Inside China Today A Western View

Hung-jen Wang

Inside China Today A Western View:

China and the West Peter Nolan, 2018-10-10 Capitalist globalisation since the 1980s has produced immense benefits in terms of technical progress poverty reduction and welfare improvement However it has been accompanied by profound contradictions including ecological destruction global warming inequality concentration of business power and financial instability Regulation of global political economy in the interests of the majority of the world's population is essential if the human species is to avoid a Darwinian catastrophe This book explores China's rich history of regulating the market in the interests of the mass of the population For over two thousand years the Chinese bureaucracy has sought pragmatically to find a Way in which to integrate the invisible hand of market forces with the visible hand of ethically guided government regulation Instead of seeking confrontation with China citizens and politicians in the West need to deepen their understanding of the contribution that China can make to globally sustainable development in the decades and centuries ahead

Inside China Today Edmunds Grey Dimond, 2013 *Inside China Today* E. Grey Dimond, 1984 An examination of the culture society and political structure of modern China this account draws on the author's own first hand knowledge of China as well as on the analysis of a long time resident and China expert

The West and China Since 1500 J. Gregory, 2002-12-10 The West and China Since 1500 surveys Western relations with and attitudes towards China since sustained contact and desirable trading began with the great alternative culture in the sixteenth century The experiences of traders diplomats and missionaries are surveyed and illustrated by frequent quotations from contemporary sources In addition the book explores the flow of cultural influences in both directions and changes in Western opinion about China from admired model to disdained land of the eternal standstill to feared resurgent power Finally the author examines current issues in dispute such as Taiwan and human rights

Western Perspectives On The People's Republic Of China: Politics, Economy And Society Colin Mackerras, 2015-03-05 How have Westerners seen the People's Republic of China over the years The question raises many important issues which this book aims to present analyze and explain The basic conclusion is that Western perspectives are somewhat more complex than simply viewing China's realities Involved also are politics and power relations trends in journalism and scholarship as well as individual and group personalities and psychologies Based on extensive personal experiences in China dating back to 1964 and wide ranging travel in Tibet and ethnic regions since the 1980s the author attempts to distinguish trends in different Western countries However most of the material will concern the United States which has been the dominant contributor to Western perspectives during the whole period of concern to this book The perspectives are taken up by topic including politics economy society and ethnic minorities Inherent in each topic is the way cultures see and react towards each other Images and perspectives can affect policy and have done so many times in the past which adds to the importance of this book It also takes up questions of the sources of Western perspectives both in terms of direct sources such as newspapers television or the internet and deeper

ones such as social values and temperament Discovering History in China Paul A. Cohen,2010 Originally published New York Columbia University Press 1984 *The National Games and National Identity in China* Liu Li,Fan Hong,2017-07-14
Cover Title Copyright Contents List of figures List of tables List of abbreviations Preface Acknowledgements 1 Modern Chinese nation nationalism national identity and sport 2 The origin and development of the National Games in the late Qing Dynasty and the Republic of China 1910 1948 3 Governance of sport and the National Games in the PRC 1949 1979 4 The National Games and China s Olympic Strategy in the post 1980s 5 The National Games and national identity in China Appendices Index *The Transatlantic Community and China in the Age of Disruption* Daniel S. Hamilton,Joe Renouard,2024-04-01 This volume analyzes what China s rise means for the transatlantic community in a new age of disruption an age marked by great power rivalry technological upheavals and the diffusion of power The book explores how today s conditions including heightened Western concerns about Chinese influence operations Chinese efforts to manipulate critical economic interconnections and dependencies rapid technological advances the Russia China entente and growing linkages between North Atlantic and Indo Pacific security have forced Western actors to adopt a more differentiated approach In this great power competition they must decide how and where to work with China as an important partner how to address China s competitive challenges and how to address China s efforts to forge a set of norms and institutions to challenge the open rules based international system The book will be of key interest to students and scholars of Transatlantic Relations International Relations Global Governance European Politics Asian Security US and EU Foreign Policy and Sino Western relations It will also be of interest to think tank researchers and policy practitioners **Friend of China - The Myth of Rewi Alley** Anne-Marie Brady,2003-08-27 This study is a radical and controversial analysis of the life and works of Rewi Alley utilizing both Chinese materials and previously unpublished materials from western sources Rather than a biography as such it is a revisionist history re examining what we know and understand about one of the most famous or indeed infamous foreigners in modern China Rewi Alley who arrived in China in 1927 from New Zealand and lived there for the rest of his life Alley was regarded as a great humanitarian and internationalist Later he became an outspoken foreign friend of the Chinese regime and prolific propagandist on the new China This book examines the myth and reality of his life using them to explore the role of foreigners in China s diplomatic relations and their sensitive place in China after 1949 laying bare the important role of China s foreign friends in Chinese foreign policy **China's Peasant Agriculture and Rural Society** Jan Douwe van der Ploeg,Jingzhong Ye,2016-05-20 China s agriculture and rural society has undergone rapid changes in recent years Many poorer farmers and younger people have moved to cities and yet China has an immense challenge to feed a growing and more affluent population This book provides a bottom up view of China s agriculture showing how the many millions of Chinese peasants make a living It presents a vivid description of the mechanisms used by rural households to defend and sustain their livelihoods increase their agricultural production and improve the quality of

their lives The authors examine the newly emerging trajectories of entrepreneurial and capitalist farming and assess whether such alternatives will be able to meet the enormous social economic and environmental challenges that China faces The book also explores the paradigm that has underpinned the organisation and development of China s agriculture from ancient times to the present day This shows the importance of balancing in the Chinese model as compared to the one sided imposition of continual modernization in the western model It is argued that such balancing is at the core of the current Sannong policy referring to the three ruralities of food sovereignty wellbeing for peasant households and an attractive countryside **T.F.**

