The Erotic Word David M. Carr, 2005-02-24 Historically the Bible has been used to drive a wedge between the spirit and the body In this book David Carr argues that it can and should do just the opposite Sexuality and spirituality Carr contends are intricately interwoven when one is impoverished the other is warped

God's Wounds Jeff B Pool, 2011-07-28 God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering Volume II Evil and Divine Suffering is the second of a three volume study of Christian testimonies to divine suffering The larger study focuses its inquiry on the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely The goal is then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume proceeds on the basis of the presuppositions of the symbol those implicit attestations that permit the possibility of divine suffering that which constitutes divine vulnerability with respect to creation The author investigates two divine wounds or modes of divine suffering to which the larger family of testimonies normally attest 1 divine grief or suffering due to human sin or betrayal by the beloved human and 2 divine self sacrifice or suffering for the beloved human in its bondage to sin or misery so as to establish the possibility of redemption and reconciliation

Erotic Attunement Cristina L. H. Traina, 2011-06-15 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context This book probes the disquieting issue of how we can draw a clear line between natural affection towards children and perverse exploitation of them

The Philosophy of (erotic) Love Robert C. Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love

The Power of Erotic Celibacy Lisa Isherwood, 2006-04-10 This title considers various issues regarding celibacy and Christianity including the following how the female body is used to underpin exploitative social systems how Christianity has tried to control the bodies of women through regulations about the female body how women have used celibacy to subvert the social order how radical incarnationism and queer theory create new challenges to traditional understandings of celibacy how being erotic and celibate may manifest in social sexual and political ways It also explores how being erotically celibate challenges patriarchal society and opens up new theological understanding

Sex and Eroticism in Mesopotamian Literature Dr Gwendolyn Leick, 2013-01-11 Sex and Eroticism in Mesopotamian Literature is a new contribution to current debates about sex and eroticism It gives an insight into Mesopotamian attitudes to sexuality by examining the oldest preserved written evidence on

the subject the Sumero Akkadian cuneiform sources which were written between the 21st and the 5th centuries B C Using these long neglected and often astonishing data Gwendolyn Leick is able to analyse Mesopotamian views of prostitution love magic and deviant sexual behaviour as well as more general issues of sexuality and gender This fascinating book sheds light on the sexual culture of one of the earliest literate civilisations

God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume One Jeff B. Pool, 2009-01-01 This book constitutes the first volume of a three volume study of Christian testimonies to divine suffering God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering Divine Vulnerability and Creation This study first develops an approach to interpreting the contested claims about the suffering of God Thus the larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God Through this approach this volume of studies into the Christian symbol of divine suffering then investigates the two major presuppositions that the larger family of testimonies to divine suffering normally hold an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love When fully elaborated these presuppositions reveal the conditions of possibility for divine suffering and divine vulnerability with respect to creation

Erotic Defiance Courtney Bryant, 2023-11-07 The West fears desire It fears ecstasy It fears flesh It copes with its fears by deploying its intellectual political and religious instruments to regulate discipline and punish Western fear of the erotic has led to its regimes of racial and gender hierarchies institutions of repression and dehumanization of large portions of the human family In the face of anti erotic hegemony Black women have too often yielded to Western Christianity's anti erotic culture its misnaming of the erotic as evil and its denial of the erotic's relationship to the divine But they have also resisted They have also defied This book is rooted in that tradition of defiance Erotic Defiance considers the sacred and transformative power of the flesh through investigating the ethical and theological dimensions of the erotic experiences of Black women and performances of Black womanhood Drawing on womanist and feminist analyses Courtney Bryant approaches the erotic as a divine energy that manifests love in and through the flesh Such love takes many forms It extends beyond the sexual to include passion spirituality community and self love By positing love's manifestations as sacred work that cannot be accomplished without the divine Bryant presents the erotic as a collaboration between Spirit

and flesh This collaboration results in unique liberating properties that make possible the kind of healing resistance and self making necessary for Black women s self actualization in a world hell bent on their erasure and demonization

