Crossruption Jacob William, 2017-09-22 Do you constantly ask Is there something more to life than this Do you Pray to your God Attend services to worship Read the scriptures Meet with fellow believers Believe in an after life Listen to teaching Give your money Express your faith But even with all the spiritual boxes checked is something still not right Is something still missing The answer to life's elusive questions is what Crossruption is all about A brief scan of this book might create the assumption that the author is a professor of religion or theologian But here is where the anomaly begins Jacob William is the President and Group CEO of an international Information Technology business Founded in 2002 the company now has over 9 000 clients and 2000 employees with a global footprint So with these credentials why write a book on spirituality Jacob experienced both sides of life from financial crisis to incredible success insignificance to influence the depths of self destruction to the heights of affluence Jacobs life represents achievement of the quintessential American dream But in the midst of all his accomplishments he experienced an inner emptiness that he calls the cosmic vacuum Jacob realized he was desperately trying to fill this void with the possessions and achievements of life There is a transformational journey awaiting us where we are transformed into a new creation to live in spiritual communion communication and companionship with God resulting in the lifestyle of Jesuslove in the midst of hate peace in the midst of war unity in the midst of divisive discrimination Living the supernatural life naturally Crossruption as he came to call his spiritual journey takes up where Jacobs success story leaves off an invitation to experience the ultimate disruption of life **The Star**, 1929 **Models of**

the Church Avery Dulles, 2002-05-14 There is today a dramatic reexamination of structure authority dogma indeed every aspect of the life of the Church is held up to scrutiny Welcoming this as a sign of vitality Avery Dulles has carefully studied the writings of contemporary Protestant and Catholic ecclesiologists and sifted out six major approaches or models through which the Church's character can be understood as Institution Mystical Communion Sacrament Herald Servant and in a recent addition to the book as Community of Disciples A balanced theology he concludes must incorporate the major affirmations of each The method of models or types observes Cardinal Dulles can have great value in helping people to get

beyond the limitations of their own particular outlook and to enter into fruitful conversation with others Such conversation is obviously essential if ecumenism is to get beyond its present impasses This new edition includes a new Appendix and Preface by the author

AMORC Unmasked Pierre S. The Heidelberg Catechism Rev. M. van Beek, 2025-03-26 The Heidelberg Catechism is a book of comfort for God's true children which is hated by the enemy and loved by the godly and that will always remain so Also in this catechism is expounded in a precious way how the Lord converts a person and that there is nothing included from man's side for there is only one God with whom we must be

reconciled there is only one Mediator by which we can be reconciled to God and in Whom the triune God is eternally glorified of Whom the poet says Through Him through Him alone Whose presence goes before us We ll wear the victors crown no more by foes assaulted We ll triumph through our King by Israel s God exalted The late Rev M van Beek was born in Bennekom NL on October 1 1921 and called by the Lord to the public ministry of the Word to proclaim that among us He was 41 years old when he entered into the ministry and died May 9 1983 at the age of 61 He was endowed with wisdom and authority as a shepherd and teacher Rev van Beek was also respected in secular circles May the remembrance of the just be blessed

Balthasar Hubmaier's Doctrine of Salvation in Dynamic and Relational Perspective ChangKyu

Kim,2013-08-12 This book aims to explore the meaning of salvation in Balthasar Hubmaier s theology Previous research has tended to explain and evaluate his theology by locating his identity among contemporary Anabaptists Moreover Hubmaier s theology has been variously labeled as Catholic Anabaptist Magisterial Anabaptist or as a bridge between the Radical and Magisterial branches of the Reformation These approaches to Hubmaier s theology essentially depend on a static and transactional perspective where the result comes from the cause Such an approach cannot fully explain the distinctive features of Hubmaier s theology because his theology had multiple rather than single influences To understand Hubmaier s theology we need to focus on his motive and purpose in writing rather than external influences This volume attempts to explore a new understanding of Hubmaier s theology reflecting a necessary change in our paradigmatic methodologies This fresh perspective helps us see that Hubmaier s theology was not static and transactional but dynamic and relational As Hubmaier s main purpose was to give readers a proper understanding of soteriology his writings were written from this perspective concentrating on salvation This volume aims to enable the reader to access this unique understanding of soteriology by examining his primary texts in three categories free will baptism and the Lord s Supper To understand Hubmaier s theology through a new methodology leads us to rethink the meaning of salvation

Models of the Kingdom

Snyder,2001-07-23 Christians often misunderstand one another when they refer to the kingdom of God They may ask Is it here on earth In our hearts In our churches Over the years best selling author Howard Snyder has been helping pastors and church leaders understand kingdom terminology Now he explains in eight models how the kingdom or reign of God has been and may be conceived Snyder explains with biblical texts and illustrations from church history If you are a pastor or church leader you will find guidance for building new kingdom communities in your congregation as well as ways to relate kingdom theology to global crises with the environment and our economy

Holy Trinity, Perfect Community

Leonardo Boff,2000 Why be concerned with the Trinity What does it mean to say I believe in the Father the Son and the Holy Spirit In this accessible work Leonardo Boff takes up the ancient doctrine of the Trinity showing its meaning and relevance for Christian faith today In a series of short chapters Boff unpacks the mysteries of the Trinity spelling out the difference it makes to believe that God is communion rather than solitude Instead of an image of God as solitary ruler standing aloof

above a static universe belief in the Trinity means that at the root of everything there is movement there is an eternal process of life of outward movement and love While comprehensive in his treatment of the theological and anthropological dimensions of the Trinity Boff is especially interested in the social implications In the Trinity we find a program of liberation to the infinite degree difference and distinction equality and perfect communion The Holy Trinity is among other things the image of the perfect community At the same time in the Trinity we find the best image of the church not a hierarchy of power but a community of diverse gifts and functions Thus comprehension of the Trinity in which God comes out to meet us in the full realization of our yearnings empowers our efforts for a better world and a more faithful church Book jacket Jacket
