*Consumable Reading and Children's Literature* Ilgim Veryeri Alaca, 2022-07-15. Consumable Reading and Children's Literature explores how multisensory experiences enhance early childhood literacy practices through material and sensory interactions. Embodied engagements that focus on the gustatory experience and, in particular, the sense of taste are investigated by studying food-related narratives. Children's literature and different reading scenarios involving consumable objects, packages, tableware, and utensils are scrutinized. Surfaces, the underlying mechanisms that support children's literature, are considered in connection to emerging media and groundbreaking technologies.
