Le Papyrus Vandier:

Orality and Literacy in the Demotic Tales Jacqueline E. Jay, 2016-06-10 In *Orality and Literacy in the Demotic Tales* Jacqueline E Jay extrapolates from the surviving ancient Egyptian written record hints of the oral tradition that must have run alongside it The monograph s main focus is the intersection of orality and literacy in the extremely rich corpus of Demotic narrative literature surviving from the Greco Roman Period The many texts discussed include the tales of the Inaros and Setna Cycles the Myth of the Sun s Eye and the Dream of Nectanebo Jacqueline Jay examines these Demotic tales not only in conjunction with earlier Egyptian literature but also with the worldwide tradition of orally composed and performed discourse

A Berichtigungsliste of Demotic Documents: Papyrus editions A. A. den Brinker, Brian Paul Muhs, S. P. Vleeming, 2005 There seems to be no brief English equivalent for the concept of a Berichtigungsliste This demotic Berichtigungsliste collects and critically presents corrections and supplements to editions of demotic documentary texts papyri ostraka inscriptions mummy labels graffiti everything demotic that was not clearly written as a secular or religious literary composition We have added all the information we have found concerning inventory numbers and photographs as well as republications of the texts in question which the scholar working with these texts might like to have Although the Berichtigungsliste chiefly concerns text editions be they published in monographs or articles texts that have been published only in photography or facsimile are also included The period covered for the publications that have been ransacked for the purpose of our Berichtigungsliste is roughly the Twentieth Century 1900 2000 In subsequent volumes we intend to extend this time range into the Nineteenth Century as well as into the future

The Petese Stories II (P. Petese II) K. S. B. Ryholt, 2006 This volume six of the Carlsberg Papyri series contains the edition of a new manuscript with Petese Stories from the Tebtunis temple library dating to the period around 100 AD The Petese Stories is a compilation of seventy stories about the virtues and vices of women The numerous stories were compiled on the orders of the prophet Petese of Heliopolis that they may serve as a literary testament by which he would be remembered Petese was according to literary tradition Plato s Egyptian instructor in astrology The composition seems to have been modeled on the fundamental Myth of the Sun s Eye The overall structural pattern of the text is very similar to the Arabian Nights a frame story forms the introduction as well as the fabric into which the long series of shorter tales are woven Among the stories preserved in the new manuscript one is particularly remarkable in that it is known from a translation by Herodotus the so called Pheros Story

Imagining the Past Colleen Manassa, 2013-11 The first full length study of historical fiction in New Kingdom Egypt *Imagining the Past* provides significant new information concerning ancient Egyptian historiography

[The Coffin of Hegata](#) Harco Willems, 1996 The coffin published in this book represents a type that had some popularity in southern Upper Egypt in the early Middle Kingdom but which despite its extraordinary decoration had not attracted attention so far The most striking feature of the decoration is that the object friezes the pictorial rendering of ritual implements usually found on coffin interiors of the period

also include complete ritual scenes some of which are attested only here Apart from this the decoration includes an extensive selection of the religious texts known as the Coffin Texts The author first studies the archaeological context and dating of the coffin and attempts a reconstruction of the construction procedures from his technical description of the monument The detailed account of the decoration in the rest of the book interprets the ritual iconography and offers fresh translations and interpretations of the Coffin Texts A methodological innovation is that he regards the scenes and texts not as individual decoration elements but as components of an integral composition The background of this composition is argued to be a view of life in the hereafter in which the deceased is involved in an unending cycle of ritual action which reflects the funerary rituals that were actually performed on earth On the one hand these netherworldly rituals aim at bringing the deceased to new life by mummification on the other the newly regenerated deceased partakes in embalming rituals for gods representing his dead father Osiris or Atum These gods in their turn effectuate the deceased's regeneration The entire process results in a cycle of resuscitation in which the afterlife of the deceased and of the father gods are interdependent The sociological bias of this interpretation with its emphasis on kinship relations differs significantly from earlier attempts to explain Egyptian funerary religion

Sesostris - Scheschonq - Sesonchosis, 2024-07-29 Why Sesostris Why does the classical antiquity tell stories about this Egyptian hero king of the second millennium BC On which basis The contributions of this conference volume try to systematically answer the question how these narratives come into being and grow It is not a single historical king Sesostris Rather the literary tradition of two millennia augments the story with the later Sheshonq kings makes Sesostris the international hero of demotic narratives and finally leads to the Greek Sesonchosis Romance which itself is widely received All this takes place in an international cultural context Warum gerade Sesostris Warum werden ausgerechnet bei diesen ägyptischen Königen des frühen zweiten Jahrtausends v. Chr. in der klassischen Antike Heldengeschichten erzählt Auf welcher Grundlage Die Beiträge dieses Tagungsbandes gehen systematisch der Frage nach wie diese Erzählungen entstehen und wachsen Es ist nicht ein einziger literarischer König Sesostris Vielmehr reichert die literarische Tradition bei zwei Jahrtausende den Stoff um die späteren Scheschonq Könige an macht Sesostris zu einem internationalen Helden demotischer Erzählungen und führt zum griechischen Sesonchosis Roman All dies geschieht in einem internationalen kulturellen Rahmen

how energetically pagan worship survived *Guide to the Study of Ancient Magic* David Frankfurter, 2019-03-19 In the midst of academic debates about the utility of the term magic and the cultural meaning of ancient words like *mageia* or *khesheph* this *Guide to the Study of Ancient Magic* seeks to advance the discussion by separating out three topics essential to the very idea of magic The three major sections of this volume address 1 indigenous terminologies for ambiguous or illicit ritual in antiquity 2 the ancient texts manuals and artifacts commonly designated magical or used to represent ancient magic and 3 a series of contexts from the written word to materiality itself to which the term magic might usefully pertain The individual essays in this volume cover most of Mediterranean and Near Eastern antiquity with essays by both established and emergent scholars of ancient religions In a burgeoning field of magic studies trying both to preserve and to justify critically the category itself this volume brings new clarity and provocative insights This will be an indispensable resource to all interested in magic in the Bible and the Ancient Near East ancient Greece and Rome Early Christianity and Judaism Egypt through the Christian period and also comparative and critical theory Contributors are Magali Bailliot Gideon Bohak Veronique Dasen Albert de Jong Jacco Dieleman Esther Eidinow David Frankfurter Fritz Graf Yuval Harari Naomi Janowitz Sarah Iles Johnston Roy D Kotansky Arpad M Nagy Daniel Schwemer Joseph E Sanzo Jacques van der Vliet Andrew Wilburn

Herodotus - narrator, scientist, historian Ewen Bowie, 2018-03-19 Recently the importance for Herodotus work of contemporary medical and sophistic thought and techniques of argument has been widely recognised as long had been his dependence on and difference from earlier geographical and ethnographic writing This volume focuses on the place of these interests in his investigatory techniques and sets them alongside his many narrative skills from superficially traditional battle narrative and reworking of Greek or non Greek traditions that border on myth to the structuring of narrative by highlighting the life of objects and addresses such fundamental issues as how he chooses between competing explanations and how far he valued truth The book tackles many of the basic issues that confront any attempt to understand Herodotus work **Evil and**
