Lay Theology:

Lay Theology in the Reformation Paul A. Russell, 2002-06-20 This book examines the coming of the Protestant Reformation from the viewpoint of eight common people who were sufficiently disturbed by the events of 1521 to write treatises, letters, dialogues and sermons which they published. Their works are lively testimony to the interest of laypeople in the affairs of the church and their willingness to discuss often complex theological training. These works are among the first documents of lay theology and piety but they are also propaganda. Disappointed with the Catholic clergy and with secular authorities, the authors of these pamphlets were called to prophesy, preach and convert their readers, listeners, lest Christ return soon to find his church unprepared. They demanded a new apostolate for laypeople, something the clergy had feared for centuries and something which civic authorities feared as a potential source of radical ideas.

Theology for Ministry Edward P. Hahnenberg, 2014-04-16 Theology for Ministry is for beginning ministry students, seasoned lay leaders and anyone in between who wants to learn more about the faith that feeds their call to serve. Six easy-to-read chapters introduce the main areas of theology that every lay minister ought to know: the notion of vocation, the doctrine of God, Jesus Christ, the Holy Spirit, church and ministry. By sharing personal stories and simple examples, Edward Hahnenberg brings the Bible to life and dusts off ancient church doctrines, revealing the many ways our tradition can inspire the work of lay ministers today.

Lay Theology John B. Cobb, 1994 The message of this book is that for the good of the church and of the world, pastors and laypeople need to rescue Christian thinking from the intellectual ether and return it to real life where it belongs.

Ordinary Theology Jeff Astley, 2017-07-05 Ordinary theology is Jeff Astley's phrase for the theology and theologising of Christians who have received little or no theological education of a scholarly, academic or systematic kind. Astley argues that an in-depth study of ordinary theology, which should involve both empirical research and theological reflection, can help recover theology as a fundamental dimension of every Christian's vocation. Ordinary Theology analyses the problems and possibilities of research and reflection in this area. This book explores the philosophical, theological and educational dimensions of the concept of ordinary theology, its significance for the work of the theologian as well as for those engaged in the ministry of the church and the criticisms that it faces. Ordinary theology, Astley writes, is the church's front line. Statistically speaking, it is the theology of God's church.

Songs as Locus for a Lay Theology Philip K. Mathai, 2019-02-07 Hymns and songs have long been the most frequent and characteristic expression of communal beliefs, particularly among faith traditions that lack authoritarian or rigidly codified doctrinal statements. Even among Christian traditions that do include a strong focus on creeds, catechism and liturgy, it is hymnody more than anything else that sustains their lay theology. The hymns of Moshe Walsalam Sastriyar (1847-1916) and Sadhu Kochukunju Upadeshi (1883-1945), both from the Kingdom of Travancore in southwest India, transcend denominational boundaries and have been embraced far beyond their historical communities of origin as a means of articulating faith and spirituality. Against a missionizing backdrop of western-dominated hymnody and

theology these songs and writings from the fringes of colonialism were embraced by local communities and became their chosen expression of faith As such they evoked a lay consciousness quite distinct from official theologies of the church In Walsalam and Kochukunju along with other Christian writers of their period and culture we see a unique inter weaving of local traditions and the global Christian message one that transformed social and spiritual relationships for individuals and their communities alike

Lay Ministry William Rademacher, 2002-07-15 The author has achieved his goal of providing spiritual and pastoral support for lay ministry by covering a wide spectrum of interests historical information spiritual growth personal reflection and career choices Lay Ministry Newsletter of the National Association for Lay Ministry Lay Ministry unmasks the notion for the average Catholic that the consistency of the tradition is also unquestionably clear Rademacher routes us from Moses to Paul from Ignatious to Gregory VII to John Paul II tracing both the theology and practices that underlie contemporary ministry in the church The trail is one that few Catholics have ever had the chance to walk and the end point is far different from the one to which we have become accustomed Rademacher makes points that must be understood and discussed at every level of the church if the church is to remain vibrant in our own times The limiting definition of the seven sacraments the restriction on lay participation in the church the loss of the spiritual meaning of ministry the clericalization of the church the effects of sexism on sacramentality and an inadequate understanding of the nature of the Christian call are all stones across the door of the tomb that block the resurrection of the church to the fullness of life Rademacher faces them all forthrightly and courageously What's more he makes us face them too Do I recommend it I would assign it Joan Chittister O S B

