

Equal Rights for All Animals

✓ Exclusively available on IvyPanda

The issue of animal rights within the realm of ethical studies has been of great significance during the last several decades. The application of philosophical theories and principles to the issue of animals' rights is becoming increasingly important in the modern world, where the interests of all species are being considered as ethically relevant. The article by Richard Pérez-Peña "Elephants to Retire From Ringling Brothers Stage" was published in The New York Times and delivers the news story about the Ringling Brothers Circus freeing the elephants.

Such a momentous decision is a result of long-lasting disputes and now has triggered more discussions in the circles of animal rights organizations. The problem of the way different animals are treated in circuses might be applied with such concepts and theories as speciesism, anthropocentrism, anthropomorphism, and equal consideration of interests.

The dispute between the circus owners and animal rights activists has been going on for many decades. The core of their disagreement is in the way the animals are treated in the circuses for training purposes. The transparency, which is a common thing in the modern world driven by easy access to information, enables people to see how the animals are treated in circuses. On the one hand, animal rights activists state that cruelty and brutality are the critical elements in elephant training.

On the other hand, the circus owners and animal trainers argue that the use of sticks and other equipment is justified by the importance of discipline and human safety (Pérez-Peña). Besides the cruel treatment of animals, other species are exposed to physical control, stress from continuous traveling, and separation from their families when they are babies. All these issues are used by different animal protection organizations to fight for the rights of the species trapped in the entertainment business.

According to the theory of speciesism, different animals are treated unequally with privileges given to certain species. As the article by Pérez-Peña demonstrates, this theory has been an influential part of the conflict between the circus owners and animal rights protectors. Indeed, many countries have enacted special legal documents

Equal Rights For Animals

Leena Vilkka

Equal Rights For Animals:

Animal Rights/Human Rights David Nibert, 2002-05-28 This accessible and cutting edge work offers a new look at the history of western civilization one that brings into focus the interrelated suffering of oppressed humans and other animals Nibert argues persuasively that throughout history the exploitation of other animals has gone hand in hand with the oppression of women people of color and other oppressed groups He maintains that the oppression both of humans and of other species of animals is inextricably tangled within the structure of social arrangements Nibert asserts that human use and mistreatment of other animals are not natural and do little to further the human condition Nibert's analysis emphasizes the economic and elite driven character of prejudice discrimination and institutionalized repression of humans and other animals His examination of the economic entanglements of the oppression of human and other animals is supplemented with an analysis of ideological forces and the use of state power in this sociological expose of the grotesque uses of the oppressed past and present Nibert suggests that the liberation of devalued groups of humans is unlikely in a world that uses other animals as fodder for the continual growth and expansion of transnational corporations and conversely that animal liberation cannot take place when humans continue to be exploited and oppressed

Equal Rights for Animals Rosalind Kerven, 1992 Examines current thinking on the relationship between humans and animals covering such topics as hunting zoos factory farms and animal experimentation

Animals, Equality and Democracy S. O'Sullivan, 2015-12-11 Animals Equality and Democracy examines the structure of animal protection legislation and finds that it is deeply inequitable with a tendency to favour those animals the community is most likely to see and engage with Siobhan O Sullivan argues that these inequities violate fundamental principle of justice and transparency

We Ingolf U. Dalferth, 2024-08-27 We exist we exist as humans and as humans we can exist in a human or inhuman way We are not responsible for the fact that we exist or that we are human but we are responsible for how we live as humans Therefore we need to become clear about what it means to be human and to live in a human way today

Animals Property & The Law Gary Francione, 2012-06-20 Pain is pain irrespective of the race sex or species of the victim states William Kunstler in his foreword This moral concern for the suffering of animals and their legal status is the basis for Gary L Francione's profound book which asks Why has the law failed to protect animals from exploitation Francione argues that the current legal standard of animal welfare does not and cannot establish fights for animals As long as they are viewed as property animals will be subject to suffering for the social and economic benefit of human beings Exploring every facet of this heated issue Francione discusses the history of the treatment of animals anticruelty statutes vivisection the Federal Animal Welfare Act and specific cases such as the controversial injury of anaesthetized baboons at the University of Pennsylvania He thoroughly documents the paradoxical gap between our professed concern with humane treatment of animals and the overriding practice of abuse permitted by U S law

