Egalite Et Partialite:

Citizenship in Transformation in Canada Yvonne M. Hébert, 2002-01-01 Contributors argue persuasively that since conceptions of democratic citizenship are changing so too should operational definitions of citizenship education **Égalité et discriminations** Alain Renaut, 2007 Un tat des lieux sur trois grandes problématiques des démocraties contemporaines l'egalité les discriminations et la justice sociale Philosophe l'auteur en appelle une action préventive qui ne passerait pas par les quotas mais redonnerait son sens l'egalité des chances Au terme de sa réflexion il illustre cela par un programme de réforme de l'université française *Egalité et partialité* Thomas Nagel, 1994-01-01 **Learning in the Global Era** Marcelo Suarez-Orozco, 2007-10-15 In *Learning in the Global Era* Marcelo Suarez-Orozco has integrated a rich harvest of practical wisdom with cutting edge research in cognitive theory to produce an indispensable handbook for all who are grappling with the challenges of education in our rapidly changing world With their interdisciplinary approach and their attention to cultural diversity the essays are a treasure trove of insights and constructive approaches to which educators and policy makers will return again and again Mary Ann Glendon Harvard University President Pontifical Academy of Social Sciences Neither developed nor developing nations have begun to prepare young people for the demands of the global economy nor does schooling anywhere adequately respond to the massive migration of families whose home languages cultures and social structures differ from those in the new host nation Besides providing vivid and rigorous accounts of the shifting population patterns employment markets and cultural and political change this fascinating book presents promising educational innovations that put student engagement and the global context for learning at the center No other book so effectively joins emerging research on cognition and learning with the political and economic challenges of globalization Martha Minow Harvard Law School and co editor of *Engaging Cultural Differences* *Learning in the Global Era* is a masterful book Each of the essays exquisitely arranged and coordinated by the editor is a memorable example of rigorous interdisciplinary analysis and insight into emerging global issues The range of concerns from nurturing a global consciousness and appreciating the simultaneous cultural patterns that children develop in global cities often through their own migration to the effects of gender specific dilemmas in global classrooms makes this book a compendium for more than understanding a world which challenges many traditional assumptions But reading it does more it makes us mindful of the difficulty and also of the necessary creativity involved in learning and teaching today I am grateful for its lessons and the readers will be too Doris Sommer Harvard University Globalization is transforming entire economies and cultures but schools and schooling have not kept pace Marcelo Suarez-Orozco has assembled a set of thoughtful and incisive essays by international experts that show how globalization makes it imperative to rethink and reform the education of children in every part of the planet Educating citizens in the advanced countries to understand global society and cultural differences increasing access to education in the developing world while teaching new skills finding ways to help immigrants adapt and succeed in their new surroundings all

these essential tasks are addressed in this important book John H Coatsworth Columbia University How should this generation of youth the largest ever in human history be educated How do we make sure all youth have access to quality education What cognitive skills interpersonal sensibilities and ethical norms should be nourished in youth to live and thrive in our global world Learning in the Global Era addresses these and other questions with both scholarly rigor and humane concern It brings together leading international scholars including anthropologists cognitive scientists economists education scholars linguists neuroscientists and psychologists with extensive research experience in Africa Asia the Americas and Europe to examine the education of youth for the 21st Century It is a work that breaks new ground by locating learning and youth engagement in the ever more complex economic social and cultural realities that define the world's global cities Mary Robinson former President of Ireland and High Commissioner for Human Rights Spheres of Global Justice

Jean-Christophe Merle, 2013-06-22 Spheres of Global Justice analyzes six of the most important and controversial spheres of global justice each concerning a specific global social good These spheres are democratic participation migrations cultural minorities economic justice social justice and intergenerational justice Together they constitute two constellations dealt with in this collection of essays by leading scholars in two different volumes Global Challenges to Liberal Democracy and Fair Distribution These essays illustrate each of the spheres delving into their differences commonalities collisions and interconnections Unlike many writings on global justice Spheres of Global Justice does not content itself with describing the painful and advantageous effects of the globalization process as being ipso facto a global injustice or a just global order Rather this multidisciplinary collection of essays from a pluralist inspiration combines empirical analysis with theoretical approaches and ethical principles paying close attention to two aspects of the effects of the globalization process These aspects are the causal relationships that lead to such effects and the kinds of obligations or of normative relationships between global rights and correlative duties that applies to each specific individual case This volume illustrates how diverse global obligations are and how they can be grounded in diverse relationships identity ability to provide help causal responsibility past injustices protection of agency and promotion of independence etc These essays also demonstrate that an ethical global approach has not only international or transnational but also domestic local and interpersonal dimensions

