West,2011-02-21 The reader of this book will be taken on a fascinating journey from the earliest days of the historic Robinson plantation of 150 years ago to its present day name of the West River Plantation Carved out of the wilderness of east Texas the estate rose to immense prosperity during the industrial revolution only to fall into inevitable decline and tragedy Reduced to a few acres and the home in disrepair in the late 1970s the estate would be sold to the West family The era of the once great plantation of 3500 acres was fast fading into history as well as the memory of the Robinson family But with the recent discovery of a multitude of artifacts by the West family and the building of a museum on the estate the dying plantation and the memory of the Robinsons is beginning to live once again The book delivers eye witness accounts of life changing events in the Robinson family and lists many of the artifacts found and follow up research done by the author From the days of General Sam Houston dancing in the foyer of the Victorian house to the sounds of many children laughing and playing to the designation of the plantation as a State Archeological Landmark the reader will be captivated by this account of early Texas history Rehabilitation in Spinal Cord Injuries Jacqueline E. Reznik,Joshua Simmons,2020-02-01 Specialised chapters about biomechanics paediatric spinal cord injury and high cervical injuries Insight into the lived experience of individuals with a spinal cord injury Documentation of the patient journey from injury to total rehabilitation Practical information on mobility devices and returning to driving Appendix of common assessments for spinal cord injuries Includes an eBook with purchase of the print book **Looking Up** Tim Rushby-Smith,2008-12-02 Tim Rushby Smith is six foot two and highly active with a love of high places and the great outdoors Three years ago with a booming garden design and landscaping business and his wife five months pregnant with their first child Tim fell six metres out of a tree and broke his back confining him to a wheelchair As he came to terms with his injury treatment and rehabilitation Tim faced an entirely new life in which suddenly many of life s simplest tasks became monumental challenges This is Tim s very human story of learning to live with disability from overwhelming feelings of anger and despair to learning how to face the future head on and watching his daughter take her first steps Emotional but never self pitying this is his unflinchingly honest account of how he built a new life as a man a husband and a father Facets of Life Lori Clark Weatherly,2011-03 We do not remember the days we remember the moments One moment can change your life forever One moment can leave you breathless it is that moment when you know it has happened a change I expected to be overjoyed to become a mommy again I expected flowers but not flowers with baby angels attached to them and a black wreath that would hang upon our business door to let all know that the arrival of our second son turned into something we didn t expect his death Lori Weatherly and her family have been through much devastation which includes their son passing

away the day before Lori's 31st birthday as well as insurmountable physical trauma and injuries. Learning to love again, live again, and find a new normal would prove to be an obstacle that with God's help she and her family are able to overcome on a daily basis. I am careful to know that with expectations a risk is always there that could lead to disappointment at any given moment. But that cannot keep me from expecting good things. God is a giver of good things. Without expectations, what do we have to hope for?

Wrapped Up with a Ranger Kait Nolan, 2022-06-03 Can a grumpy former Ranger find lasting happiness in a marriage of convenience with a sunny single mom? After losing his leg, former Army Ranger Holt Steele is building a new life and a new business with his friends. Sure, he never expected to put small town baker on his resume, but he finds he likes the quiet, simple life. If only he didn't like the sunny single mom who works across the street or her adorable kid quite so much. After escaping a controlling husband, event planner Cayla Black has one focus: growing her business and maintaining a safe, happy home for her daughter. She has no time or interest in a man. Not even one who charms her child with Disney songs and keeps turning up like a mind reader to help without being asked. But when her ex's conviction is overturned on a technicality and he shows up intending to reclaim his wife and child, Holt intervenes with an outrageous lie. The only way to fix it is to make his falsehood the truth. As they struggle to convince everyone that their marriage of protection is real, these two reluctant hearts fall deeper until the lines between the fiction and the dream begin to blur, and they have to risk it all to protect the family they didn't know they wanted.

*Challenged by Amputation* Carol S. Wallace, 1995

*Package Deal* Kait Nolan, 2025-03-21 A trio of heartwarming small town single parent romances including marriage of convenience, fake relationship, and second chance romance. **WRAPPED UP WITH A RANGER** When Cayla's ex gets out of prison, Holt intervenes with a huge lie. As they struggle to convince everyone that their marriage of protection is real, these two reluctant hearts fall deeper until the lines between fiction and truth begin to blur, and they must risk it all to protect the family they didn't know they wanted. **THOSE SWEET WORDS** Pru is ready to adopt the foster child her late mother left behind, but a last minute complication calls for a quick fix: a fake engagement. Enter Flynn, a charming Irish musician and her recent no strings fling. Convincing a skeptical social worker, a sharp-eyed teen, and her meddling family that Flynn is husband material won't be easy. But as their pretend romance starts to feel real, Pru and Flynn must decide: are they only faking it, or is this a love that will last? **JUST WANTED YOU TO KNOW** It's been more than a decade since Declan has thought about anything but being a dad, but when his extensive and meddling foster family wrangles him into a chance encounter with the first love he had to leave behind, he's wise enough not to waste it. Will this brief encounter be enough to convince Livia to give the undeniable connection between them a real second chance? Each book is from a completely different series. But don't worry: They can all be read as standalones.
