Implanted Word:

The Epistle of James James B. Adamson, 1976-11-15 Adamson's work on the Book of James is part of The New International Commentary on the New Testament Prepared by some of the world's leading scholars the series provides an exposition of the New Testament that is thorough and fully abreast of modern scholarship yet faithful to the Scripture as the infallible Word of God Implanted Word Bob Buess, 1978 **James** Ruth Anne Reese, 2024-12-05 In the early days of the church James taught a message of joyful endurance resisting temptation and putting into practice the truth of the word the church had received This little book offered reflections on trials sin and desire on the challenges of controlling speech in the context of community and the damage such uncontrolled speech can bring about and on the dangers of wealth and autonomy James holds up a picture of a community that seeks a life of purity prayer and patience He confronts those who choose their own way over God's way and speaks words of judgment against those who oppress and steal from the poor In contrast this community of early Christians is one of wisdom joy and praise that seeks healing for those among them who suffer At each step James encourages these Christians to consider the two ways the way of righteousness and the way of evil and to choose the good This ancient book offers wisdom for today as we too seek to live godly lives of prayer purity and care for one another in a world that seeks to pull us away from God **Life-Study of James** Witness Lee, 1985-02 **James** Joel B. Green, 2025-03-04 In this new authoritative volume of the New Testament Library series Joel B Green presents the writer of James as a sort of practical theologian directly addressing the lived experiences of Jewish Christ followers beset by Roman social conventions and sensibilities contrary to the divine command to love God and love neighbor The book of James is nothing if not pragmatic Its core arguments rest on urging its audience to take concrete action to develop faithful life patterns in a world that is often set against those who seek to follow Jesus Christ as Lord Joel B Green shows how the practical wisdom of James can continue to speak prophetically to a range of issues that plague our contemporary experience the entrenched and growing gap between the wealthy and impoverished foremost among them But readers who might be tempted to formulate a simple to do list from James's precepts are encouraged instead to enter into the world of the text as fully and as humanly as possible by asking questions like How would the letter's first audience and then how might we hear and internalize the writer's words about perfection moral purity humans made in God's likeness and prayer for the sick and disabled How might their lives and then how might ours be shaped by James's central concern with the double love of love of God and love of neighbor James A Commentary examines the Letter of James from a variety of angles its social and cultural contexts its relationship to Israel's Scriptures and to the teaching of Jesus the development of its message and its significance theologically As with other volumes in the New Testament Library series this commentary strives to come to terms with the literary and historical aspects of James its arguments its appeals its perspectives its interpretation of Jesus message and Israel's Scriptures its grasp of contemporary Jewish and Greco Roman thought But it most deeply aims to show

how James points readers toward envisaging the world as God does and acting accordingly personally and communally The New Testament Library series offers authoritative commentary on every book and major aspect of the New Testament providing fresh translations based on the best available ancient manuscripts critical portrayals of the historical world in which the books were created careful attention to their literary design and a theologically perceptive exposition of the biblical text The contributors are scholars of international standing The editorial board consists of John T Carroll Union Presbyterian Seminary Susan E Hylen Candler School of Theology Emory University and Emerson B Powery Messiah University

Written for Our Learning Benjamin C. Sargent, 2016-07-22 The idea of determinate or single meaning in biblical interpretation has long been considered to be a purely modern idea indissolubly wedded to the hermeneutics of historical criticism At a time when historical criticism is increasingly viewed with theological suspicion it must be asked whether determinate meaning has a future in biblical interpretation *Written for Our Learning* explores the various expressions of single meaning within Christian theology from the apostolic period to the present and argues for the preservation of the discernment of determinate meaning as the goal of biblical reading and study

James Craig L. Blomberg, Mariam J. Kovalishyn, 2009-10-06 Concentrate on the biblical author's message as it unfolds Designed to assist the pastor and Bible teacher in conveying the significance of God's Word the Zondervan Exegetical Commentary on the New Testament series treats the literary context and structure of every passage of the New Testament book in the original Greek With a unique layout designed to help you comprehend the form and flow of each passage the ZECNT unpacks The key message The author's original translation An exegetical outline Verse by verse commentary Theology in application While primarily designed for those with a basic knowledge of biblical Greek all who strive to understand and teach the New Testament will benefit from the depth format and scholarship of these volumes

