach of hearing helping and healing **Theological Context for Pastoral Caregiving** William M Clements,Howard W Stone,2013-09-05 In Theological Context for Pastoral Caregiving Howard W Stone helps his fellow pastors and worship leaders provide effective and faithful pastoral care and counseling through the study of the correlation between pastoral care and theology You will learn that in order for pastoral care to be effective it must have a theological base to shape the caregiving experience At the same time theology must be informed by the needs and experiences of the people being served and by the ministry of pastoral care By relating these two issues you gain a unique viewpoint not offered by books with simply a psychological focus The author draws from his day to day clinical practice of pastoral care and counseling to show how pastoral care and theology can be brought together Through Howard Stone s work the reader learns of an overview of pastoral care and counseling today how to provide a pastoral assessment of the persons served the author s theological understanding of the ministry of pastoral care and counseling methods for correlating theology and pastoral care how spiritual direction as a discipline can help pastoral care and counseling ministry regain a solid theological base theological themes that might be more explicitly and intentionally related to pastoral care Theological Context for Pastoral Caregiving provides useful information for parish pastors people in training to be parish pastors and specialists in the field of pastoral care counseling As one of the easiest to read books on this subject it can also be used as a text for graduate level classes in courses such as Theology and Pastoral Care Pastoral Theology and Practical Theology With this book seminary students will finally be able to relate the practical things learned in pastoral counseling classes with what is learned in theology classes **Comforting the Fearful** Leroy T. Howe,2003 Often Christians ask how can they be afraid and still have faith Bringing together the wisdom of the Christian faith tradition and insights from several schools of modern psychology this book offers a careful analysis of the origin and dynamics of fear in human experience The author shows how to transform fears from crippling emotion into a way to search for God While of interest to all the book is especially meant to help lay ministers comfort others BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
