Le Flambeau:

The Extreme Right in Interwar France Samuel Kalman, 2016-12-05 Historians of the French extreme right frequently denote the existence of a strong xenophobic and nationalist tradition dating from the 1880s a perpetual anti republicanism which pervaded twentieth century political discourse Much attention is habitually paid to the interwar era deemed the zenith of this success when the leagues attracted hundreds of thousands of members and enjoyed significant political acclaim Most works on the subject speak of the French right or French fascism presenting compendia of figures and organizations from the Dreyfus Affair in the 1890s through the notorious Vichy regime the authoritarian construct which emerged following the defeat to Nazi Germany in June 1940 However historians rarely discuss the programmatic elements of extreme right wing doctrine which demanded the eradication of parliamentary democracy and the transformation of the nation and state according to group principles Instead most detail the organization and membership of various organizations and often recount their quotidian activities as political actors within and in opposition to the Third Republic This book offers a new interpretation of the extreme right in interwar French politics focusing upon the largest and most influential such groups in 1920s and 1930s the Faisceau and the Croix de Feu It explores their designs for extensive political economic and social renewal a project that commanded significant attention from the leadership and rank and file of both organizations providing the overarching goal behind their aspiration to power The book examines five components of these efforts A renewal of politics and government the establishment of a new economic order a revaluation of gender and familial relations the role of youth in the new socio political construct and the politics of exclusion inherent in every facet of Faisceau and CDF doctrine In so doing it contributes to a historical understanding of the programmatic elements of the interwar extreme right while simultaneously situating its most prominent exponents within their broader historical context

The Republic of Men Geoff Read, 2014-05-12 In *The Republic of Men* Geoff Read explores the intersection of gender bias and the eight most important political parties in interwar France breaking new scholarly ground in profound ways The first to compare gender discourse across the political spectrum in a national context and trace the origins of the fascist new man in other political traditions Read evaluates the impact of gender discourse upon policy during a pivotal period in French history Skillfully exploring how differing political traditions from left to right influenced and reacted to each other Read shows that regardless of the party predominant notions of gender manifested themselves in misogyny and double standards when it came to women s emancipation Despite the hostility of male politicians and party members and despite women s exclusion from both parliament and the vote Read argues that women were nonetheless crucial to politics and visibly prominent within almost every political party in interwar France Read explains this seeming contradiction by demonstrating the existence of a conservative trend in gender politics that by the mid 1930s had enveloped even the Communist Party Through his masterful analysis Read closes significant gaps in the existing historiography and presents a truly revisionist assessment of early

twentieth century French politics **Belgium and the Holocaust** Dan Mikhman,1998 About the Holocaust in Belgium

Fascism Michael S. Neiberg,2017-11-30 This volume presents the best writings on the origins development success and failure of fascism outside Germany By treating the problem in a global context these essays together add tremendous complexity to our understanding of one of history s most destructive political movements The collection covers theories origins and definitions of fascism fascism in power fascism in opposition and fascism in a global and comparative setting

Reconciling France Against Democracy Sean Kennedy,2007-02-27 Launched as a veterans group during the mid 1930s the Croix de Feu grew into a nationalist movement with half a million supporters In Reconciling France against Democracy Sean Kennedy explores how the group led by Fran ois de La Rocque reshaped French politics and helped set the stage for the repressive Vichy regime

Alchemy and Amalgam Emily Salines,2004 Alchemy and Amalgam explores a relatively un researched area of the Baudelairean corpus his translations from English and relates them to the rest of his works It seeks to establish a link between translational and creative writing arguing for a reassessment of the place of translation in Baudelaire s writing method Rather than a sideline in Baudelaire s creative activities translation is thus shown to be a central form of dual writing at the core of his works Baudelaire s translations from English his constant rewriting of pre existing material including his own the doublets the transpositions d art and the art criticism are all based on an approach to writing which is essentially derivative but also transformative Thus the Baudelairean experiment illustrates the limits of romantic notions of originality creativity and genius reminding us that all writing is intrinsically intertextual It also shows the complexity of translation as a form of creation at the core of modern writing The book is one of the first of its kind to link the study the translational activity of a major writer to his creative writings It is also one of the first to provide an integrated presentation of French 19th century translation approaches and to link them to questions of copyright and authorship in the context of the rise of capitalism and romantic views of creation and genius It offers therefore a new perspective both on translation history and on literary history Alchemy and Amalgam will be of interest to students of translation comparative literature and French studies

War Veterans and Fascism in Interwar Europe Ángel Alcalde,2017-06-07 This book explores from a transnational viewpoint the historical relationship between war veterans and fascism in interwar Europe Until now historians have been roughly divided between those who assume that brutalization George L Mosse led veterans to join fascist movements and those who stress that most ex soldiers of the Great War became committed pacifists and internationalists Transcending the debates of the brutalization thesis and drawing upon a wide range of archival and published sources this work focuses on the interrelated processes of transnationalization and the fascist permeation of veterans politics in interwar Europe to offer a wider perspective on the history of both fascism and veterans movements A combination of mythical constructs transfers political communication encounters and networks within a transnational space explain the relationship between veterans and fascism Thus this book offers new insights into the

essential ties between fascism and war and contributes to the theorization of transnational fascism

