Carol Minnick Santa,Bernard L. Hayes,1981 Designed to provide an exchange of ideas about children s reading
comprehension this book has gathered insights and perspectives from both educators and psychologists concerning the
comprehension process The first section of the book consists of three chapters devoted to literature reviews each dealing
with an aspect of comprehension Specific areas covered in the reviews are basic research on the development of prose
comprehension experimental manipulations designed to promote comprehension and successful instructional materials and
practices used for teaching children to comprehend The second section of the book contains three discussant chapters that
provide critical commentary on the literature reviews The book concludes with a summary chapter and a comprehensive
