A Routledge Literary Sourcebook on the Poems of John Keats John R. Strachan,2003 John Keats was one of the central figures of English Romanticism and is still one of England s most popular poets This sourcebook brings together texts and documents that provide a gateway towards an understanding of the man his life and his work **Poetics of Self and Form**

in Keats and Shelley Mark Sandy,2017-03-02 Beginning with a reassessment of contemporary romantic studies this book provides a modern critical comparison of Keats and Shelley The study offers detailed close readings of a variety of literary genres including the romance lyric elegy and literary fragment adopted by Keats and Shelley to explore their poetic treatment of self and form The poetic careers of Keats and Shelley embrace a tragic affirmation of those darker elements latent in the earlier writings to meditate on their own posthumous reception and reputation Fresh readings of Keats and Shelley show how they conceive of the self as fictional and anticipate Nietzsche s modern theories of subjectivity Nietzsche s conception of the subject as a site of conflicting fictions usefully measures this emergent sense of poetic self and form in Keats and Shelley This Nietzschean perspective enriches our appreciation of the considerable artistic achievement of these two significant second generation romantic poets **Keats, Hunt and the Aesthetics of Pleasure** Ayumi

Mizukoshi,2016-02-17 This book tackles the age old interpretative problem of pleasure in Keat s poetry by placing him in the context of the liberal leisured and luxurious culture of Hunt s circle Challenging the standard narrative which attribute Keat s astonishing poetic development to his separation from Hunt the author cogently argues that Keats profoundly imbued with Hunt s bourgeois ethic and aesthetic remained a poet of sensuous pleasure through to the end of his short career

Feminism and John Keats : A Study of his Poems and Letters Dr. Prithish Biswas ,2025-03-06 *A Study Guide for John Keats's "To Autumn"* Gale, Cengage Learning,2016 A Study Guide for John Keats s To Autumn excerpted from Gale s acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for

Students for all of your research needs **The Other Poetry of Keats** Gerald B. Kauvar, 1969 Psychologically and philosophically oriented this work concentrates on the minor poetry of Keats and how that poetry serves as an enlightenment to the artist's multifaceted mind and spirit *Keats: The Narrative Poems* John Spencer Hill, 1983-12-15 This is a Bloomsbury Academic title For our full Academic Catalogue please visit <https://www.bloomsbury.com/uk/academic> *Keats and Hellenism* Martin Aske, 2005-01-27 This book proposes a fresh and original interpretation of Keats' use of classical mythology in his verse Dr Aske argues that classical antiquity appears to Keats as a supreme fiction authoritative yet disconcerting and his poems represent hard endeavours to come to terms with the influence of that fiction The major poems most notably *Endymion* *Hyperion* the *Ode on a Grecian Urn* and *Lamia* form a stage as it were upon which is played out a psychic drama between the modern poet and his classical muse The study is especially bold in its assimilation of historical scholarship and literary theory to a close reading of the texts Individual poems are discussed in the context of late Enlightenment and Romantic attitudes towards antiquity and in the light of recent critical theory in particular the theory of literary history and influence formulated by Harold Bloom and Geoffrey Hartman Keats emerges as a significant example of the way in which a poet tries to establish a distinct identity under the burden of history and of literary tradition *Keats and Shelley* Kelvin Everest, 2021-12-16 *Keats and Shelley: Winds of Light* combines unrivalled textual knowledge biographical and contextual expertise and profoundly insightful close readings of the poetry in a selection of outstanding essays from a leading critic of English Romantic Poetry Some of the essays have been previously published and are established as classic studies which have strongly influenced scholarly interpretation of the poems they discuss including landmark readings of Shelley's *Prometheus Unbound* *Julian and Maddalo* and *Ozymandias* and Keats's *Isabella or the Pot of Basil* and his sonnet *On First Looking into Chapman's Homer* These are brought into relationship with new work on the two poets in a wide ranging set of meditations which centre on Shelley's great elegy for Keats *Adonais* An introductory chapter considers the strongly contrasting poetic styles and achievement of the two iconic young Romantics a contrast which has been obscured by their conventional close pairing in popular culture Five studies of Keats are followed by a pivotal account of Shelley's elaborately wrought poetic tribute to Keats's destined greatness which leads in to a balancing six studies of Shelley Both poets are situated illuminatingly in their literary personal and social historical milieu through a series of perspectives which combine lucid particularity with powerful generalization The essays move from detailed analysis of textual minutiae to deep reflection on fundamental themes in the work of Keats and Shelley including the ultimate themes of transience and permanence and of life death and immortality **Keats** Andrew Motion, 1999-04-15 Andrew Motion's dramatic narration of Keats's life is the first in a generation to take a fresh look at this great English Romantic poet Unlike previous biographers Motion pays close attention to the social and political worlds Keats inhabited Making incisive use of the poet's inimitable letters Motion presents a masterful account Motion has given us a new Keats one who is skinned alive a genius who wrote in a single month

