

A top-down view of a green, spiral-bound notebook lying flat on a dark blue surface. The words "EQUAL OPPORTUNITY" are written in a dark, hand-drawn, all-caps font across the center of the notebook's two pages. The text is slightly shadowed, giving it a three-dimensional appearance. Surrounding the notebook are several writing instruments: a red ballpoint pen with silver accents is positioned at the top right; a yellow ballpoint pen with a silver tip is at the bottom center, pointing towards the notebook; a light blue highlighter is on the left; a magenta highlighter is on the top right; and a purple highlighter is on the bottom right. The lighting is soft, creating subtle shadows and highlighting the textures of the paper and the instruments.

Education Policy and Equal Opportunity in Japan Akito Okada, 2011-12-01 In many societies today educational aims or goals are commonly characterized in terms of equality equal opportunity equal access or equal rights the underlying assumption being that equality in some form is an intelligible and sensible educational ideal Yet there are different views and

lively debates about what sort of equality should be pursued in particular the issue of equality of educational opportunity has served as justification for much of the postwar restructuring of educational systems around the world The author explores different interpretations of the concept of equality of educational opportunity in Japan especially as applied to post World War II educational policies By focusing on the positions taken by key actors such as the major political parties central administrative bodies teachers unions and scholars he describes how their concepts have developed over time and in what way they relate to the making of educational policy especially in light of Japan s falling birthrate and aging society *Equal Opportunity and Full Employment* United States. Congress. House. Committee on Education and Labor. Subcommittee on Equal Opportunities,1975 Handbook of Equality of Opportunity ,2024-07-12 This Handbook provides an authoritative exposition of equality of opportunity It presents the different concepts most commonly associated with equality of opportunity and discusses the many problems dominating the controversies on equality of opportunity at the theoretical policy or practical level The chapters give a concise exposition of the different conceptions and basic concepts of equal opportunities They clarify variables that are part of the algorithm of equal opportunities e g opportunity equality non discrimination fairness responsibility chance and choice excellence qualifications effort talent merit desert inequality and risk The idea of equality of opportunity has traditionally been associated with a set of largely unquestioned ideals and over the last 50 years it has been at the very centre of the major progressive social changes and firmly entrenched in political rhetoric Yet the idea of equality of opportunity is far from unquestionable or unproblematic as the only solid assumption different conceptions have in common is their rejection of fixed social relations but not hierarchy itself Disagreements over the fundamental principles criticism over the inefficiency of policies aiming to ensure equal opportunities and objections to their unfairness all pose questions that current conceptions answer in different ways This Handbook examines a wide variety of questions about issues of motivation procedures genealogy taxonomy and compensation Equal Value/Comparable Worth in the UK and the USA Elizabeth Meehan,Peggy Kahn,2016-07-27 Including contributions by both British and American researchers this book explores equal value developments in the two countries Through thematic chapters and case studies it examines legal developments trade union activity the operation of job evaluation and the race and class politics of equal value Both the possibilities and the limits of equal value reform are discussed Equality Matters Hilary Claire,Janet Maybin,Joan Swann,1993 Cinquiesme livre contenant xxviii chansons Lyons 1539 and Le parangon des chanson Sixiesme livre contenant xxv chansons nouvelles Lyons 1540 Equality, Diversity and Discrimination Kathy Daniels,Lynda Macdonald,2005 Designed for the students taking modules in Equality and Diversity including those taking the CIPD specialist elective Managing Diversity and Equal Opportunities module this text offers a mixture of a practical focus and an academic approach to create a balance of theory and practice *Women and Work* Liz Sperling,Mairead Owen,2020-08-26 This title was first published in 2000 The 1990s have been heralded as the age of women based on the facts that globally

more women are benefiting from formal education and are in paid employment in greater numbers than ever. As such, the possibility that an age of post feminism has been reached in which battles for women's basic rights have largely been won is implied. This book, based on research across academic disciplines, challenges such claims. Using women and work as the basis of analysis, the authors consider whether such things as flexible working, equal opportunities initiatives, and even contemporary conceptions of citizenship are universally beneficial to women. The book presents research ranging from issues of immigrant sex workers in Japan to the implementation of EU equality policies and raises the ironic question that as the global economy increasingly depends on women, could a growing but uneasy alliance be developing between capitalism and feminism?
