Emigrant Dreams, Immigrant Borders Raquel Vega-Durán, 2016-09-30

Emigrant Dreams Immigrant Borders Migrants Transnational Encounters and Identity in Spain offers a new approach to the cultural history of contemporary Spain examining the ways in which Spain's own self conceptions are changing and multiplying in response to migrants from Latin America and Africa In the last twenty five years Spain has gone from being a country of net emigration to one in which immigrants make up nearly 12 percent of the population This rapid growth has made migrants increasingly visible in both mass media and in Spanish visual and literary culture This book examines the origins of media discourses on immigration and takes the analysis of contemporary Spanish culture as its primary framework while also drawing insights from sociology and history

Emigrant Dreams Immigrant Borders introduces readers to a wide range of recent films journals novels photography paintings and music to reconsider contemporary Spain through its varied encounters with migrants It follows the stages of the migrant's own journey beginning outside Spanish territory continuing across the border either at the barbed wire fences of Ceuta and Melilla or the waters of the Atlantic or the Strait of Gibraltar and then considers what happens to migrants after they arrive and settle in Spain Each chapter analyzes one of these stages in order to illustrate the complexity of contemporary Spanish identity This examination of Spanish culture shows how Spain is evolving into a new space of imagination one that can no longer be defined without the migrant a space in which there is no unified identity but rather a new self understanding is being born

Vega Durán both places Spain in a larger European context and draws attention to some of the features that from a comparative perspective make the Spanish case interesting and often unique She argues that Spain cannot be understood today outside the Transatlantic and Mediterranean spaces both real and imaginary where Spaniards and migrants meet

Emigrant Dreams Immigrant Borders offers a timely study of present day Spain and makes an original contribution to the vibrant debates about multiculturalism and nation formation that are taking

**The Routledge Handbook on the American Dream** Robert C. *Migrant Protection and the City in the Americas* Laurent Faret, Hilary Sanders, 2021-07-30. This book aims to establish a dialogue around the various urban sanctuary policies and other formal or informal practices of hospitality toward migrants that have emerged or been strengthened in cities in the Americas in the last decade. The authors articulate local governance initiatives in migrant protection with a larger range of social and political actors and places them within a broader context of migrations in the Western Hemisphere, including case studies of Toronto, New York, Austin, Mexico City, and Lima, among others. The book analyzes in particular the limits of local efforts to protect migrants and to identify the latitude of action at the disposal of local actors. It examines the efforts of municipal governments and also considers the role taken by cities from a larger perspective, including the actions of immigrant rights associations, churches, NGOs, and other actors in protecting vulnerable migrants.

It provides a historical perspective that underscores the exponential growth of the undocumented population in the last three decades and presents a more nuanced, more detailed, and therefore more accurate portrait of undocumented immigrants than is available in general media.
