Governance and Sustainability David Crowther, Shahla Seifi, 2020-08-19 This book explores the concepts of sustainability and governance in relation to the governance of corporations hence the ubiquity of the term corporate governance and other bodies It examines how these concepts are regularly used by politicians and by the media The two concepts are however largely treated as being separate and discrete and given equal coverage The argument in this book is that the two concepts are inter related and that good governance is a prerequisite for sustainability The focus of the book therefore is different from most as it seeks to integrate these two important issues The approach used in this book is based on the tradition of the Social Responsibility Research Network a worldwide body of scholars that over its 20 year history has sought to broaden the discourse and to treat all research as inter related and business relevant The book examines diverse aspects of the changes to corporate and institutional behaviour that have recently manifested by focusing on these two aspects of sustainable development Thus the authors explore engagement and partnership between organisations in order to consider the extent to which the focus has changed so much that we need to think about new approaches to our understanding of sustainability and differing effects in practice The international mix of authors makes this an original contribution sharing some of the best ideas from around the world

Communication Skills for Business Professionals 7 Phillip Cenere, Robert Gill, Celeste Lawson, Michael Lewis, 2015-06-29 With its emphasis on Australian contexts and examples this text is an excellent introduction to the world of professional communication **Management Communication** Thomas Klikauer, 2008-06-25 As managerial work regimes move continuously towards post industrialism forms of communication change with it and work relationships are increasingly becoming communicative relationships This book seeks to end communicative distortions by establishing a new model of communication that will set up practical and workable communication forums **Exploring**

Professional Communication Stephanie Schnurr, 2013 This book will provide a comprehensive overview of the field of professional communication from an applied linguistics perspective and introduce core concepts and approaches to this key field of academic enquiry Managing Internationalisation Patricia Adam, 2015-06-17 Managing Internationalisation explains the process of internationalising any kind of organisation from a management perspective Based on the renowned EFQM Excellence Model all issues with special relevance for international activities are explained and traced back to recent scientific research and good management practise The book is meant for practitioners and students alike For a better understanding extensive illustrations examples exercises and recommendations for case studies enrich the text Dieses Buch erkl rt den Prozess der Internationalisierung von Organisationen aus der Sicht des Managements Auf der Basis des EFQM Modells f r Business Excellence Qualit tsmanagement werden alle f r internationale Aktivit ten relevanten Themen erl utert Das Buch ist f r Praktiker und Studierende gleicherma en geeignet Mit praxisnahen bungen und Fallstudien **Exploring Entrepreneurship** Richard Blundel, Nigel Lockett, Catherine Wang, Suzanne Mawson, 2021-09-01 A detailed and critical analysis of the multiple types of entrepreneurship helping students to understand the practical skills and theoretical concepts needed to create their very own entrepreneurial venture Split into two parts the book provides an even balance between theory and practice Part 1 covers the practical activities involved in new entrepreneurial ventures and Part 2 uses the latest research to explore entrepreneurship from different perspectives The expanded third edition of Exploring Entrepreneurship includes Additional coverage of entrepreneurship and the United Nations Sustainable Development Goals SDGs corporate entrepreneurship variety and diversity in entrepreneurship and entrepreneurial approaches to the delivery of public services New and updated Case Studies that tackle cutting edge practical issues New and updated Researcher Profiles from leading international scholars Enhanced Recommended Reading sections in each chapter with concise introductions to the latest research findings Essential online resources for students including selected SAGE journal articles pre reading suggestions self assessment questions and revision tips plus a range of lecturer resources are available Suitable reading for students taking modules in Entrepreneurship or Small Business Management at upper undergraduate and postgraduate levels

Ethics in Small and Medium Sized Enterprises Laura Spence, Mollie Painter-Morland, 2010-10-01 This book is the first of its kind a global overview of extant research on ethics in small and medium sized enterprises While vast amounts of corporate money government policy and media time are directed at the social and ethical activities of large corporations small businesses don t generally attract the spotlight This is wildly inappropriate however since upward of 90% of private businesses are small or medium sized This book goes some way to helping us understand the social and ethical contribution of this majority organizational form The first section of the book is a global round up of research on ethics in small and medium sized enterprises from major regions of the world In the second section smaller scale research projects from a variety of countries present both empirical and theoretical advances in the area Anyone with an interest in ethics and small

and medium sized enterprises should find this an inspiring book which paves the way for future research **Crisis**

Concise Introduction to Organizational Development Cam Caldwell, Verl Anderson, Dima Jamali, 2025-07-15 This Concise Introduction provides an overview of organizational development addressing the contemporary problems facing organizations In a world where the body of knowledge doubles annually but business leaders rely on yesterday s assumptions this book demonstrates the importance of creating high performance and high trust cultures The book evaluates ethical leadership skills and different organizational cultures developing strategies for driving progression and pioneering change