The Future of Theology Miroslav Volf, Carmen Krieg, Thomas Kucharz, 1996 This is a print on demand book and is therefore non returnable Perhaps no other theologian of the second half of this century has shaped theology so profoundly as has Jürgen Moltmann He appeared on the world theological scene with his *Theology of Hope* 1964 and took most of its capitals by storm His subsequent works have kept him at the forefront of the modern theological enterprise and the power of his vision and the originality of his method have inspired a host of new theologians In terms of fecundity Moltmann's opus remains unmatched among his generation of theologians More than 130 dissertations written so far on his thought most of them in the past decade testify eloquently to its continued attractiveness In honor of Moltmann's 70th birthday twenty six of the world's leading theologians his friends colleagues interlocutors and former students have contributed to this volume on the future of theology Moltmann himself has always sought to be both contemporary and future oriented his theology can be viewed as an exercise not only from the perspective of God's future but also toward a new human future Thus a book on the future of theology takes up an aspect of his theme and his concern Yet this volume also makes a significant contribution to theology in its own right seeking as it does to address the present crisis of theology As Miroslav Volf writes in his introduction On the threshold of the third millennium the presumed queen of sciences has grown old and feeble unable to see that what she thinks is her throne is just an ordinary chair uncertain about

what her territories are and confused about how to rule in the realms she thinks are hers seeking advice from a quarrelsome chorus of counselors each of whom thinks himself the king and ending up with a divided even schizophrenic mind The essays in this volume attempt to revitalize theology as it confronts a difficult future Despite the formidable obstacles that threaten the very survival of theology in the next century religious and cultural plurality the marginalization of theology in public discourse increasing abstraction in the practice of theology pressing issues of gender race poverty and ecology the seemingly archaic voice of theology in post Christian societies the contributors to this volume all believe in the future of theology as a vibrant discipline The Future of Theology is organized in three parts Challenges deals with the external or internal problems that theology is facing Perspectives offers proposals on how to meet the challenges Themes concentrates on various issues that need special attention today Together these essays succeed in setting the theological agenda for the future of theology and thereby serve as a fitting tribute to this volume's esteemed honoree Contributors Stanley Hauerwas Elisabeth Moltmann-Wendel John B Cobb Jr James H Cone D Lyle Dabney Ingolf U Dalferth Gustavo Guti rrez Douglas John Hall Ellen T Charry M Douglas Meeks Johann Baptist Metz Konrad Raiser Wolfhart Pannenberg Paul Ricoeur John Howard Yoder Dietrich Ritschl Dorothy S Lee Jon Sobrino Elsa Tamez Geoffrey Wainwright Rosemary Radford Ruether Miroslav Volf Michael Welker Nicholas Wolterstorff Catherine Keller Huns K ng The Lay-Centered Church Leonard Doohan, 2016-08-26 Dr Leonard Doohan is Professor Emeritus at Gonzaga University Spokane Washington He has written twenty four books and many articles and has given hundreds of workshops throughout the United States Canada Europe Australia New Zealand and the Far East Dr Doohan has written six books on various aspects of the New Testament and six books on the spirituality and roles of laity in the contemporary church Doohan's recent books include Spiritual Leadership The Quest for Integrity 2007 Enjoying Retirement Living Life to the Fullest 2010 Courageous Hope The Call of Leadership 2011 The One Thing Necessary The Transforming Power of Christian Love 2012 Spiritual Leadership How to Become a Great Spiritual Leader Ten Steps and a Hundred Suggestions 2014 Ten Strategies to Nurture Our Spiritual Lives 2014 and Rediscovering Jesus Priorities 2014

Laity and Participation Thomas Hoebel, 2006 Right across denominational boundaries lay theology is dominated by negatives the laity simply defined as the non ordained the alleged exclusion of the laity from full participation the sole focus on what they cannot or should not do and above all the total absence of an ecumenical lay theology In a unique approach this volume sets out to find ways of overcoming these negatives so predominant in current lay theology The author explores positions and perspectives put forward in Roman Catholic theology from Vatican II up to the present These are compared and contrasted with concepts and suggestions of present day Anglican Theology as well as with those of liberative theologies in Latin America and Asia Rethinking the content language and metaphors of lay theology in the final part of this volume the author proposes a new image for discussing the Church a model focusing on the interdependence and collaboration of all the people in the Church This is then used to sketch out the framework for a new type of lay theology Imbedded in ecclesiology

in the concept of all believers together being the Church the author endeavours to suggest a lay theology that is indeed positive ecumenical and universal

