in employing an ambivalent language of human equality and universalism while in actual fact consigning Africa to an inferior position. It has been difficult for western scholars to divorce themselves wholly from the perceptions thus established. However, there have been quite different approaches. This is indicated in the papers discussing the role and impact of influential European academics, scholars of religion, theologians, historians and social scientists during the colonial and postcolonial period. Other contributions examine specific institutional centers of African religious studies in Europe. The concluding chapters critically assess European approaches and their use for the study of religion in Africa from an African perspective.

Yesterday's Papers Martin Edwards, 2021-09-13 On Leap Year Day in 1964 an attractive teenager called Carole Jeffries was strangled in a Liverpool park. The killing caused a sensation. Carole came from a prominent political family and her pop musician boyfriend was a leading exponent of the Mersey Sound. When a neighbour confessed to the crime the case was closed. Now more than thirty years later Ernest Miller, an amateur criminologist, seeks to persuade lawyer Harry Devlin that the true culprit escaped scot free. Although he suspects Miller's motives, Harry has a thirst for justice and begins to delve into the past. But when another death occurs it becomes clear that someone wants old secrets to remain buried at any price.

The Abu Bakr Cemetery at Giza Edward Brovarski, Tohfa Handoussa, 2021-07-31 The present volume reflects the work of the joint expedition of Cairo University and Brown University to record and publish the tombs uncovered on behalf of Cairo University by Prof Abdel Moneim Abu Bakr from 1949 through 1953 but never published. The loss of field records and lack of a map of the site meant that new salvage excavation had to be undertaken. A total of six seasons from 2000-2006 resulted in the clearing, remapping and recording of the monuments in the cemetery. Abu Bakr Cemetery is of particular interest because the majority of mastaba tombs belong to relatively low ranking individuals. Thus they have the potential to shed light on the social status of Egypt's working classes.

The Reshaping of the National Labor Relations Board James A. Gross, 1982-06-30 In this volume covering the years 1937-1947 James A. Gross describes and analyzes the NLRB's vigorous and uncompromising enforcement of the Wagner Act and the intense political pressure to which the Board was subjected as a consequence. He identifies and examines the forces that succeeded in pressuring the NLRB out of its essential role in the making of U.S. labor policy. This is the story of the transformation of the NLRB from an expert administrative agency that played a major role in the making of labor policy into an insecure politically sensitive agency preoccupied with its own survival and reduced to deciding marginal issues. *Lucy Maud Montgomery* Mary Henley Rubio, 2011-02-18 Mary Henley Rubio has spent over two decades researching Montgomery's life and has put together a comprehensive and penetrating picture of this Canadian literary icon, all set in rich social context. Extensive interviews with people who knew Montgomery—her son, maids, friends, relatives—all now deceased—are only part of the material gathered in a journey to understand Montgomery that took Rubio to Poland and the highlands of Scotland. From Montgomery's apparently idyllic childhood in Prince Edward Island to her passion-filled adolescence and young adulthood to her legal fights as world-famous author to her shattering experiences with motherhood and as wife to a deeply troubled man, this fascinating intimate narrative of her life will engage and delight.
