## Giants Reading Discovery:

**Reading the Bible with Giants** David Paul Parris,2015-03-04 Many readers of the Bible believe that interpreting the Scriptures well simply involves a two way dialogue between themselves and the text Implied in this view is the idea that we can simply jump over two thousand years of biblical interpretation However if we believe that God has been speaking through the Bible to devout believers throughout history it would seem that we should find a way to identify the insights they perceived in the text so that we can learn to read these sacred texts with them Drawing on resources from Reception Theory the goal of Reading the Bible with the Giants is to enable the contemporary reader to interpret the Bible in dialogue with those who have gone before us **The Giant and the Big Project: Early Reading Activities, Grade K** Linda

**The Royal Abbey of Reading** Ron Baxter, 2016 First full length survey of Reading Abbey one of the most important ecclesiastical buildings of the Middle Ages Reading Abbey was built by King Henry I to be a great architectural statement and his own mausoleum as well as a place of resort and a staging point for royal itineraries for progresses in the west and south west of England From the start it was envisaged as a monastic site with a high degree of independence from the church hierarchy it was granted enormous holdings of land and major religious relics to attract visitors and pilgrims and no expense was spared in providing a church comparable in size and splendour with anything else in England However in architectural terms the abbey has until recently remained enigmatic mainly because of the efficiency with which it was destroyed at the Reformation Only recently has it become possible to bring together the scattered evidence antiquarian drawings and historic records along with a new survey of the standing remains into a coherent picture This richly illustrated volume provides the first full account of the abbey from foundation to dissolution and offers a new virtual reconstruction of the church and its cloister it also shows how the abbey formed the backdrop to many key historical events Ron Baxter is the Research Director of the Corpus of Romanesque Sculpture in Britain and Ireland
