Kaczvinsky, 1997 Through his use of Gnostic beliefs Durrell destabilizes our notions of the real and suggests that the civilization to emerge out of the ruins of a devastated Europe will not be Christian but Quincunxial Durrell's aesthetic and thematic concerns establish him as a significant indeed central voice in twentieth century British literature His career which spans over five decades links the British High Modernists with the Postmodernists      *Indian Metaphysics in Lawrence Durrell's Novels* Ravindran Nambiar, 2014-01-08 In this study of the influence of Indian metaphysics on Lawrence Durrell's novels Professor Nambiar offers a unique milestone in the history of Durrellian criticism Embracing Durrell's search for universal awareness through Western and Indian metaphysics the book presents a new metaphysical reading of the writer's prose that has remained untapped until now Exploring Durrell's quest for a new reality through fiction Nambiar focuses in depth on The Avignon Quintet and questions

the complex symbolic patterns that shape the polymorphous characters peregrinations through space and time With much subtlety modesty and wit Indian Metaphysics in Lawrence Durrell s Novels opens up the mysterious doors of the kingdom of the imagination

The Quality of Life Richard Pine,2021-06-09 These essays represent a selection of 40 years commentary on the political dimensions of cultural life They address the entire spectrum of culture from theories of international communication to the provision of cultural and leisure facilities at local level As a former consultant to the Council of Europe the author has developed a penetrating insight into the decision making process between local authorities and citizens groups which is discussed in two seminal papers from the 1980s which pioneered the concept of Cultural Democracy In addition the book s close readings of novels and plays by Irish and Greek writers explore the way that all writing and forms of self expression have a political message and repercussions

**The Matrix in Theory** ,2016-08-01 The Matrix trilogy continues to split opinions widely polarising the downright dismissive and the wildly enthusiastic Nevertheless it has been fully embraced as a rich source of theoretical and cultural references The contributions in this volume probe the effects the Matrix trilogy continues to provoke and evaluate how or to what extent they coincide with certain developments within critical and cultural theory Is the enthusiastic philosophising and theorising spurred by the Matrix a sign of the desperate state theory is in in the sense of see how low theory or post theory has sunk Or could the Matrix be one of the master texts for something like a renewal for theory as now being mainly concerned with new and changing relations between science technology posthumanist culture art politics ethics and the media The present volume is unashamedly but not dogmatically theoretical even though there is not much agreement about what kind of theory is best suited to confront post theoretical times But it is probably fair to say that there is agreement about one thing namely that if theory appears to be like the Matrix today it does so because the culture around it and which made it itself seems to be captured in some kind of Matrix The only way out of this is through more and renewed refreshed theorising not less

**The Making of a Counter-culture Icon** Maria R. Bloshteyn,2007-01-01 At first glance the works of Fedor Dostoevsky 1821 1881 do not appear to have much in common with those of the controversial American writer Henry Miller 1891 1980 However the influencer of Dostoevsky on Miller was in fact enormous and shaped the latter s view of the world of literature and of his own writing The Making of a Counter Culture Icon examines the obsession that Miller and his contemporaries the so called Villa Seurat circle had with Dostoevsky and the impact that this

obsession had on their own work Renowned for his psychological treatment of characters Dostoevsky became a model for Miller Lawrence Durrell and Anais Nin interested as they were in developing a new kind of writing that would move beyond staid literary conventions Maria Bloshteyn argues that as Dostoevsky was concerned with representing the individual's perception of the self and the world he became an archetype for Miller and the other members of the Villa Seurat circle writers who were interested in precise psychological characterizations as well as intriguing narratives Tracing the cross cultural appropriation and mis interpretation of Dostoevsky's methods and philosophies by Miller Durrell and Nin The Making of a Counter Culture Icon gives invaluable insight into the early careers of the Villa Seurat writers and testifies to Dostoevsky's influence on twentieth century literature

**Filthy Material** Chris Forster, 2019 Modernist literature is inextricable from the history of obscenity The trials of figures like James Joyce D H Lawrence and Radclyffe Hall loom large in accounts twentieth century literature Filthy Material Modernism and The Media of Obscenity reveals the ways that debates about obscenity and literature were shaped by changes in the history of media Judgments about obscenity which hinged on understanding how texts were circulated and read were often proxies for the changing place of literature in an age of new technological media The emergence of film photography and new printing technologies shaped how literary value was understood altering how obscenity was defined and which texts were considered obscene Filthy Material rereads the history of obscenity in order to discover a history of technological media behind debates about moral corruption and sexual explicitness The shift from the intense censorship of the early twentieth century to the effective end of obscenity for literature at the middle of the century it argues is not simply a product of cultural liberalization but of a changing media ecology Filthy Material brings together media theory and archival research to offer a fresh account of modernist obscenity and novel readings of works of modernist

literature It sheds new light on figures at the center of modernism s obscenity trials such as Joyce and Lawrence demonstrates the relevance of the discourse obscenity to understanding figures not typically associated with obscenity debates like T S Eliot and Wyndham Lewis and introduces new figures to our account of modernism like Norah James and Jack Kahane It reveals how modernist obscenity reflected a contest over the literary in the face of new media technologies
