Lawrence Halprin Notebooks 1959 1971:

Notebooks, 1959-1971 Lawrence Halprin, 1972 These selections from Halprin's personal and professional notebooks take us as far as it may be possible to go within the imagination of another person especially one whose highly energized originality is moving in several directions simultaneously Lawrence Halprin Notebooks, 1959-1971 Lawrence Halprin, 1972 Anna Halprin Janice Ross, 2009-05-06 This comprehensive biography examines Halprin's fascinating life in the context of American culture in particular popular culture and the West Coast as a center of artistic experimentation from the Beats through the Hippies to the present *The Oxford Handbook of Jewishness and Dance* Naomi M. Jackson, Rebecca Pappas, Toni Shapiro-Phim, 2021-11-16 Responding to recent evolutions in the fields of dance and religious and secular studies *The Oxford Handbook of Jewishness and Dance* documents and celebrates the significant impact of Jewish identity on a variety of communities and the dance world writ large Focusing on North America Europe and Israel in the twentieth and twenty first centuries this Handbook highlights the sometimes surprising often hidden and overlooked Jewish resonances within a range of styles from modern and postmodern dance to folk dance and flamenco Privileging the historically marginalized voices of scholars performers and instructors the Handbook considers the powerful role of dance in addressing difference such as between American and Israeli Jewish communities In the process contributors advocate values of social justice like Tikkun Olam repair of the world debate and humor exploring the fascinating and potentially uncomfortable contradictions and ambiguities that characterize this robust area of research **Drawing the Landscape** Chip Sullivan, 2013-12-05 This elegant Fourth Edition of Chip Sullivan's classic *Drawing the Landscape* shows how to use drawing as a path towards understanding the natural and built environment It offers guidance for tapping into and exploring personal creative potential and helps readers master the essential principles tools and techniques required to prepare professional graphic representations in landscape architecture and architecture It illustrates how to create a wide range of graphic representations using step by step tutorials exercises and hundreds of samples **Theatres of Architectural Imagination** Lisa Landrum, Sam Ridgway, 2023-05-17 This volume explores connections between architecture and theatre and encourages imagination in the design of buildings and social spaces Imagination is arguably the architect's most crucial capacity underpinning memory invention and compassion No simple power of the mind architectural imagination is deeply embodied social and situational Its performative potential and holistic scope may be best understood through the model of theatre *Theatres of Architectural Imagination* examines the fertile relationship between theatre and architecture with essays interviews and entr'actes arranged in three sections Bodies Settings and Inter Actions Contributions explore a global spectrum of examples and contexts from ancient Rome and Renaissance Italy to modern Europe North America India Iran and Japan Topics include the central role of the human body in design the city as a place of political drama protest and phenomenal play and world making through language gesture and myth Chapters also consider sacred and magical functions

of theatre in Balinese and Persian settings eccentric experiments at the Bauhaus and 1970 Osaka World Expo and ecological action and collective healing amid contemporary climate chaos Inspired by architect and educator Marco Frascari the book performs as a Janus like memory theatre recalling and projecting the architect s perennial task of reimagining a more meaningful world This collection will delight and provoke thinkers and makers in theatrical arts and built environment disciplines especially architecture landscape and urban design *Drawing and Reinventing Landscape* Diana Balmori,2014-12-05 How to tackle representation in landscape design Representation is a hot topic in landscape architecture While computerization has been a catalyst for change across many fields in design no other design field has experienced such drastic reinvention as has landscape architecture As the world urbanizes rapidly and our relationship with nature changes it is vitally important that landscape designers adopt innovative forms of representation whether digital analog or hybrid In this book author Diana Balmori explores notions of representation in the discipline at large and across time She takes readers from landscape design s roots in seventeenth century France and eighteenth century England through to modern attempts at representation made by contemporary landscape artists Addresses a central topic in the discipline of landscape architecture Features historic works and those by leading contemporary practitioners such as Bernard Lassus Richard Haag Stig L Andersson Lawrence Halprin and Patricia Johanson Written by a renowned practitioner and educator Features 150 full color images *Drawing and Reinventing Landscape AD Primer* is an informative investigation of beauty in landscape design offering inspiring creative perspectives for students and professionals *The Language of Landscape* Anne Whiston Spirn,1998-01-01 This eloquent and powerful book combines poetry and pragmatism to teach the language of landscape Anne Whiston Spirn author of the award winning *The Granite Garden Urban Nature and Human Design* argues that the language of landscape exists with its own syntax grammar and metaphors and that we imperil ourselves by failing to learn to read and speak this language To understand the meanings of landscape our habitat is to see the world differently and to enable ourselves to avoid profound aesthetic and environmental mistakes Offering examples that range across thousands of years and five continents Spirn examines urban rural and natural landscapes She discusses the thought of renowned landscape authors Thomas Jefferson Frank Lloyd Wright Frederick Law Olmsted Lawrence Halprin and of less well known pioneers including Australian architect Glenn Murcutt and Danish landscape artist C Th S rensen She discusses instances of great landscape designers using landscape fluently masterfully and sometimes cynically And in a probing analysis of the many meanings of landscape Spirn shows how one person s ideal landscape may be another s nightmare how Utopian landscapes can be dark There is danger when we lose the connection between a place and our understanding of it Spirn warns and she calls for change in the way we shape our environment based on the notions of nature as a set of ideas and landscape as the expression of action and ideas in place *The Oxford Dictionary of Architecture* James Stevens Curl,Susan Wilson,2015-02-26 Containing over 6 000 entries from Aalto to Zwinger and written in a clear and concise style this