Who Needs Theology? Stanley J. Grenz, Roger E. Olson, 2009-08-20 Stanley J Grenz and Roger E Olson show what theology is what tools theologians use why every believer advanced degrees or not is a theologian and how the theological enterprise can be productive and satisfying

Theology for Better Counseling Virginia Todd Holeman, 2012-10-03 Seeking an adequate response to the theological disequilibrium of many of her patients Virginia Todd Holeman set out to explore the connections between theology and the practice of counseling Her trinitarian reflections will help students and practitioners create new pathways between theology and therapy

Lay People in the Church Yves Congar, 1957 Sets out the nature function and place of the laity in the Church

Ministry Kenan Osborne, 2003-02-19 Ministry explores the rich and consistent history of lay ministry in the Roman Catholic Church since the first witness in the Bible Kenan Osborne a well known theologian combines his personal insights in contemporary spirituality to address the major issues that lay men and women face within the church structures at various periods of time Has the role of the lay person in the Roman Catholic Church been diminished or supported over the centuries Ministry examines the historical evidence thoroughly and focuses on three important factors First Osborne offers a critical examination of the discipleship of every follower of Jesus Next he describes the gradual de emphasis of the non cleric and non religious in the church Finally he discusses the gradual emergence of the lay person into the mainstream of discipleship Ministry is designed for the lay person and the ordained A complement to Osborne s previous book Priesthood this book is an extremely important historical study and must reading for those who seek the central foundation of discipleship within the Roman Catholic Church

Towards a Contextual Transformational Practical Theology for Leadership Education in South Africa Gordon E. Dames, 2016 Towards a contextual transformational practical theology for leadership education in South Africa is a courageous effort by a prominent South African practical theologian to develop a framework for the theory and practice of leadership education in an African context Taking the harsh realities of South Africa as point of departure the author demonstrates how an indigenous South African practical theology can be developed through a critical interaction between Western and African ideas Prof Jaco S Dreyer Professor of Practical Theology University of South Africa

The People's Book Jennifer Powell McNutt, David Lauber, 2017-04-11 The Bible played a vital role in the lives theology and practice of the Protestant Reformers These essays from the 2016 Wheaton Theology Conference bring together the reflections of church historians and theologians on the nature of the Bible as the people s book considering themes such as access to Scripture the Bible s role in worship and theological interpretation

New Horizons in Theology Terrence W. Tilley, 2015-03-04 To celebrate the fiftieth anniversary of the College Theology Society these original essays explore how theology has changed over the previous fifty years theological concerns on the horizon today and approaches to teaching theology appropriate for the twenty first century Contributors Elizabeth A Johnson Joseph A Komonchak Norbert Rigali J Matthew Ashley Elizabeth T Groppe Michael Horace

Sujin Pak, 2018-05-31 Protestant reformers found the prophet and biblical prophecy to be exceptionally effective for framing their reforming work under the authority of Scripture for the true prophet speaks the Word of God alone and calls the people their worship and their beliefs and practices back to the Word of God uses the prophet and biblical prophecy as a powerful lens through which to view many aspects of the reformers in the sixteenth and seventeenth centuries G Sujin Pak argues that these prophetic concepts served the substantial purposes of articulating a theology of the priesthood of all believers a biblical model of the pastoral office a biblical vision of the reform of worship and biblical processes for discerning right interpretation of Scripture Pak demonstrates the ways in which understandings of the prophet and biblical prophecy contributed to the formation of distinct confessional identities She goes on to demonstrate the waning of explicit prophetic terminology particularly among the next generation of Protestant leadership Eventually she shows the Protestant reformers concluded that the figure of the prophet carried with it as many problems as it did benefits though they continued to give much time and attention to the exegesis of biblical prophetic writings Lutheran Identity and Political Theology Carl-Henric Grenholm, Göran Gunner, 2014-11-04 Lutheran tradition has in various ways influenced attitudes to work the economy the state education and health care One reason that Lutheran theology has been interpreted in various ways is that it is always influenced by surrounding social and cultural contexts In a society where the church has lost a great deal of its cultural impact and authority and where there is a plurality of religious convictions the question of Lutheran identity has never been more urgent However this question is also raised in the Global South where Lutheran churches need to find their identity in a relationship with several other religions Here this relationship is developed from a minority perspective Is it possible to develop a Lutheran political theology that gives adequate contributions to issues concerning social and economic justice What is the role of women in church and society around the world Is it possible to interpret Lutheran theology in such a way that it includes liberating perspectives These are some of the questions and issues discussed in this book God's Marshall Plan James D.