Fragile Majorities and Education Marie McAndrew, 2013 How groups growing into majority status respond to old conflicts and increasing ethnic diversity in their societies **L'amour de l'égalité** Jean-Fabien Spitz, 2000 Dans la seconde moitié du XVIIIe siècle Rousseau et ses disciples formulent un programme neo classique de libération individuelle qui montre que la fin de tous les systèmes de législation se réduit à deux objets étroitement associés la liberté et l'égalité Ils montrent en particulier que la liberté qui prend la forme de l'égalité de tous sous l'autorité de la loi n'est qu'une chimère si l'égalité relative des conditions que nul ne soit dépourvu de tout et que nul ne soit assez riche pour acheter autrui n'en est pas le fondement Ce livre est un essai pour retracer la genèse et le développement des arguments qui esquissent dans les années

1770 et accentuées sous l'impact de la révolution ont tenté de réfuter l'idée que l'égalité des droits ne pourrait subsister sans une certaine égalité de fait *Homélies sur la liberté, l'égalité, et la philosophie moderne* Adeodato Turchi, 1816 Six penseurs en quête de liberté, d'égalité et de communauté James Bickerton, Stephen Brooks, Alain Gagnon, 2003 **Justice sociale et éthique individuelle** Caroline Guibet Lafaye, 2006 **Injustice at Work** François Dubet, 2015-12-03 Though it is difficult to describe what a just world should be everyone is able to denounce injustice when he/she is a victim or a witness of it Based on a long term study of workers this new book tests and expands upon prevailing theories of justice by Rawls Nozick Taylor Walzer and other important philosophers Injustice at Work describes the way workers perceive social injustice It reveals why they so often feel unequal scorned dominated and alienated at work The book develops three principles of justice equality merit and autonomy showing how individuals combine them in singular moral and social experiences that constitute people's relation to society Dubet also shows in a liberal and globalized society why it has become more and more difficult to denounce the social causes of injustice and fight them La panique morale Ruwen Ogien, 2004-11-03 Une société démocratique et pluraliste a-t-elle sur les questions éthiques les plus fondamentales les débats qu'elle mérite Avons-nous vraiment des discussions ouvertes raisonnées et raisonnables sur le clonage les revendications des couples homosexuels qui souhaitent se marier et adopter des enfants la liberté de se prostituer ou de diffuser des œuvres dites obscènes ou pornographiques etc Dans ces domaines la tendance générale n'est malheureusement pas au débat lucide L'heure est plutôt aux condamnations incohérentes et aux prédictions infondées Crimes contre l'espace humaine déshumanisation de la sexualité Perte des repères et des valeurs Destruction des bases de la société Atteinte la dignité humaine Mise en péril de la jeunesse et ainsi de suite Et si toutes ces déclarations pompeuses ces prophéties catastrophistes n'étaient finalement que l'expression d'une panique morale assez générale qui atteint aussi les philosophes et les politiques incapables semble-t-il de penser l'éthique sans le secours des bannières de la religion de la métaphysique et des conceptions traditionnelles du Bien **La justice comme composante de la vie** Caroline Guibet-Lafaye, 2017-02-07T00:00:00-05:00 Vivrions-nous mieux s'il y avait davantage de justice dans la société laquelle nous appartenons L'objectif du présent ouvrage est d'apporter une réponse à cette interrogation d'inspiration platonicienne dont le sens comme en atteste la philosophie contemporaine demeure actuel en mettant en évidence les conditions auxquelles le point de vue d'autrui peut s'insérer dans la façon dont chaque agent conçoit son projet de vie et formule sa propre conception du bien C'est la mise en évidence des conditions d'intégration du juste dans le bien s'appuyant sur la philosophie classique comme sur la tradition libérale contemporaine que cet ouvrage se consacre en partant d'une analyse de l'égoïsme et des jugements pratiques formulés aussi bien en réponse à un intérêt instrumental qu'en référence des principes universels de justice Cette lucidation de la prise en compte du point de vue d'autrui par les agents se double d'une analyse des structures politiques répondant à cette même exigence La comparaison des rites respectifs d'interprétations de la justice en termes de réciprocité d'avantage mutuel d'impartialité et d'équité justifie qu'une priorité et un intérêt

particuliers soient accordés aux formes de la justice comme impartialité Il apparaîtra ainsi que le respect des circonstances de l'impartialité est décisif pour qui veut identifier les conditions d'implémentation de la justice sociale