all the poems we cherish a victim who was tormented by the best doctors of the age This portrait stripped of its layers of varnish and restored to glowing colours should last us for another generation Edmund White The Observer Review Keats's letters fairly leap off the page Motion listens for the freely associating inquiry and incomparable verve and dash the headlong charge of Keats's jazzlike improvisations which give us like no other writing in English the actual rush of a man thinking a mind hurtling forward unpredictably and sweeping us along Morris Dickstein New York Times Book Review Scrupulous and eloquent Gregory Feeley Philadelphia Inquirer *Keats: Odes* G.S. Historicism Damian Walford Davies, 2009-01-21 The return to history in Romantic Studies in the 1980s marked the beginning of a critical orthodoxy that continues to condition if not define our sense of the Romantic period twenty five years on Romantic New Historicism's revisionary engagements have played a central role in the realignment of the field and in the expansion of the Romantic canon In this major new collection of eleven essays critics reflect on New Historicism's inheritance its achievements and its limitations Integrating a self reflexive engagement with New Historicism's history and detailed attention to a range of Romantic lives and literary texts the collection offers a close up view of Romanticism's hybrid present and a dynamic vision of its future *Keats, Narrative and Audience* Andrew Bennett, 1994-03-24 Andrew Bennett's original study of Keats focuses on questions of narrative and audience as a means to offer new readings of the major poems It discusses ways in which reading is figured in Keats's poetry and suggests that such figures of reading have themselves determined certain modes of response to Keats's texts Together with important new readings of Keats's poetry the study presents a significant rethinking of the relationship between Romantic poetry and its audience Developing recent discussions in literary theory concerning narrative readers and reading the nature of the audience for poetry and the Romantic invention of posterity Bennett elaborates a sophisticated and historically specific reconceptualization of Romantic writing *The Boundaries of the Literary Archive* Lisa Stead, 2016-03-23 This volume offers new and challenging interdisciplinary approaches to the use and study of literary archives Interrogating literary and archival methodology and foregrounding new forms of textual scholarship the collection includes essays from both academics and archivists to address the full complexity of the study of modern literary archives The authors examine the increasing prominence of archives and their importance to the interdisciplinary study of textual history in the 21st century exploring both emerging and established areas of literary history The book is marked by its attention to four distinct core threads that allow the authors to traverse a range of historical periods and literary figures archival theory and textual production authorial legacies and digital cultures gender issues in the archive and the practical concerns of archival research and curatorship By offering an investigation of material from a range of historical periods within distinct methodological groupings the volume seeks to encourage interplay between scholars working in different fields around similar essential questions of methodology whilst presenting a rich account of

archives worldwide John Keats Kelvin Everest, 2002 This book presents an evaluative critical account of all of Keats's important poetry The arrangement is chronological and the development of Keats's style and thematic preoccupations is set in the context of the unfolding of his brief but intense personal life The ambition is to present the intelligent reader who is relatively new to the study of Keats with an informative guide which includes discussion of all of the principal events and contexts in which Keats is read today The book argues that Keats was a writer deeply concerned with history in the social and political sense but also in the senses of personal and literary development In contrast however with the main emphasis of much recent criticism the argument here is that Keats's engagement with history took the characteristic form of an effort to represent modes of experience outside history and indeed outside time itself 4 me de couverture Keats' Craftmanship Maurice Roy Ridley, 1962