Sacramental Presence after Heidegger Conor Sweeney, 2015-01-19 Theology after Heidegger must take into account history and language as constitutive elements in the pursuit of meaning Quite often this prompts a hurried flight from metaphysics to an embrace of an absence at the center of Christian narrativity In this book Conor Sweeney explores the postmodern critique of presence in the context of sacramental theology engaging the thought of Louis Marie Chauvet and Lieven Boeve Chauvet is an influential postmodern theologian whose critique of the perceived onto theological constitution of presence in traditional sacramental theology has made big waves while Boeve is part of a more recent generation of theologians who even more wholeheartedly embrace postmodern consequences for theology Sweeney considers the extent to which postmodernism a la Heidegger upsets the hermeneutics of sacramentality asking whether this requires us to renounce the search for a presence that by definition transcends us Against both the fetishization of presence and absence Sweeney argues that metaphysics has a properly sacramental basis and that it is only through this reality that the dialectic of presence and absence can be transcended The case is made for the full but restless signification of the mother s smile as the paradigm for genuine sacramental presence

God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume Two Jeff B. Pool, 2010-01-01 This book constitutes the second volume of a three volume study of Christian testimonies to divine suffering *God s Wounds Hermeneutic of the Christian Symbol of Divine Suffering* vol 2 *Evil and Divine Suffering* The larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume of studies proceeds on the basis of the presuppositions of this symbol those implicit attestations that provide the conditions of possibility for divine suffering that which constitutes divine vulnerability with respect to creation as identified and examined in the first volume of this project an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the *imago Dei* as love The second volume then investigates the first two divine wounds or modes of divine suffering to which the larger family of testimonies to divine suffering normally attest 1 divine grief suffering because of betrayal by the beloved human or human sin and 2 divine self sacrifice suffering for the beloved human in its bondage to sin or misery to establish the possibility of redemption and reconciliation Each divine wound thus constitutes a response to a creaturely occasion The suffering in each divine wound also occurs in two stages a passive stage and an active stage In divine grief God suffers because of human sin betrayal of the divine lover by the beloved human divine sorrow as the passive stage of divine grief and

divine anguish as the active stage of divine grief In divine self sacrifice God suffers in response to the misery or bondage of the beloved human s infidelity divine travail focused on the divine incarnation in Jesus of Nazareth as the active stage of divine self sacrifice and divine agony focused on divine suffering in the crucifixion of Jesus of Nazareth as the passive stage of divine self sacrifice

Political Philosophy and the God of Abraham Thomas L. Pangle, 2007-07-25 In this book noted scholar Thomas L Pangle brings back a lost and crucial dimension of political theory the mutually illuminating encounter between skeptically rationalist political philosophy and faith based political theology guided ultimately by the authority of the Bible Focusing on the chapters of Genesis in which the foundation of the Bible is laid Pangle provides an interpretive reading illuminated by the questions and concerns of the Socratic tradition and its medieval heirs in the Christian Jewish and Islamic worlds He brings into contrast the rival interpretive framework set by the biblical criticism of the modern rationalists Hobbes and Spinoza along with their heirs from Locke to Hegel The full meaning of these diverse philosophic responses to the Bible is clarified through a dialogue with hermeneutic discussions by leading political theologians in the Judaic Muslim and Christian traditions from Josephus and Augustine to our day Profound and subtle in its argument this book will be of interest not only to students and scholars of politics philosophy and religion but also to thoughtful readers in every walk of life who seek to deepen their understanding of the perplexing relationship between religious faith and philosophic reason James V Schall

God and the Between William Desmond, 2008-04-15 An original work which rethinks the question of God in a constructive spirit drawing its conclusions by considering ideas received from both philosophy and religion Makes an important new contribution to the ongoing scholarly debates surrounding the intersection of philosophy and religion Suggests that this junction is not just dictated by religion having to prove its credentials to rational philosophy but that it is also a matter of philosophy wondering if religion is the ultimate partner in dialogue Includes discussion of a wide range of significant thinkers both traditional and contemporary such as Plotinus Spinoza Kant Hegel and Nietzsche and his successors Completes a trilogy of works by William Desmond complementing its companion volumes Being and the Between and Ethics and the Between

