useful space to extend their creative practices and the motion picture and recording industries increasingly saw cinematic rock stardom as a profitable means to connect multiple media properties. Indeed casting rock stars for film provided a tool for bridging new relationships across media industries and practices. From Elvis Presley to Madonna this book examines the casting of rock stars in films. In so doing *Rock Star Movie Star* offers a new perspective on the role of stardom within the convergence of media industries. While hardly the first popular music culture to see its stars making the transition to screen the timing of rock's emergence and its staying power within popular culture proved fortuitous for a motion picture business searching for its place in the face of continuous technological and cultural change. At the same time a post star system film industry provided a welcoming context for rock stars who have valued authenticity, creative autonomy and personal expression. This book uses illuminating archival resources to demonstrate how rock stars have often proven themselves to be prominent film workers exploring this terrain of platforms old and new. Ideal media laborers whose power lies in the fact that they are rarely recognized as such. Combining star studies with media industry studies this book proposes an integrated methodology for writing media history that combines the actions of individuals and the practices of industries. It demonstrates how stars have operated as both the gravitational center of media production as well as social actors who have taken on a decisive role in the purposes to which their images are used.

All the King's Horses Kimberly Gatto, Victoria Racimo, 2017-08-14. When Elvis Presley decided he wanted to buy a horse in 1966 he didn't want just any horse. He wanted a Golden Palomino. Priscilla Presley remembers. He would get up at 3:00 in the morning go to certain farms and ranches and say "Do you have a Golden Palomino for sale?" People would say "That was Elvis Presley." Elvis's legendary love of horses drove him to find the Golden Palomino who would become his beloved companion, Rising Sun, and to fill Graceland's stables and Circle G Ranch with horses for family and friends to ride. In the first ever book dedicated to Elvis's equestrian side, horse lovers Kimberly Gatto and Victoria Racimo share rare stories, interviews and photographs that shed light on the beautiful, quiet life the King lived when he was with his horses.