authoritative dictionary covers architectural history in detail from ancient times to the present day It also includes concise biographies of hundreds of architects from history excluding living persons from Sir Francis Bacon and Imhotep to Liang Su ch eng and Francis Inigo Thomas The text is complemented by over 260 beautiful and meticulous line drawings labelled cross sections and diagrams These include precise drawings of typical building features making it easy for readers to identify particular period styles This third edition of The Oxford Dictionary of Architecture has been extensively revised and expanded with over 900 new entries including hundreds of definitions of garden and landscape terms such as Baroque garden floral clock hortus conclusus and Zen garden design Each entry is followed by a mini bibliography with suggestions for further reading The full bibliography to the first edition previously only available online has also been fully updated and expanded and incorporated into this new edition This is an essential work of reference for anyone with an interest in architectural and garden history With clear descriptions providing in depth analysis it is invaluable for students professional architects art historians and anyone interested in architecture and garden design and provides a fascinating wealth of information for the general reader

Organization Space Keller Easterling,2001-08-24 Bridging the gap between architecture and infrastructure Easterling views architecture as part of an ecology of interrelationships and linkages and she treats the expression of organizational character as part of the architectural endeavor The dominant architectures in our culture of development consist of generic protocols for building offices airports houses and highways For Keller Easterling these organizational formats are not merely the context of design efforts they are the design Bridging the gap between architecture and infrastructure Easterling views architecture as part of an ecology of interrelationships and linkages and she treats the expression of organizational character as part of the architectural endeavor Easterling also makes the case that these organizational formats are improvisational and responsive to circumstantial change to mistakes anomalies and seemingly illogical market forces By treating these irregularities opportunistically she offers architects working within the customary development protocols new sites for making and altering space By showing the reciprocal relations between systems of thinking and modes of designing Easterling establishes unexpected congruencies between natural and built environments virtual and physical systems highway and communication networks and corporate and spatial organizations She frames her unconventional notion of site not in terms of singular entities but in terms of relationships between multiple sites that are both individually and collectively adjustable **Site Analysis** James A. LaGro, Jr.,2013-02-25 The process oriented guide to context sensitive site selection planning and design Sustainable design is responsive to context And each site has a unique set of physical biological cultural and legal attributes that presents different opportunities and constraints for alternative uses of the site Site analysis systematically evaluates these on site and off site factors to inform the design of places including neighborhoods and communities that are attractive walkable and climate resilient This Third Edition of Site Analysis is fully updated to cover the latest topics in low impact location efficient design and development This complete user friendly guide Blends theory and practice from the fields of landscape architecture urban planning architecture geography and urban design Addresses important sustainability topics including LEED ND Sustainable Sites STAR community index and climate adaptation Details the objectives and visualization methods used in each phase of the site planning and design process Explains the influence of codes ordinances and site plan approval processes on the design of the built environment Includes more than 200 illustrations and eight case studies of projects completed by leading planning and design firms Site Analysis Third Edition is

the ideal guide for students taking courses in site analysis site planning and environmental design New material includes review questions at the end of each chapter for students as well as early career professionals preparing for the ARE LARE or AICP exams Real Time ,1973