A Table Before Me: The Meditating Christian, A Table Before Me David E Ross, 2007-03 A Table before me The Meditating Christian reveals God as the Living God who has spoken to His people definitively through Jesus Christ and who continues to speak daily through His Word God prepares a table before us each day where He sits with us and feeds us His Word The secret of meditation is that we do not have to force our entry into God's Word God delights to speak to all who will listen He only requires that we listen by opening ourselves to Him as He speaks by focusing on the words that we read and by allowing His Spirit to plant those words in our innermost being just as a farmer plants seeds in the springtime The result will be a transformed prayer life deeper communion with God and a new joy in participating in God's redeeming work throughout the world The Korean edition of this book is a best seller in Korea and translation has begun on the Chinese edition David and Ellen Ross are Presbyterians who have served as missionaries to the Korean people for over forty five years Co founders of Youth With A Mission Korea and The Antioch Institute for International Ministries their present ministry includes teaching and writing providing pastoral care for long term cross cultural missionaries and ministry to North Korea David is the author of two

books on North Korea as well as numerous Bible study manuals The Lesson Commentary on the International Sunday-school Lessons... John Heyl Vincent,1883 Letters for the Church Darian R. Lockett,2021-03-09 The Catholic Epistles often get short shrift But Darian Lockett contends that these seven letters provide a unique window into early Christian theology and practice Emphasizing the epistles interconnected vision each chapter in this refreshing resource outlines one of the letters traces its flow of thought and explores shared themes with the other Catholic Epistles **Letters from the Pillar Apostles** Darian R. Lockett,2016-12-09 Rather than reading the Catholic Epistles in isolation from each other understanding their individual historical situations as the single determinative context for their interpretation this study argues that a proper understanding of these seven letters must equally attend to their collection and placement within the New Testament canon Resisting the judgment of much of historical critical analysis of the New Testament namely that the concept of canon actually obscures the meaning of these texts it is the canonical process by which the texts were composed redacted collected arranged and fixed in a final canonical form that constitutes a necessary interpretive context for these seven letters This study argues that through reception history and paratextual and compositional evidence one can discern a collection consciousness within the Catholic Epistles such that they should be read and interpreted as an intentional discrete canonical sub collection set within the New Testament Furthermore the work argues that such collection consciousness though not necessarily in the preview of the original authors being perhaps unforeseen yet not unintended is neither anachronistic to the meaning of the letters nor antagonistic to their composition The Wisdom of James John P. Keenan,2005 In this fascinating book John Keenan offers a classical commentary on the New Testament Letter of James section by section informed by a thorough study of contemporary Jamesian scholarship His approach is unique in that it employs Mahayana Buddhist Philosophy as the interpretive lens to focus on this early Christian text The author argues that the first chapter of James letter presents wisdom as non discriminative in a manner very similar to Mahayana Buddhist teaching on wisdom And James insistence upon deeds of compassion and justice recommends a notion of Christian practice that is quite close to the Mahayana ideal of Bodhisattva engagement in the world Because of these areas of resonance James is particularly amenable to a Mahayana reading a reading that enables us to elicit fresh insights from the text **The Wonder Working Power of Imagination** Neville,2015-09-24 If one is looking for answers to the meaning of life and how to make a happier richer existence e g relationships finances health then Nevilles teaching from personal experience testimonies from students and his amazing visions paralleling and explaining the mysteries of the Old and New Testament will answer those questions Learn his techniques unleash your power to create believe in your imaginary acts and no power in this world can stop the desired results from appearing in your world Its the only creative power one that everyone is operating moment to moment Learning how to direct it deliberately is essential to producing loving positive changes in ones life These 1963 lectures also begin a nine year odyssey of discovering the deepest meanings of six visions of the end that had

unfolded in Neville 1959/1963 The visions are the signs that this long journey as limited man the terrible opacity and contraction is over that the purpose of human life has been completed man has endured and overcome six thousand years of amnesia plus the fires of experience and has emerged victorious Hes been transformed by his inner being I Am or God back into the divinity he truly is and always was