God's Mother, Eve's Advocate Tina Beattie, 2002-12-01 Tina Beattie has written a stunning book on the theology of woman Her stated objective is to discern the place of the female body in the Christian story of salvation and she has done so from the very heart of Christian stylisations of the female the figures of Mary and Eve Beattie has pursued her subject with the aid of French psychoanalytic feminism these writers are preoccupied as is Catholic theology with questions of language and symbolism But she deliberately puts herself at odds with neo orthodoxy and feminist liberal theology she believes that theologians like von Balthasar depart from the best Patristic tradition of Marian theology with disastrous effect Nor does she offer any solace to the Marina Warners of this world in a book which is strong in defence of classical Marian theology She defends with passion and theological insight not only the Virgin Birth the Immaculate Conception and the Assumption but also the perpetual virginity of Mary Virginal desire according to Beattie need not be seen

negatively but as an affirmation of the integrity of women's desire before God in a way not dependent on the phallus nor reducible to genitality

Erotic Faith Robert M. Polhemus, 1995-03 In this profoundly original and far reaching study Robert M. Polhemus shows how novels have helped to make erotic love a matter of faith in modern life. Erotic faith, Polhemus argues, is an emotional conviction ultimately religious in nature that meaning, value, hope, and even the possibility of transcendence can be found in love. Drawing on a wide range of disciplines, Polhemus shows the reciprocity of love as subject and the novel as form, and faith as motive in important works by Jane Austen, Walter Scott, the Brontës, Dickens, George Eliot, Trollope, Thomas Hardy, Joyce, D. H. Lawrence, Virginia Woolf, and Samuel Beckett. Throughout, Polhemus relates the novelists' representation of love to that of such artists as Botticelli, Vermeer, Claude Lorrain, Redon, and Klimt. Juxtaposing their paintings with nineteenth and twentieth century texts both reveals the ways in which novels develop and individualize common erotic and religious themes and illustrates how the novel has influenced our perception of all art

City of Desires - a Place for God? Reinder Ruud Ganzevoort, Rein Brouwer, Bonnie J. Miller-McLemore, 2013 Originating at the 2011 conference of the International Academy of Practical Theology in Amsterdam, this volume explores the practical theological significance of desire. Although desire is central to many issues in practical theology and related disciplines, it is only rarely discussed under its own name. Three introductory chapters locate desire in concrete practices in the city and discuss the phenomenology, theology, and ethics of desire. Subsequent sections are organized around embodying desire, culturing desire, and transforming desire. The chapters include various kinds of desire, such as sexuality, consumerism, and spirituality. Perspectives from different contexts and religious traditions are offered in this rich and thought-provoking book.

The Tyranny of the Banal David Deane, 2023-06-21 Catholic positions on contested moral issues are rejected by the majority in the secular West and are increasingly rejected by Catholics themselves. In this book, David Deane argues that there are two main reasons for this. First, the dominance of secular approaches deprives Catholic positions of their claim to coherence. Second, the Catholic positions Deane shows have lost contact with the theology on which they were originally based. In response, Deane undertakes a deconstruction of the dominant secular positions and seeks to restore Catholic positions to their theological roots. The result of this is a moral theology reconnected with the Trinitarian understanding of God and God's relationship with the world. Restored to its doctrinal foundations, the moral theology that Deane offers is more coherent, more beautiful, and more convincing than has been found in Catholic moral discourse for centuries

Religion, Metaphysics, and the Postmodern Christopher Ben Simpson, 2016-08-05 William Desmond's original and creative work in metaphysics is attracting more and more attention from philosophers of religion. Putting Desmond in conversation with John D. Caputo, an important philosopher of religion from the Continental tradition, Christopher Ben Simpson casts new light on Desmond's complex, multifaceted, and nuanced thought. The comparative approach allows Simpson to get at the core of recent debates in

the philosophy of religion He develops a rich understanding of how ethics and religion are informed by metaphysics and contrasts this approach to the decidedly anti metaphysical stance in Continental philosophy Religion Metaphysics and the Postmodern presents a systematic analysis of Desmond s thought as it advances work on Caputo s thinking and on the philosophy of religion