Wade in China Cooley,2023-07-31 China and the West Fokke Obbema,2015-08-25 China sees its relations with the West as absolutely crucial to its future This wider relationship between the new world and the old is changing the global political and economic landscape But can Europe and China overcome their cultural and political differences to develop a relationship of trust Here experienced journalist Fokke Obbema travels through Europe and China and speaks with dozens of entrepreneurs students experts and politicians He shows how mutual relations are affected by a feeling of superiority on both sides and sheds light on the thousands of interactions between people in finance politics economics and education Above all he shows how a fear of China has permeated the discourse and that we should instead take a balanced view of the future of China relations even be excited by the change which is coming Apart from anything else the west could be on the brink of another financial disaster What if the Chinese Don t Come **The Rise of China and Chinese International Relations**

Scholarship Hung-jen Wang,2013-08-23 This book looks at the relationship between Chinese international relations IR scholarship and China s rise as a world power Specifically it addresses how China s rising international status since the early 1990s has shaped the country s IR studies and the different ways that Chinese IR scholars are interpreting that rise The author argues that the development of IR studies in China has been influenced by China s past historical experiences its recent change in status in world politics and indigenous scholarly interpretations of both factors Instead of treating Chinese IR scholars as value free social scientists the author shows how Chinese scholars as purposive strategic and emotional actors tend to manipulate existing mostly Western IR theories to support their policy propositions and identity statements This book represents one of few efforts to determine how local Chinese scholars are constructing IR knowledge how they are dealing with intersections between indigenous Chinese and imported IR theory and concepts and how Chinese scholars are analyzing their China in terms of its current rise to power *War and Nationalism in China, 1925-1945* Hans J. Van de Ven,2003

Offers a new interpretation of the Chinese nationalists placing their war of resistance against Japan in the context of their efforts to establish control over their own country and providing a critical reassessment of regional Allied Warfare **The Uniqueness of China's Development Model** Kwok-wah Yip,2012 The book discusses the development model of China which has now overtaken Japan as the world s second largest economy This remarkable economic achievement has not followed the Western world s favorite developmental tools OCo of freedom democracy and a market driven economy but

rather China's unique model of one party authoritarian rule with a mixed economy. The Middle Kingdom's way of development has largely questioned the West's core values of freedom and democracy. The book argues that the model is based on the country's 3 000 year old civilization forged by the efforts, innovations, trial and error process of several recent generations and guided by the Chinese Communist Party in the past 60 years.

The Cambridge History of China Roderick MacFarquhar, John King Fairbank, 1987

Human origin sites and the World Heritage Convention in Asia Sanz, Nuria, 2014-10-27

Cyber-nationalism in China Ying Jiang, 2012. The prevailing consumerism in Chinese cyberspace is a growing element of Chinese culture and an important aspect of this book. Chinese bloggers who have strongly embraced consumerism and tend to be apathetic about politics have nonetheless demonstrated political passion over issues such as the Western media's negative coverage of China. In this book Jiang focuses upon this passion, Chinese bloggers' angry reactions to the Western media's coverage of censorship issues in current China in order to examine China's current potential for political reform. A central focus of this book then is the specific issue of censorship and how to interpret the Chinese characteristics of it as a mechanism currently used to maintain state control. While *Cyber Nationalism in China* examines fundamental questions surrounding the political implications of the Internet in China, it avoids simply predicting that the Internet does or does not lead to democratization. Applying a theoretical approach based on the Foucauldian notion of governmentality, the book builds on current scholarship that has attempted to move beyond examining the dynamics of the socio-cultural and political use of new media technologies. Instead, this book's more intricate theoretical approach does not only accommodate the kind of liberal, apolitical or political use observed on the Internet in China but indicates that desires for political change such as they are, are implicitly embedded in the relationship between China's online communities and state apparatus, noting however that the latter claims total governance over the Internet in the name of the people.

Religion and Ecological Sustainability in China James Miller, Dan Smyer Yu, Peter van der Veer, 2014-04-29. This book sheds light on the social imagination of nature and environment in contemporary China. It demonstrates how the urgent debate on how to create an ecologically sustainable future for the world's most populous country is shaped by its complex engagement with religious traditions, competing visions of modernity and globalization, and by engagement with minority nationalities who live in areas of outstanding natural beauty on China's physical and social margins. The book develops a comprehensive understanding of contemporary China that goes beyond the tradition/modernity dichotomy and illuminates the diversity of narratives and worldviews that inform contemporary Chinese understandings of and engagements with nature and environment.

China Looks at the West Christopher A. Ford, 2015-07-28. Chinese leaders have long been fascinated by the US but have often chosen to demonise America for perceived cultural and military imperialism. Especially under Communist rule, Chinese leaders have crafted and re-crafted portrayals of the US according to the needs of their own agenda and the regime's self image. Christopher A. Ford investigates what these depictions reveal about internal Chinese politics and Beijing's ambitions in

the world today

The Top Books of the Year Inside China Today A Western View The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. Inside China Today A Western View : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Inside China Today A Western View : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Inside China Today A Western View : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papan, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