Kpim of Environment Fr. Pantaleon Foundation, 2024-10-08 Kpim of Environment is a superb book crafted from

assembled and peer reviewed articles focusing on the fundamental issues that build sustain or degrade the environment. There is no doubt the modern world is seriously faced with diverse challenges especially that of having a healthy environment. What is it that causes the environment to become a threat? The focus of this book is to interrogate what ought to be the core issues and expectations of making our environment our world a better and safer place in the contemporary time or in the era of global heating. Established scholars have explored the various aspects of the complex environment in development and highlighted what the underlying issues are through integral reflection, intersectionality theory and practice, resilience and sustainability in the changing world. By working out the issues in their fields of specialization and interest, the authors very insightfully offered instances and strategies to manage the environment in ways that will allow faith, reason and action in discerning policy and outcomes of environmental intelligence and care. The unique voices of the authors are not only revealing but also irresistible to be ignored on the question of reason, faith and environment. You will discover how philosophical, theological and applied scientific knowledge crisscrossed the weaving of the essays together to strike a meaningful outcome. The book is organized in three sections with running chapters for each article including a book review on cutting to die, resilience and general conclusion. By scrutinizing the meaning of environment for adaptation and growth through technology, reason and faith, this book offers a glimpse and in depth analysis of what the competing issues are and will keep readers and systematic policy work busy for many years ahead.

Governing Animals Kimberly K.

Smith, 2012-06-06. What is the role of government in protecting animal welfare? What principles should policy makers draw on as they try to balance animal welfare against human liberty? Much has been written in recent years on our moral duties towards animals but scholars and activists alike have neglected the important question of how far the state may go to enforce those duties. Kimberly K. Smith fills that gap by exploring how liberal political principles apply to animal welfare policy. Focusing on animal welfare in the United States, *Governing Animals* begins with an account of the historical relationship between animals and the development of the American liberal welfare state. It then turns to the central theoretical argument. Some animals, most prominently pets and livestock, may be considered members of the liberal social contract. That conclusion justifies limited state intervention to defend their welfare even when such intervention may harm human citizens. Taking the analysis further, the study examines whether citizens may enjoy property rights in animals, what those rights entail, how animals may be represented in our political and legal institutions and what strategies for reform are most compatible with liberal principles. The book takes up several policy issues along the way, from public funding of animal rescue operations to the ethics of livestock production, animal sacrifice and animal fighting. Beyond even these specific policy questions, this book asks what sort of liberalism is suitable for the challenges of the twenty first century. Smith argues that investigating the political morality of our treatment of animals gives us insight into how to design practices and institutions that protect the most vulnerable members of our society, thus making of our shared world a more fitting home for both humans and the

