James Wallace Wilkie

Lazaro Cardenas:

Lazaro Cardenas Roberto Mares,2005-05-01 Examines the life and career of L zaro C rdenas who served as president of Mexico from 1934 through 1940 **Message presented to Congress by the President of the Republic of Mexico, General Lazaro Cardenas, covering the fifth year of his term of office, September 1, 1938, to August 31, 1939** Mexico. President (1934-1940 : Cárdenas),1939 Setting the Virgin on Fire Marjorie Becker,1996-01-04 In this beautifully written work Marjorie Becker reconstructs the cultural encounters which led to Mexico s post revolutionary government She sets aside the mythology surrounding president L zaro C rdenas to reveal his dilemma until he and his followers understood peasant culture they could not govern This dilemma is vividly illustrated in Michoac n There peasants were passionately engaged in a Catholic culture focusing on the Virgin Mary The Cardenistas inspired by revolutionary ideas of equality and modernity were oblivious to the peasants spirituality and determined to transform them A series of dramatic conflicts forced C rdenas to develop a government that embodied some of the peasants complex culture Becker brilliantly combines concerns with culture and power and a deep historical empathy to bring to life the men and women of her story She shows how Mexico s government today owes much of its subtlety to the peasants of Michoac n City Maps Ciudad Lazaro Cardenas Mexico James mcFee, City Maps Ciudad Lazaro Cardenas Mexico is an easy to use small pocket book filled with all you need for your stay in the big city Attractions pubs bars restaurants museums convenience stores clothing stores shopping centers marketplaces police emergency facilities are only some of the places you will find in this map This collection of maps is up to date with the latest developments of the city as of 2017 We hope you let this map be part of yet another fun Ciudad Lazaro Cardenas adventure Lázaro Cárdenas, Mexican Democrat William Cameron Townsend,1979 *Message to the Congress of the Union by the President of the Republic, General Lazaro Cardenas, Corresponding to the Fifth Year of His Administration, from September 1st, 1938, to August 31st, 1939* Lázaro Cárdenas,1939 **Lázaro Cardenas** Stephen R. Niblo,2000 **Message from President Lázaro Cárdenas to Congress Covering His Administrative Period from September 1937 to August 1938** Mexico. President (1934-1940 : Cárdenas),1938 **The Old Religion in a New World** Mark A. Noll,2002 A foremost historian of religion chronicles the arrival of Christianity in the New World tracing the turning points in the development of the immigrant church which have led to today s distinctly American faith *Gazetteer of Mexico: J-R* ,1992 Message Delivered by the President of Mexico, General Lazaro Cardenas, to the Nation, the 20th of February 1940, in Chilpancingo, State of Guerrero Mexico. President (1934-1940 : Cárdenas),1940 Lázaro Cárdenas, Mexican Democrat William Cameron Townsend,1979 Lázaro Cárdenas William Cameron Townsend,1952 Ideological Conflict in the Time of Lázaro Cárdenas James Wallace Wilkie,1959 *The Mexican Petroleum Industry in the Twentieth Century* Jonathan C. Brown,Alan Knight,2010-07-05 Mexico s petroleum industry has come to symbolize the very sovereignty of the nation itself Politicians criticize Pemex the national oil company at their peril and President Salinas de Gortari has

made clear that the free trade negotiations between Mexico and the United States will not affect Pemex's basic status as a public enterprise. How and why did the petroleum industry gain such prominence and some might say immunity within Mexico's political economy? *The Mexican Petroleum Industry in the Twentieth Century* edited by Jonathan C. Brown and Alan Knight seeks to explain the impact of the oil sector on the nation's economic, political, and social development. The book is a multinational effort: one author is Australian, two British, three North American, and five Mexican. Each contributing scholar has researched and written extensively about Mexico and its oil industry. *LIFE*, 1938-05-30. *LIFE* Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional photography on the internet. Users can browse, search, and view photos of today's people and events. They have free access to share print and post images for personal use. *Setting the Virgin on Fire* Marjorie Becker, 1995. Provides a convincing revision of the myth of secular redemption surrounding Lázaro Cárdenas and his program of land distribution to the campesinos. Operating on a stripped-down image of land-hungry peasants, Cárdenas and his supporters underestimated. **Building the Borderlands** Casey Walsh, 2008-02-19. Cotton crucial to the economy of the American South has also played a vital role in the making of the Mexican north. The Lower Rio Grande Valley irrigation zone on the border with Texas in northern Tamaulipas, Mexico, was the centerpiece of the Cárdenas government's effort to make cotton the basis of the national economy. This irrigation district, built and settled by Mexican Americans repatriated from Texas, was a central feature of Mexico's effort to control and use the waters of the international river for irrigated agriculture. Drawing on previously unexplored archival sources, Casey Walsh discusses the relations among various groups comprising the social field of cotton production in the borderlands. By describing the complex relationships among these groups, Walsh contributes to a clearer understanding of capitalism and the state of transnational economic forces of agricultural and water issues in the U.S. Mexican borderlands and of the environmental impacts of economic development. *Building the Borderlands* crosses a number of disciplinary, thematic, and regional frontiers, integrating perspectives and literature from the United States and Mexico from anthropology and history and from political, economic, and cultural studies. Walsh's important transnational study will enjoy a wide audience among scholars of Latin American and Western U.S. history, the borderlands, and environmental and agricultural history, as well as anthropologists and others interested in the environment and water rights. *Feeding Mexico* Enrique Ochoa, 2000. Winner of the 1998 Michael C. Meyer Manuscript Prize. *Feeding Mexico: The Political Uses of Food since 1910* traces the Mexican government's intervention in the regulation, production, and distribution of food from the days of Cárdenas to the recent privatization inspired by NAFTA. Professor Ochoa argues that the real goals of the government's food subsidies were political, driven by presidential desires to court urban labor. Many of the agencies and policies were hastily set in place in response to short-term political or economic crises. Since the goals were not to alleviate poverty but to provide modest subsidies to urban consumers, the policies did not eliminate destitution or malnutrition in the country. Despite

the minimal achievements of these interventionist policies the State Food Agency provided a symbol of the state's concern for the workers. The elimination of the Agency in the 1990s prompted social protest and unrest. *Feeding Mexico* is the first study to examine the creation of networks to deliver food products, the relationship of these channels of distribution to the food crisis, and the role of the state in trying to ameliorate the problem. Based on exhaustive research of new archival material and richly documented with statistical tables, this book exposes the dynamics and outcome of social policy in twentieth-century Mexico. *Publications Relating to Various Aspects of Communism*, 1959
