Lázaro en el laberinto Antonio Buero Vallejo,1987 *Lázaro en el laberinto* Antonio Buero Vallejo,2010 *Lázaro en el laberinto* Antonio Buero Vallejo,2007 Literary Labyrinths in Franco-Era Barcelona Colleen P. Culleton,2016-07-22

Bringing together works by Salvador Espriu Juan Goytisolo Merc Rodoreda Esther Tusquets and Juan Marsa that portray memory as a disorienting narrative enterprise Colleen Culleton argues that the source of this disorientation is the material reality of life in Barcelona in the immediate post Civil War years Barcelona was the object of harsh persecution in the first years of the Franco regime that included the erasure of marks of Catalan identity and cultural history from the urban landscape and made Barcelona a moving target for memory The literature and film she examines show characters struggling to produce narratives of the remembered past that immediately conflict with the dominant version of Spain's historical narrative formulated to legitimize the Civil War Culleton suggests the trope of the laberinto used as an image or device in all five of the works she considers and translated into English as both maze and labyrinth opens up a space that enables readers to take vulnerability to outside interference into account as an inseparable part of remembrance While the narratives all have maze like qualities involving a high level of reader participation and choice the exigencies of the labyrinth with its unicursal demands for patience perseverance and faith always prevail Thus do the Francoist narrative and social structure in the end resurface and reassert themselves over the narrating character's perspective

Hispanófila ,1997 *Spanish Horror Film* Antonio Lazaro-Reboll,2012-11-20 Spanish Horror Film is the first in depth exploration of the genre in Spain from the horror boom of the late 1960s and early 1970s to the most recent production in the current renaissance of Spanish genre cinema through a study of its production circulation regulation and consumption The examination of this rich cinematic tradition is firmly located in relation to broader historical and cultural shifts in recent Spanish history and as an important part of the European horror film tradition and the global culture of psychotronicia

A New History of Spanish Literature Richard E. Chandler,Kessel Schwartz,1991-09-01 First published in 1961 A New History of Spanish Literature has been a much used resource for generations of students The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years Richard E Chandler and Kessel Schwartz both longtime students of the literature write authoritatively about every Spanish literary work of consequence From the earliest extant writings though the literature of the 1980s they draw on the latest scholarship Unlike most literary histories this one treats each genre fully in its own section thus making it easy for the reader to follow the development of poetry the drama the novel other prose fiction and nonfiction prose Students of the first edition have found this method particularly useful However this approach does not preclude study of the literature by period A full index easily enables the reader to find all references to any individual author or book Another noteworthy feature of the book and one omitted from many books of this kind is the comprehensive attention the authors accord nonfiction prose including for example essays philosophy literary criticism politics and historiography

Encyclopedic in scope yet concise and eminently readable the revised edition of *A New History of Spanish Literature* bids fair to be the standard reference well into the next century

The Theatre of Antonio Buero Vallejo Catherine O'Leary, 2005 This monograph examines the complex relationship between Antonio Buero Vallejo 1916 2000 and the ideologies of Francoist and post Franco Spain This monograph examines the complex relationship between Antonio Buero Vallejo 1916 2000 and the ideologies of Francoist and post Franco Spain The central focus of the study is Buero s political theatre and his employment of myth and history to challenge the notion of an *España eterna* It also considers Buero s creation of his own myths and his revision of history in order to rationalize and justify his own stance In his determination to write and stage committed drama in a repressive society Buero s choice with its inherent contradictions and ambiguities was *posibilismo* This book looks at this pragmatic employment of language and silence both in his art and in his dealings with the censors and with other representatives of the hegemony and analyses how *posibilismo* both aided and limited him The monograph also considers Buero s neglected post Franco theatre examining the reasons for its initial negative reception and its renewed importance in today s Spain In these days of digging up the past Buero s post Franco insistence on rejecting the *pacto de olvido* is perhaps more relevant than ever before CATHERINE O'LEARY lectures in Spanish at the National University of Ireland Maynooth

Esperar sin esperanza Antonio Iniesta Galvañ, 2002 El último sentido de lo trágico es la esperanza aunque la obra describa desesperaciones Somos queremos o no animales esperanzados dice Buero Vallejo Uno es siempre el propósito de su teatro que el hombre abrumado por su carga de libertad y de pecado aprenda a superar el dolor sin negar su sordidez Este mandato de Esperanza preside en efecto toda la trayectoria personal de Antonio Buero Mantiene idéntico compromiso en el ámbito concreto de cada una de sus obras dramáticas Este ensayo persigue constatar si efectivamente esta declaración de intenciones invade sin reservas su dramaturgia de manera que sea posible seguir manteniendo en escena el mismo mensaje esperanzado que Buero reclama fuera de ella

Haunted Families and Temporal Normativity in Hispanic Horror Films Charles St-Georges, 2018-04-20 This book examines the interactions between ghosts and families in three recent horror films from the Spanish speaking world that rather than explicitly referencing recent political violence

speak to the societal conditions and everyday normative violence that serve as preconditions for political violence This study deconstructs intersectional processes of racially and sexually normative subject formation and its oppositional other ghostly erasure that are framed by a common temporal logic wherein full citizenship is contingent upon a nation s dominant notions of contemporaneity and whether individuals properly inhabit prescriptive timelines of re productivity St Georges s study explores ways in which ghosts and families are manipulated in each national imaginary as a strategy for negotiating volatility within symbolic order a tactic that can either naturalize or challenge normative discourses As a literary and cinematic trope ghosts are particularly useful vehicles for the exploration of national imaginaries and the dominant or competing cultural attitudes towards a country s history and thus the articulation of a present political reality The rhetorical figure of the family is also key in this process as a mechanism for expressing national allegories for expressing generational anxieties about a nation s relationship to time and for organizing societies and social subjects as such interpellating them into or excluding them from national imaginaries By proposing these specific coordinates ghosts and families and by mapping their relationship between Spain and Latin America Troubling Timelines proposes a study of a temporal framework that besides bridging the traditional area studies divide across the Atlantic creates a space for interdisciplinary inquiry while also responding to increasing demand for studies that focus on intersectionality