Le gradus français ou Dictionnaire de la langue poétique, précédé d'un nouveau traité de la versification française et suivi d'un nouveau dictionnaire des rimes ... Par L.J.M. Carpentier ... Tome 1. [2.] ,1825 **Le gradus français, ou Dictionnaire de la langue poetique** L. J. M. Carpentier,1822 *Political Belief in France, 1927-1945* Caroline Campbell,2015-12-09 In the inter war era the rise of the largest political movement in modern French history the powerful Croix de Feu 1927 1936 and its successor the Parti Social Fran aïs or PSF 1936 1945 led to a sharp rightward turn in France s political culture Political Belief in France 1927 1945 traces the central role of women in this shift arguing that they transformed the Croix de Feu PSF from a paramilitary league for veterans into a social reform movement that sought to remake the politics society and culture of the French Republic Following the creation of a Women s Section in 1934 the women of the Croix de Feu PSF developed a wide array of social programs including welfare services youth development and health care initiatives At a time of economic depression and high unemployment these popular programs tempered the organization s fearsome reputation as a violent paramilitary group While the efforts of the Women s Section had the veneer of moderation they accentuated the long standing conservative image of France as a deeply Christian society and sought to assimilate people of different ethnoreligious backgrounds into the dominant national community Croix de Feu PSF women promoted their socialagenda as a religious and patriotic duty a reflection of the individual s responsibility to make personal sacrifices on behalf of their vision for France s Christian civilization The Croix de Feu PSF s ethnoreligious nationalism circulated throughout the French imperial nation state making the movement the premier defender of an empire at the height of its power But women in North African branches faced substantial marginalization and the movement remained dangerously sectarian in the Maghreb driving indigenous activists from reformism to anticolonialism The Croix de Feu PSF thus set the stage for both the authoritarian anti Semitic Vichy regime and the decolonization that followed the war The first book on women of the French far right in the age of fascism Political Belief in France 1927 1945 contributes to the fields of French history gender studies the history of fascism and the history of empire Le Gradus français, ou Dictionnaire de la langue poétique. Précédé d'un nouveau traité de la versification française, et suivi d'un nouveau dictionnaire des rimes ... Deuxième édition L. J. M. CARPENTIER,1825 Baudelaire in Song Helen Abbott,2017-10-27 Why do we find it hard to explain what happens when words are set to music This study looks at the kind of language we use to describe word music relations both in the academic literature and in manuals for singers or programme notes prepared by professional musicians Helen Abbott s critique of word music relations interrogates overlaps emerging from a range of academic disciplines including translation theory adaptation theory word music theory as well as critical musicology m tricom trie and cognitive neuroscience It also draws on other resources whether adhesion science or financial modelling to inform a new approach to analysing song in a model proposed here as the assemblage model The assemblage model has two key stages of analysis The

first stage examines the bonds formed between the multiple layers that make up a song setting including metre prosody form structure sound repetition semantics and live performance options The second stage considers the overall outcome of each song in terms of the intensity or stability of the words and music present in a song accretion dilution Taking the work of the major nineteenth century French poet Charles Baudelaire 1821-67 as its main impetus the volume examines how Baudelaire's poetry has inspired composers of all genres across the globe from the 1860s to the present day The case studies focus on Baudelaire song sets by European composers between 1880 and 1930 specifically Maurice Rollinat Gustave Charpentier Alexander Gretchaninov Louis Vierne and Alban Berg Using this corpus it tests out the assemblage model to uncover what happens to Baudelaire's poetry when it is set to music It factors in the realities of song as a live performance genre and reveals which parameters of song emerge as standard for French text setting and where composers diverge in their approach

Choisies de George Sand. The Selected Works of George Sand George Sand, Le jeune prince Karol de Roswald venait de perdre sa mère lorsqu'il fit connaissance avec la Floriani Il était plongé encore dans une tristesse profonde et rien ne pouvait le distraire La princesse de Roswald avait tout pour lui une mère tendre et parfaite Elle avait prodigué son enfance d'être et souffreteuse les soins les plus assidus et le dévouement le plus entier levé sous les yeux de cette digne et noble femme le jeune homme n'avait eu qu'une passion réelle dans toute sa vie l'amour filial Cet amour réciproque du fils et de la mère les avait rendus exclusifs et peut-être un peu trop absolus dans leur manière de voir et de sentir La princesse était d'un esprit supérieur et d'une grande instruction il est vrai son entretien et ses enseignements semblaient pouvoir tenir lieu de tout au jeune Karol La franchise de celui-ci se trouvait opposée à ces études classiques pénibles si chèrement tenaces qui ne valent pas toujours par elles-mêmes les dons d'une mère claire mais qui ont cet avantage indispensable de nous apprendre travailler parce qu'elles sont comme la clef de la science de la vie La princesse de Roswald ayant cartonné les pédagogues et les livres par ordonnance des médecins se trouvait attachée à former l'esprit et le cœur de son fils par sa conversation par ses récits par une sorte d'insufflation de son être moral que le jeune homme avait aspiré avec délices Il était donc arrivé à savoir beaucoup sans avoir rien appris Mais rien ne remplace l'expérience et le soufflet que dans mon enfance on donnait encore aux marmots pour leur graver dans la mémoire le souvenir d'une grande motion d'un fait historique d'un crime célèbre ou de tout autre exemple à suivre ou à éviter n'était pas chose si vaine que cela nous paraît aujourd'hui Nous ne donnons plus ce soufflet nos enfants mais ils vont le chercher ailleurs et la lourde main de l'expérience l'applique plus rudement que ne ferait la nature Le jeune Karol de Roswald connut donc le monde et la vie de bonne heure de trop bonne heure peut-être mais par la théorie et non par la pratique Dans le louable dessein d'élever son fils il ne laissa approcher de lui que des personnes distinguées dont les préceptes et l'exemple devaient lui être salutaires Il sut bien que dehors il y avait des méchants et des fous mais il n'apprit qu'à les éviter nullement les connaître On lui enseigna bien à secourir les malheureux les portes du palais où se coula son enfance étaient
