

Modern Poems about Identity

By Maya Anthony

Pixels and Self

In a world of pixels, where do I stand?
Crafting profiles, with a careful hand.
Yet behind the screens, filters, and glow,
Is there more to identity, waiting to show?

Avatars dance, statuses change,
Yet the heart's yearnings, remain the same.
Seeking connection, in a digital tide,
Where do reality and virtual collide?

In the vast web, where lines blur,
Find the essence, pure and sure.
Beyond the pixels, the true self does reside,
In both digital and real, side by side.

Identity Poetics

Identity Poetics:

Identity Poetics Linda Garber, 2001-10-17 Queer theory asserts Linda Garber alternately buries and vilifies lesbian feminism missing its valuable insights and ignoring its rich contributions Rejecting the either/or choice between lesbianism and queer theory she favors an inclusive approach that defies current factionalism In an eloquent challenge to the privileging of queer theory in the academy Garber calls for recognition of the historical and intellectually significant role of lesbian poets as theorists of lesbian identity and activism The connections Garber shows are most clearly seen when looking at the pivotal work of working class lesbians lesbians of color whose articulations of multiple simultaneous identity positions and activist politics both belong to lesbian feminism and presage queer theory *Identity Poetics* includes a critical overview of recent historical writing about the women's and lesbian feminist movements of the 1970s discussions of the works of Judy Grahn Pat Parker Audre Lorde Adrienne Rich and Gloria Anzaldúa and finally a chapter on the rise and hegemony of queer theory within lesbian/gay studies

Identity's Strategy Dana Anderson, 2007 This work is an investigation into the persuasive techniques inherent in presentations of identity Anderson constructs a rhetorical theory for understanding persuasive strategies involved in the expression of personal identity Drawing on Kenneth Burke's Dialectic of Constitutions Anderson analyzes conversion narratives to illustrate how the authors of these autobiographical texts describe dramatic changes in their identities as a means of influencing the beliefs and action of their readers The concept of Identity conveys the idea that people possess a certain capacity for self understanding and self definition Communicating this self interpretation is inherently rhetorical Expanding on Burkean concepts of human symbol use Anderson works to parse and critique such inevitable persuasive ends of identity constitution Anderson examines the strategic presentation of identity in four narratives of religious sexual political and mystical conversions Catholic social activist Dorothy Day's *The Long Loneliness* political commentator David Brock's *Blinded by the Right* Deirdre McCloskey's memoir of transgender transformation *Crossing* and the well known Native American text *Black Elk Speaks* Mapping the strategies in each Anderson points toward a broader understanding of how identity is made and how it is made persuasive

Garber,1995 **US Poetry in the Age of Empire, 1979-2012** P. Gwiazda,2014-11-26 Examining poetry by Robert Pinsky Adrienne Rich and Amiri Baraka among others this book shows that leading US poets since 1979 have performed the role of public intellectual through their poetic rhetoric Gwiazda s argument aims to revitalize the role of poetry and its social value within an era of global politics **Poetic Inquiry Atlas Vol. 1: A Survey of Rigorous Poetics** Adam Vincent,2024-10-08 This edited volume illustrates various definitions and uses of poetry in research and scholarship both across disciplines and across the world The collection offers a worldview of the capacity of poetic inquiry to enhance research and scholarship by showcasing rigorous poetics which re present epistemology and aesthetics as synergistic in action Each chapter is intended to highlight diverse perspectives and uses of poetic inquiry thereby highlighting commonalities and differences in praxis that include Critical discussion around poetry and its uses in each poet scholar s diverse practices e g research writing personal development healthcare mental health ecology and or scholarship An example of poetry that showcases their approach es in action Insights into the crafting of their poetry i e what choices were made why were specific choices made An exploration of how their poetic work links to the vast rhizomatic array of poetic inquiry This volume is well suited for new scholars looking for ways to integrate poetry into their praxis and experienced scholars who wish to further their understanding of the capaciousness of poetic inquiry as a valuable method methodology tool and or approach It also holds insights for those interested in the power of poetry as it relates to mental health health care ecology teaching qualitative research and identity work **The Poetic Genesis of Old Icelandic Literature** Mikael Males,2019-12-16 This book assesses the importance of poetry for the Old Icelandic literary flowering of c 1150 1350 It addresses the apparent paradox that an extremely conservative form of literature namely skaldic poetry was at the core of the most innovative literary and intellectual experiments in the period The book argues that this cannot simply be explained as a result of strong local traditions as in most previous scholarship Thus for instance the author demonstrates that the mix of prose and poetry found in kings sagas and sagas of Icelanders is roughly contemporary to the written sagas Similarly he argues that treatises on poetics and mythology including Snorri s Edda are new to the period not only in their textual form but also in their systematic mode of analysis The book contends that what is truly new in these texts is the method of the authors derived from Latin learning but applied to traditional forms and motifs as encapsulated in the skaldic tradition In this way Christian Latin learning allowed for its perceived opposite vernacular oral literature of pagan extraction to reach full fruition and to largely replace the very literature which had made this process possible in the first place Communication Images in Derek Walcott's Poetry Sadia Gill,2017-03 This book investigates the potential purpose of recurrent communication images in the poetry of Derek Walcott The recipient of the Nobel Prize for literature in 1992 Walcott is one of the most important postcolonial poets of the 20th century His poetry delves into the dynamics of Caribbean marginalization and seeks to safeguard the paradigms characteristic of his island home Several major studies have examined themes in his poetry but the images of communication

in his poetics have not been explored This book examines Walcott's poetry expressions that the poet brings into play in order to demonstrate the relevance of the Caribbean in the contemporary world firstly through a study of communication imagery and secondly through an examination of the conclusions he reaches through these means The quantitative chart demonstrates that Walcott is especially reliant upon images of communication from the 1980s Extensive textual analysis indicates that the place and contextual meaning of communication imagery for example page mirrors the historical plight of the Caribbean region likewise line expresses an identity deficit Finally this book validates that Walcott's extensive use of communication imagery in his poetry contributes to a fluid notion of self that embraces multiculturalism while maintaining the imaginary intact

Rhetoric and Nation Shai P. Ginsburg, 2014-06-26 Critics commonly hold that the modern Hebrew canon reveals a shared rhetoric that is crucial for the emergence and formation of modern Jewish nationalism Yet does the Hebrew canon indeed demonstrate a shared logic In *Rhetoric and Nation* Ginsburg challenges the common conflation of modern Hebrew rhetoric and modern Jewish nationalism Considering a wide range of literary critical and political works Ginsburg explores the way each text manifests its own singular logic that cannot be subsumed under any single ideology Through close readings of key canonical texts *Rhetoric and Nation* establishes that the Hebrew discourse of the nation should be conceived of not as a coherent and cohesive entity but rather as an assemblage of singular disparate moments
