## Jewel Of The Java Sea:

Jewel of the Java Sea Dan Cushman, 1951      **Java Sea Mystery** Frank Nunn, 1941      **Cumulative Paperback Index, 1939-1959** R. Reginald, 2009-12-01 This was the first bibliography and guide to the American mass market paperback book and it remains one of the most definitive The major index is by author and lists author title publisher book number year of publication and cover price The title index lists titles and authors only The publisher index provides a history of that imprint with addresses number ranges and general physical description of the books issued This is the place that all study of the American paperback must begin      *Tom Waits' Swordfishtrombones* David Sneyd, 2008-01-01 Two entwined narratives run through the creation of *Swordfishtrombones* and form the backbone of this book As the 1970s ended Waits felt increasingly constrained and trapped by his persona and career Bitter and desperately unhappy he moved to New York in 1979 to change his life It wasn't working But at his low point he got the phone call that changed everything Francis Ford Coppola tapped Tom to write the score for *One From the Heart* Waits moved back to Los Angeles to work at Zoetrope's Hollywood studio for the next 18 months He cleaned up disciplined himself as a songwriter and musician collaborated closely with Coppola and met a script analyst named Kathleen Brennan his only true love They married within 2 months at the Always and Forever Yours Wedding Chapel at 2am *Swordfishtrombones* was the first thing Waits recorded after his marriage and it was at Kathleen's urging that he made a record that conceded exactly nothing to his record label or the critics or his fans There aren't many love stories where the happy ending sounds like a paint can tumbling in an empty cement mixer Kathleen Brennan was sorely disappointed by Tom's record collection She forced him out of his comfortable jazzbo pocket to take in foreign film scores German theatre and Asian percussion These two stories of a man creating that elusive American second act and also finding the perfect collaborator in his wife give this book a natural forward drive      **Murder with Love** Vechel Howard, 1959      *Encyclopedia of Pulp Fiction Writers* Lee Server, 2014-05-14 Provides an introduction to American pulp fiction during the twentieth century with brief author biographies and lists of their works      *Catalog of Copyright Entries. McMillin, 2022-09-22 In the early 1600s with Dutch power and prestige on the rise the Dutch form the world's first publicly traded corporation whose purpose is to break Portugal's trade monopoly in the Far East Led by the mysterious and ruthless Gentlemen Seventeen the Company has its own armies its own ships and has the power to wage war annex territory and make laws In the New World life is better than fair for Mary until grim misfortune finds her A freakish wave during a monstrous storm off the coast of Florida sweeps her overboard and she is lost Mary's plucky prot g Elizabeth headstrong full of Spanish fire and raw ambition but also very young assumes command With prospects dwindling in the West Indies following Mary's death Elizabeth pledges Mary's ships and men to the Company and agrees to sail to the Spice Islands in the East Indies for nutmeg mace cloves and pepper cargo

more valuable than gold When Elizabeth exceeds her authority and ventures to Portuguese held Macau she is introduced to a powerful Chinese merchant named F ng W and to the plentiful opium served liberally at the House of a Thousand Pleasures When Elizabeth is later betrayed a ship is lost and the crew is slaughtered As Elizabeth falters Mary having survived her misfortunes returns When Mary learns that the Company has seized her ships and men because of Elizabeth s foolishness she must agree to sail into war alongside the Dutch to free them Once she fulfills her obligations to the Company Mary will sail on to Macau where she will introduce herself to the men who murdered her crew P aced like an adventure movie filled with sea battles colorful bit players and double crosses a rousing sprawling yarn about two indefatigable pirate women Kirkus Reviews *The China-Burma-India Campaign, 1931-1945* Eugene L. Rasor,1998-03-19 The China Burma India campaign of the Asian Pacific war of World War II was the most complex if not the most controversial theater of the entire war Guerrilla warfare commando and special intelligence operations and air tactics originated here The literature is extensive and this book provides an evaluative survey of that vast literature A comprehensive compilation of some 1 500 titles the work includes a narrative historiographical overview and an annotated bibliography of the titles covered in the historiographical section Following an introductory historical essay and a chronology the historiographical narrative covers land water underwater air and combined operations intelligence matters diplomacy and logistics and supply It also examines the memoirs diaries autobiographies and biographies of the personnel involved Such cultural topics as journalism fiction film and art are analyzed and existing gaps in the literature are looked at The bibliography provides both descriptive and evaluative annotations

Islands Magazine ,1995-07 **The Indonesian Environmental Almanac** Indonesia. Kantor Menteri Negara Lingkungan Hidup,Indonesia. Badan Pengendalian Dampak Lingkungan,Yayasan Kalpa Wilis,1997 **The Imperial Japanese Army** Bill Yenne,2014-09-20 So many histories of the War in the Pacific focus on the Allied experience This title reverses this trend by examining the year of Japanese victory when the might Japanese naval and ground forces swept all before them both throughout the Pacific and on mainland Asia The German offensives which crushed Poland in 1939 and swallowed most of Western Europe in less than two months in 1940 have been well documented and heavily studied however the overall picture of the remarkable Japanese offensive land campaign in 1941 42 has received less attention In this fascinating book Bill Yenne documents the years when the Imperial Japanese Army IJA was conducting its equally unstoppable ground campaign in the Far East and unlike other books on this subject he studies the campaign from the Japanese point of view He reveals how the IJA were able to conquer huge swathes of Southeast Asia in a little over eight weeks after the attack on Pearl Harbor Using first hand accounts from Japanese sources Yenne reveals the tactics and mindset of the IJA during their offensive detailing the capturing of Manila the Philippines Hong Kong Singapore Burma and the Dutch East Indies Exploring the infrastructure and technical challenges of waging war across such a huge area Yenne delves into the hardships that faced individual Japanese soldiers in theatre and explains how the Japanese were able to

remain undefeated and establish the aura of invincibility that marked their campaign between 1941-42 *Holstein-Friesian Herd-book* Holstein-Friesian Association of America, 1914 **Morrison's Sound-it-out Speller** Penelope Kister McRann, 2000 Guide to finding words when you do not know how to spell them Users simply look up the word by its pronunciation without the vowels And the Sun Pursued the Moon Thomas Gibson, 2005-03-31 Over the course of a thousand years from 600 to 1600 CE the Java Sea was dominated by a ring of maritime kingdoms whose rulers engaged in long distance raiding trading and marriage alliances with one another And the Sun Pursued the Moon explores the economic political and symbolic processes by which early Makassar communities were incorporated into this regional system As successive empires like Srivijaya Kediri Majapahit and Melaka gained hegemony over the region they introduced different models of kingship in peripheral areas like the Makassar coast of South Sulawesi As each successive model of royal power gained currency it became embedded in local myth and ritual To better understand the relationship between symbolic knowledge and traditional royal authority in Makassar society Thomas Gibson draws on a wide range of sources and academic disciplines He shows how myth and ritual link practical forms of knowledge boat building navigation agriculture warfare to basic social categories such as gender and hereditary rank as well as to environmental celestial and cosmological phenomena He also shows how concrete historical agents have used this symbolic infrastructure to advance their own political and ideological purposes Gibson concludes by situating this material in relation to Islam and to life cycle rituals
