Erotic Mask:

Revealing Masks W. Anthony Sheppard, 2001-02-01 W. Anthony Sheppard considers a wide ranging constellation of important musical works in this fascinating exploration of ritualized performance in twentieth century music. *Revealing Masks* uncovers the range of political, didactic and aesthetic intents that inspired the creators of modernist music theater. Sheppard is especially interested in the use of the exotic in techniques of masking and stylization, identifying Japanese Noh, medieval Christian drama and ancient Greek theater as the most prominent exotic models for the creation of total theater. Drawing on an extraordinarily diverse and in some instances little known range of music theater pieces, Sheppard cites the work of Igor Stravinsky, Benjamin Britten, Arthur Honegger, Peter Maxwell Davies, Harry Partch and Leonard Bernstein as well as Andrew Lloyd Webber and Madonna. Artists in literature, theater and dance such as William Butler Yeats, Paul Claudel, Bertolt Brecht, Isadora Duncan, Ida Rubenstein and Edward Gordon Craig also play a significant role in this study. Sheppard poses challenging questions that will interest readers beyond those in the field of music scholarship. For example, what is the effect on the audience and the performers of depersonalizing ritual elements? Does borrowing from foreign cultures inevitably amount to a kind of predatory appropriation? *Revealing Masks* shows that compositional concerns and cultural themes manifested in music theater are central to the history of twentieth century Euro American music drama and dance. **The**

Happy Stripper Jacki Willson, 2007-11-06 If the burlesque stripper with her bawdy spirit and unruly insubordination has emerged for many as a new empowering model for the sexually aware woman, then she also strikes horror in the heart of second wave feminism. Embodied by high profile artistes such as Dita von Teese and Catherine D. Lish, the explosive revival of striptease, burlesque and overt female sexual performance has proved no less alluring to a new generation of women artists familiar with the provocative work of 70s performance artists such as Hannah Wilke and Carolee Schneeman. Eloquent on prettiness and power, desire and knowingness, money, sex and class, and with an extensive knowledge of burlesque's rich tradition, Willson raises long overdue questions about women's erotic expression within a postfeminist condition. The new burlesque demands, above all, a response; this fresh, brazen, provocative book at last provides it. **Lover Mine** J.R.

Health and Illness Sander L. Gilman, 2013-06-01 This timely study demonstrates how images of beauty and ugliness have constructed a visual history that records the artificial boundaries dividing healthy bodies from those that are ill Gilman tells an excellent tale *Jewish Chronicle*

The Masks of Keats Thomas McFarland, 2000 This book surveys the poetic endeavour of John Keats and urges that his true poetry is uniquely constituted by being uttered through three artificial masks

rather than through the natural voice of his quotidian self The first mask is formed by the attitudes and reality that ensue from a conscious commitment to the identity of poet as such The second called here the Mask of Camelot takes shape from Keats's acceptance and compelling use of the vogue for medieval imaginings that was sweeping across Europe in his time The third the Mask of Hellas eventuated from Keats's enthusiastic immersion in the rising tide of Romantic Hellenism Keats's great achievement the book argues can only be ascertained by means of a resuscitation of the defunct critical category of genius as that informs his use of the masks To validate this category the volume is concerned throughout with the necessity of discriminating the truly poetic from the meretricious in Keats's endeavour The Masks of Keats thus constitutes a criticism of and a rebuke to the deconstructive approach which must treat all texts as equal and must entirely forego the conception of quality

Early Modern Asceticism Patrick J. McGrath, 2020 Challenging contemporary perceptions of the ascetic in the early modern period this book explores asceticism as a vital site of religious conflict and literary creativity rather than merely a vestige of a medieval past
