Imagining Hitler:

Imagining Hitler Alvin Hirsch Rosenfeld, 1985 **The World Hitler Never Made** Gavriel D. Rosenfeld, 2005-05-23 A fascinating 2005 study of the place of alternate histories of Nazism within Western popular culture *Explaining Hitler* Ron Rosenbaum, 2014-07-08 In *Explaining Hitler* Ron Rosenbaum investigates the meanings and motivations people have attached to Hitler and his crimes against humanity What does Hitler tell us about the nature of evil In often dramatic encounters Rosenbaum confronts historians scholars filmmakers and deniers as he skeptically analyzes the key strains of Hitler interpretation A balanced and thoughtful overview of a subject both frightening and profound this is an extraordinary quest an expedition into the war zone of Hitler theories a provocative work of cultural history that is as compelling as it is thoughtful as readable as it is smart New York Times First published in 1998 to rave reviews *Explaining Hitler* became a New York Times bestseller This new edition is an update of that classic and a critically important contribution to the study of the twentieth century s darkest moment **Hitler - Films from Germany** K. Machtans, M. Ruehl, 2012-11-30 The first book length study to critically examine the recent wave of Hitler biopics in German cinema and television A group of international experts discuss films like *Downfall* in the context of earlier portrayals of Hitler and draw out their implications for the changing place of the Third Reich in the national historical imagination **Hitler's French Literary Afterlives, 1945-2017** Manuel Bragança, 2019-09-11 This book analyses the successive appearances of Adolf Hitler in French fiction between 1945 and 2017 It discusses why unlike what has been observed in the US and in the UK it has proven problematic for French novelists to write about Hitler in their numerous fictional explorations of the Second World War It examines the literary and ethical challenges of including historical characters such as Hitler in fiction and demonstrates how these challenges evolved over time as memories of the Second World War also evolved in France jhopok *Becoming Hitler* Thomas Weber, 2017-11-07 An award winning historian charts Hitler s radical transformation after World War I from a directionless loner into a powerful National Socialist leader In *Becoming Hitler* award winning historian Thomas Weber examines Adolf Hitler s time in Munich between 1918 and 1926 the years when Hitler shed his awkward feckless persona and transformed himself into a savvy opportunistic political operator who saw himself as Germany s messiah The story of Hitler s transformation is one of a fateful match between man and city After opportunistically fluctuating between the ideas of the left and the right Hitler emerged as an astonishingly flexible leader of Munich s right wing movement The tragedy for Germany and the world was that Hitler found himself in Munich had he not been in Bavaria in the wake of the war and the revolution his transformation into a National Socialist may never have occurred In *Becoming Hitler* Weber brilliantly charts this tragic metamorphosis dramatically expanding our knowledge of how Hitler became a lethal demagogue *Witness Through the Imagination* S. Lillian Kremer, Lilian Kremer, 2018-02-05 *Witness through the Imagination* presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude

progress and aftermath of the Holocaust Criticism of Holocaust literature is an emerging field of inquiry and as might be expected the most innovative work has been concentrated on the vanguard of European and Israeli Holocaust literature Now that American fiction has amassed an impressive and provocative Holocaust canon the time is propitious for its evaluation Witness Through the Imagination presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude progress and aftermath of the Holocaust The unifying critical approach is the textual explication of themes and literary method occasional comparative references to international Holocaust literature and a discussion of extra literary Holocaust sources that have influenced the creative writers treatment of the Holocaust universe