nonhumans to which we are so deeply connected The Intrinsic Value of Nature Leena Vilkkä, 2021-11-15 What is intrinsic value What is the origin of value Are people always superior to nature This book is a philosophical analysis of the human relationship to the non human world It is a pioneering study of the philosophy of nature conservation in relation to the discussion of intrinsic value Vilkkä develops a naturalistic or naturocentric theory of value that is based on ethical extensionism and pluralism Vilkkä analyzes natural values and environmental attitudes zoocentrism biocentrism and ecocentrism This book forms a taxonomy for nature having intrinsic value The theory of intrinsic value is based on naturocentric and naturogenic values The book questions the thesis of weak anthropocentrism that denies the existence of naturogenic values In Vilkkä's theory animals and nature are the origin of value She defends the existence of zoogenic and biogenic values in the non human world and discusses the possibility of ecogenic value nature as a whole having value independent of human or animal minds Vilkkä analyzes the goodness and rights of nature the problem of priorities and ecological humanism A naturocentric recommendation is that the well being of animals and nature should have priority over human values at least in some real decision contexts Ecological humanism recommends an attitude of respect for people animals and nature The book includes an extensive glossary index and bibliography **Protecting Animals Within and Across Borders** Charlotte E. Blattner, 2019 How can we protect animals more effectively both at home and abroad given the ongoing globalization of animal production This book provides a catalogue of options for extraterritorial jurisdiction which states can employ to strengthen their animal laws It offers top down perspectives drawn from general international law and trade law and complements them by a bottom up view from the perspective of animal law **A Plea for the Animals** Matthieu Ricard, 2016-10-04 Every cow just wants to be happy Every chicken just wants to be free Every bear dog or mouse experiences sorrow and feels pain as intensely as any of us humans do In a compelling appeal to reason and human kindness Matthieu Ricard here takes the arguments from his best sellers *Altruism* and *Happiness* to their logical conclusion that compassion toward all beings including our fellow animals is a moral obligation and the direction toward which any enlightened society must aspire He chronicles the appalling sufferings of the animals we eat wear and use for adornment or entertainment and submits every traditional justification for their exploitation to scientific evidence and moral scrutiny What arises is an unambiguous and powerful ethical imperative for treating all of the animals with whom we share this planet with respect and compassion *The Conservator*, 1906 *Symbolic Interaction* Larry T. Reynolds, Nancy J. Herman, 1994-01-01 This reader shows the rich history and wide contemporary application of symbolic interaction theory **Ethics, Humans and Other Animals** Rosalind Hursthouse, 2013-02-01 This introductory textbook is ideally suited to newcomers to philosophy and ethical problems Rosalind Hursthouse carefully introduces the three standard approaches in current ethical theory utilitarianism rights and virtue ethics She links each chapter to readings from key exponents such as Peter Singer and Mary Midgley and asks students to think critically about these readings for themselves Key features include clear activities

and activities chapter summaries and guides to further reading *Face to Face with Animals* Peter Atterton, Tamra Wright, 2019-04-16 This is the first volume of primary and secondary source material dedicated solely to the animal question in Levinas Drawing on previously unpublished material including the recent discovery and digitization of the original French recording of an interview with Levinas that took place in 1986 it seeks to give fresh impetus to the debate surrounding the moral status of animals in Levinas's work The book offers ten essays by leading scholars along with a general introduction that places Levinas's philosophy in the context of the growing field of animal ethics The aim of the volume is to encourage dialogue on how we can extend Levinas's ethics beyond its traditional human confines and to spur further research on the opportunities and challenges it raises *Animals, Ethics and Trade* Joyce D'Silva, Jacky Turner, 2012-05-16 Modern urban life cuts us off from direct connection with the animal world yet daily the lives of millions of animals are affected by what we consume and wear and what we trade in The use of animals for food labour and pleasure pursuits has long been justified with the assumption that unlike humans animals aren't fully sentient beings In recent years however science has revealed an astonishing array of complex animal behaviour and scientists and policy makers now accept that the animals we make use of are indeed conscious with preferences and intentions The implications for our culture of factory farming fast food and rainforest liquidation are staggering In this powerful book internationally renowned experts on animal behaviour and agriculture such as Jane Goodall Tim Lang and Vandana Shiva are brought together with ethicists religious scholars international industry and regulators for the first time to debate these critical issues and tackle the profound implications of animal sentience The first sections discuss scientific and ethical perspectives on the consciousness emotions and mental abilities of animals Later sections address how human activities such as science law religion farming food production trade development and education respect or ignore animals sentience and welfare and review the options for changes in our policies our practices and our thinking The result is nothing less than a stark and necessary look into the heart of humanity and the ethics that govern our animal powered society More Equal Than Others Raffael N. Fasel, 2024 This book offers a sustained analysis of the fundamental rights of humans and nonhuman animals It pioneers a new approach that focuses on species membership rather than individual capacities to challenge an orthodox view in scholarship on the rights of animals

Animal Rights, Human Wrongs Tom Regan, 2003 What gives an animal rights What makes product testing on animals wrong In *Animal Rights Human Wrongs* prominent activist and philosopher Tom Regan skillfully puts forth the argument for animal rights through the exploration of two questions central to moral theory What makes an act right What makes an act wrong Taking into consideration moral theories such as contractarianism utilitarianism and Kantian ethics Regan provides the theoretical framework that grounds a responsible pro animal rights perspective and ultimately explores how asking moral questions about other animals can lead to a better understanding of ourselves The necessity of making a transition from moral theory to moral practice becomes startlingly clear as Reagan examines the commonplace everyday choices that would