Unlocking the Business Environment John Brinkman, Ilve Navarro, Donna Harper, 2014-02-25 The business environment is a fundamental subject in any Business Studies degree course This new student friendly book divides the subject into the internal and external environment and where relevant discusses the interface between the two It is written with the outward looking student in mind and as a result encourages readers to reflect on what they have read and to consolidate their learning through regular self testing exercises and discussion points The text contains highly relevant and household name case studies ensuring that it is a highly topical and engaging book Where organisational styles differ the authors put forward the pros and cons of different points of view ensuring that students have the information necessary to make up their own minds and develop management strategies of their own **Collaborative Wisdom** Greg

Park, 2016-05-23 Why do some corporate superstars collapse dramatically while others survive and prosper over many

decades is the fall primarily caused by technical factors such as poor products and pricing financial management or market choices by self aggrandisement or perhaps by poor leadership attributes and capabilities Greg Park argues that ultimately organisational survival and optimal performance over the long term is dependent upon collaborative wisdom Within the dominant coalition of a successful community or corporation there is an inherited pervasive commonly and collectively held dominant logic comprising leadership principles perspectives and priorities based upon universal values which are understood and accepted as satisfying the requirements and aspirations of each stakeholder This collaborative wisdom ensures cohesive and consistent behaviour across and within every function of a complex fast moving organization Its practical application is reflected in the daily operational decisions of leaders within the organisation be they divisional departmental heads or supervisors Without collaborative wisdom organisational collapse is the inevitable result primarily through the disintegration of belief confidence motivation cohesion advocacy and energy within and between key stakeholder groups Collaborative Wisdom examines the nature and criticality of wisdom as a leadership attribute how effective operational leadership is not just about knowledge and experience but more fundamentally about a cognitive mental process which considers and consistently applies fundamental values principles perspectives and priorities in an analytical and affective manner This ensures effective operational leadership and optimal organisational performance over the long term informed by experience instinct intuition but also by insight judgment and ultimately wisdom

Applied Organizational Communication Thomas E. Harris, 2002-04-01 Applied Organizational Communication provides a current in depth analysis of the theories and practices critical to understanding organizational communication concepts in a global environment Exploring the diverse communication challenges in today's organizations this text Explains the impact of critical environmental influences on all levels Provides extensive discussion of teams leadership technology listening and interpersonal communication Offers current analysis utilizing a broad base of information and research and Establishes links between organizational communication and perceptions theory networks and symbolic behavior Building on the successful foundation of the previous editions this third edition has been thoroughly updated and revised to reflect the most current organizational communication theory and research Features of this edition include Extensive real life examples and experiences Grounding in transactional communication and advanced systems approaches Macro and micro analyses of key topics and issues As an accessible and practical examination of organizational communication this text is intended for use in organizational communication leadership organizational development and organizational intervention courses at the advanced undergraduate and graduate level

Human Resource Management Michael L. Nieto, 2017-09-16 Written to meet the needs of busy undergraduate students this book covers all of the key HRM topics in an accessible and engaging style Ideal as a course companion pre course reading or for revision

International Scientific Conference Energy Management of Municipal Transportation Facilities and Transport EMMFT 2017 Vera Murgul, Zdenka

Popovic,2017-12-19 This book includes the proceedings of the 19th International Scientific Conference Energy Management of Municipal Transportation Facilities and Transport EMMFT 2017 which was held in Khabarovsk Russia on 10-13 April 2017. The book presents the research findings of scientists working at universities in the Far Eastern Siberian and Ural Federal Districts of Russia and of Serbia which are unique regions notable for sustainably operating complex transport infrastructures in severe climatic and geographic environments. It also offers practical insights into transportation operation under such conditions. The book discusses the experiences of colleagues from Slovenia, Ukraine and Latvia in the development of transport infrastructure and construction of transport facilities and features and includes the results of a wide range of studies such as managing multimodal transportation, improving the efficiency of locomotives, electric locomotives, traction substations, electrical substations, relay protection and automation devices and power factor correction units. It addresses topics like renewable energy sources, problems of the mathematical and simulation modelling of electromagnetic processes of electrical power objects and systems, aspects of cost reduction for fuel and power resources, theoretical aspects of energy management, development of transport infrastructure, modern organizational and technological solutions in construction, new approaches in the field of management analysis and monitoring in transport sector. Comprising 142 high quality articles covering a wide range of topics, these proceedings are of interest to anyone engaged in transport engineering, electric power systems, energy management, construction and operation of transport infrastructure, buildings and facilities.
