

3. How can I use InQuizitive to learn more effectively?

Find the Question Confidence slider (to the right if you're on a computer, or at the bottom on a smartphone). Try sliding the ball to adjust your confidence level. You determine how many points you can gain or lose on each question by adjusting this slider.

Game-like elements aren't meant just to make InQuizitive more fun. Studies show that pausing to **reflect on your own learning** leads to greater success in a course because you gain more awareness of which concepts or topics you understand and which you may need to study more.

Match the number of points you can lose or earn to the confidence level.

Drag each item on the left to its matching item on the right.