be affected by believing in a moral theory that affirms the rights of animals For the many people who have ever wondered what difference does it make if animals have rights *Animal Rights Humans Wrongs* provides a provocative and intriguing answer For a discussion of animal rights tailored to a more general audience see *Empty Cages Facing the Challenge of Animal Rights* Rowman Littlefield 2003 *Environmental Ethics* Andrew Kernohan, 2012-08-24 This book explains the basic concepts of environmental ethics and applies them to global environmental problems The author concisely introduces basic moral theories discusses how these theories can be extended to consider the non human world and examines how environmental ethics interacts with modern society s economic approach to the environment Online multiple choice questions encourage the reader s active learning *The Animal Ethics Reader* Susan J. Armstrong, Richard G. Botzler, 2016-11-18 The *Animal Ethics Reader* is an acclaimed anthology containing both classic and contemporary readings making it ideal for anyone coming to the subject for the first time It provides a thorough introduction to the central topics controversies and ethical dilemmas surrounding the treatment of animals covering a wide range of contemporary issues such as animal activism genetic engineering and environmental ethics The extracts are arranged thematically under the following clear headings Theories of Animal Ethics Nonhuman Animal Experiences Primates and Cetaceans Animals for Food Animal Experimentation Animals and Biotechnology Ethics and Wildlife Zoos and Aquariums Animal Companions Animal Law and Animal Activism Readings from leading experts in the field including Peter Singer Bernard E Rollin and Jane Goodall are featured as well as selections from Tom Regan Jane Goodall Donald Griffin Temple Grandin Ben A Minteer Christine Korsgaard and Mark Rowlands Classic extracts are well balanced with contemporary selections helping to present the latest developments in the field This revised and updated Third Edition includes 31 new readings on a range of subjects including animal rights captive chimpanzees industrial farm animal production genetic engineering keeping cetaceans in captivity animal cruelty and animal activism The Third Edition also is printed with a slightly larger page format and in an easier to read typeface Featuring contextualizing introductions by the editors study questions and further reading suggestions as the end of each chapter this will be essential reading for any student taking a course in the subject With a new foreword by Bernard E Rollin **Law Relating to Animals** Deborah Legge, 2000-10-17 This book looks at animal law in a wide context and considers policy issues moral and ethical debates political ideas and economic influences It concentrates on public forms of control as these make up the bulk of legal protection in this area but it also looks briefly at common law controls The book also examines European law and International law and it takes a comparative look at Australian law which has taken a different stance to the UK in relation to the protection of animals

The book delves into Equal Rights For Animals. Equal Rights For Animals is a vital topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Equal Rights For Animals, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Equal Rights For Animals
- Chapter 2: Essential Elements of Equal Rights For Animals
- Chapter 3: Equal Rights For Animals in Everyday Life
- Chapter 4: Equal Rights For Animals in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Equal Rights For Animals. This chapter will explore what Equal Rights For Animals is, why Equal Rights For Animals is vital, and how to effectively learn about Equal Rights For Animals.
3. In chapter 2, the author will delve into the foundational concepts of Equal Rights For Animals. The second chapter will elucidate the essential principles that need to be understood to grasp Equal Rights For Animals in its entirety.
4. In chapter 3, the author will examine the practical applications of Equal Rights For Animals in daily life. The third chapter will showcase real-world examples of how Equal Rights For Animals can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Equal Rights For Animals in specific contexts. The fourth chapter will explore how Equal Rights For Animals is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Equal Rights For Animals. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Equal Rights For Animals.

Equal Rights For Animals Introduction

In the digital age, access to information has become easier than ever before. The ability to download Equal Rights For Animals has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Equal Rights For Animals has opened up a world of possibilities. Downloading Equal Rights For Animals provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to

valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Equal Rights For Animals has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Equal Rights For Animals. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Equal Rights For Animals. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Equal Rights For Animals, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Equal Rights For Animals has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Equal Rights For Animals Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital

eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Equal Rights For Animals is one of the best book in our library for free trial. We provide copy of Equal Rights For Animals in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Equal Rights For Animals. Where to download Equal Rights For Animals online for free? Are you looking for Equal Rights For Animals PDF? This is definitely going to save you time and cash in something you should think about.
